Bibliography of Periodical Literature on the Near and Middle East
,1961 **Turkey and the European Union** Ali Carkoglu,Barry Rubin,2004-11-23 These papers examine the history behind Turkey s application for EU membership The contributors tackle the thorny issues of Cyprus Turkey s attitude towards a common defence policy and Turkish parliamentarians views on the nation s relations with the European Union **Cyprus Before 1974** Marilena Varnava,2019-12-12 Focusing on the period from September 1964 when Senor Galo Lasso Plaza assumed the UN mediatory role to the coup d etat and the Turkish invasion ten years later Cyprus Before 1974 seeks to unpick the internal conflicts which led to the failure of the peace process in Cyprus Marilena Varnava studies three phases Plaza s mediation of 1964 1965 the negotiating impasse on the island during the period 1965 1967 and finally the inter communal talks of 1968 1974 Varnava argues persuasively that each of these successive phases particularly the latter two were inextricably tied to political and social developments within the two main communities on the island itself In particular Cyprus before 1974 focuses on the events of 1968 when the Greek Cypriot political leadership and the President of the Republic of Cyprus Archbishop Makarios III failed to grasp the nature of the changes within the island s post independence arena Recurrent attempts within both communities during the talks of that year to create faits accomplis favourable to their own bargaining positions served to heighten the barriers to a stable and peaceful outcome This study enlarges our understanding of the underlying issues which the Turkish invasion of 1974 were to throw into stark relief and is essential reading for all those who study the Cyprus problem and conflict resolution **The Economies of the Middle East** Rodney Wilson,1979-05-10 Turkey and the EU Harun Arikan,2017-03-02 The relationship between Turkey and the European Union is an important issue in European integration With the EU beginning accession talks with Turkey this is a vital moment for the future as the EU deals with a central question that has been on the agenda for over forty years Turkey s membership Since the first edition EU Turkey relations have clearly taken different directions There have been considerable developments in Greek Turkish relations the Cyprus issue the domestic politics of Turkey including human rights and the protection of minorities and the changing security environment post 9 11 Furthermore recent enlargement has been an important turning point for the EU This extended and revised edition addresses these major developments and assesses the implications of Turkish membership for the current EU structures The book is a timely addition to the existing literature for students and academics of European and Middle Eastern Studies University of California Union Catalog of Monographs Cataloged by the Nine Campuses from 1963 Through 1967: Authors & titles University of California (System). Offshore Financial Centers, Accounting Services and the Global Economy Don E. Garner,David L. McKee,Yosra AbuAmara
McKee,2000-07-30 The new global climate of free enterprise has brought with it a proliferation of offshore financial centers that presumably have important roles to play in the emergent global economy The air of secrecy that appears to pervade the activities of offshore financial centers may well slant or obscure any real understanding of the functions of such centers The authors investigate the role of major international accounting firms and their services in the processes of business facilitation in the locations that host these centers By focusing the investigation upon the role of the accounting firms in offshore financial centers the authors gain a better grasp of the real or potential impacts of the firms in the global economy and in the jurisdictions that host them Not only do the authors provide a detailed assessment of what the major accounting firms are actually doing in the centers but they point out what attributes are needed by jurisdictions hoping to succeed as offshore financial centers The centers included are Antigua Barbuda the Bahamas Barbados Bermuda the Cayman Islands the Channel Islands the Isle of Man Gibraltar Malta Cyprus Bahrain the United Arab Emirates Mauritius the Seychelles Singapore and Vanuatu The authors describe the legal and institutional environments facing business operations in general and the accounting firms in particular in offshore financial centers By studying these operations it should show what they are doing in terms of facilitating the international activities that flow through such centers It should also add to the understanding of the potential that offshore activities have as vehicles for development in small emerging economies This study should be of interest to a wide range of business disciplines as well as governmental agencies in advanced and emerging nations international agencies such as regional development banks and accountants and the international financial community

Political Islam and the Secular State in Turkey Evangelia Axiarlis,2014-06-20 How safe is Turkey s liberal democracy The rise to power in 2002 of the right leaning Islamic Justice and Development Party ignited fears in the West that Turkey could no longer be relied upon to provide a buffer against the growth of Islamic fundamentalism in the Middle East Once hailed by the West as a model of secularism and moderation in the Muslim world Turkey is now seen to be under the influence of the creeping Islamisation of the JDP or AKP as it is known in Turkey Yet to what extent has this affected the lives of Turkish citizens Evangelia Axiarlis here explores the contribution of the JDP to civil liberties and basic freedoms long suppressed by secular and statist Kemalist ideology and how this has remained unexamined despite more than a decade in government In this the first detailed study of the policies and ideology of Prime Minister Recep Tayyip Erdo an s government the author examines the extent to which the JDP has worked to improve civil life in Turkey and critically addresses whether a
