Ecstasys Masquerade:

Empire of Ecstasy Karl Toepfer, 2023-12-22 Empire of Ecstasy offers a novel interpretation of the explosion of German body culture between the two wars nudism and nude dancing gymnastics and dance training dance photography and criticism and diverse genres of performance from solo dancing to mass movement choirs Karl Toepfer presents this dynamic subject as a vital and historically unique construction of modern identity The modern body radiating freedom and power appeared to Weimar artists and intelligentsia to be the source of a transgressive energy as well as the sign and manifestation of powerful mysterious inner conditions Toepfer shows how this view of the modern body sought to extend the aesthetic experience beyond the boundaries imposed by rationalized life and to transcend these limits in search of ecstasy With the help of much unpublished or long forgotten archival material including many little known photographs he investigates the process of constructing an empire of appropriative impulses toward ecstasy Toepfer presents the work of such well known figures as Rudolf Laban Mary Wigman and Oskar Schlemmer along with less known but equally fascinating body culture practitioners His book is certain to become required reading for historians of dance body culture and modernism Empire of Ecstasy offers a novel interpretation of the explosion of German body culture between the two wars nudism and nude dancing gymnastics and dance training dance photography and criticism and diverse genres of performance from solo dancing

Ecstasies Carlo Ginzburg, 2021-03-01 Weaving early accounts of witchcraft trial records ecclesiastical tracts folklore and popular iconography into new and startling patterns Carlo Ginzburg presents in Ecstasies compelling evidence of a hidden shamanistic culture that flourished across Europe and in England for thousands of years *Masquerade and Identities* Efrat Tseëlon, 2003-08-29 Masquerade both literal and metaphorical is now a central concept on many disciplines This timely volume explores and revisits the role of disguise in constructing expressing and representing marginalised identities and in undermining easy distinctions between true identity and artifice The book is interdisciplinary in approach spanning a diverse range of cultures and narrative voices It provides provocative and nuanced ways of thinking about masquerade as a tool for construction and a tool for critique The essays interrogate such themes as mask and carnival fetish fashion stigma of illegitimacy femininity as masquerade lesbian masks cross dressing in Jewish folk theatre the mask in seventeenth and eighteenth century London and nineteenth century France the voice as mask *Masquerades* Shane Leslie, 1924 *I am in Ecstasy all the way* Daniel A. Freedman, 2021-10-23 Our book is about him Russian by origin Cosmopolitan by conviction Innovator of genius The Bandmaster of the World Alexander Scriabin One of the most mysterious personalities in 20th century art history A century ago As well as now A century later These one hundred years Separates us only in time a physical movement of an hour hand But it brings us together to the utmost in spirit The spirit of innovation Far from losing its urgency **Sensible Ecstasy** Amy Hollywood, 2010-01-15 Sensible Ecstasy investigates the attraction to excessive forms of mysticism among twentieth century French intellectuals and demonstrates the work that the figure of the mystic does for

these thinkers With special attention to Georges Bataille Simone de Beauvoir Jacques Lacan and Luce Irigaray Amy Hollywood asks why resolutely secular even anti Christian intellectuals are drawn to affective bodily and widely denigrated forms of mysticism What is particular to these thinkers Hollywood reveals is their attention to forms of mysticism associated with women They regard mystics such as Angela of Foligno Hadewijch and Teresa of Avila not as emotionally excessive or escapist but as unique in their ability to think outside of the restrictive oppositions that continue to afflict our understanding of subjectivity the body and sexual difference Mystics such as these like their twentieth century descendants bridge the gaps between action and contemplation emotion and reason and body and soul offering new ways of thinking about language and the limits of representation

The Logic of Ecstasy Ann Davis, 1992-01-01 None of these painters was motivated solely by mystical concerns each of them also painted works which were of a secular or non spiritual nature None the less they were all deeply interested in and concerned about matters mystical Through a careful examination of the primary documentation Ann Davis looks at the sources of their beliefs in Christianity transcendentalism and theosophy and theories of the fourth dimension and attempts to put some of their major works into new contexts so that familiar paintings can be seen in a new and revealing mystical way

Reckson, 2020-01-28 Honorable Mention Barnard Hewitt Award from the American Society for Theater Research Explores the intersection and history of American literary realism and the performance of spiritual and racial embodiment Recovering a series of ecstatic performances in late nineteenth and early twentieth century American realism *Realist Ecstasy* travels from camp meetings to Native American ghost dances to storefront church revivals to explore realism's relationship to spiritual experience In her approach to realism as both an unruly archive of performance and a wide ranging repertoire of media practices including literature photography audio recording and early film Lindsay V Reckson argues that the real was repetitively enacted and reenacted through bodily practice *Realist Ecstasy* demonstrates how the realist imagining of

possessed bodies helped construct and naturalize racial difference while excavating the complex shifting and dynamic possibilities embedded in ecstatic performance its production of new and immanent forms of being beside Across her readings of Stephen Crane James Weldon Johnson and Nella Larsen among others Reckson triangulates secularism realism and racial formation in the post Reconstruction moment Realist Ecstasy shows how post Reconstruction realist texts mobilized gestures especially the gestures associated with religious ecstasy to racialize secularism itself Reckson offers us a distinctly new vision of American realism as a performative practice a sustained account of how performance lives in and through literary archives and a rich sense of how closely secularization and racialization were linked in Jim Crow America

Desire in the Renaissance Valeria Finucci,Regina Schwartz,1994-10-17 Drawing on a variety of psychoanalytic approaches ten critics engage in exciting discussions of the ways the inner life is depicted in the Renaissance and the ways it is shown to interact with the external social and economic spheres Spurred by the rise of capitalism and the nuclear family Renaissance anxieties over changes in identity emerged in the period s unconscious or as Freud would have it in its literature Hence much of Renaissance literature represents themes that have been prominent in the discourse of psychoanalysis mistaken identity incest voyeurism mourning and the uncanny

Masquerades of War Christine Sylvester, 2015-05-22 This collection explores the concepts and practices of masquerade as they apply to concepts and practices of war The contributors insist that masquerades are everyday aspects of the politics praxis and experiences of war while also discovering that finding masquerades and tracing how they work with war is hardly simple With a range of theories innovative methodologies and contextual binoculars masquerade emerges as a layered and complex phenomenon It can appear as state deception lie or camouflage as in the population centric American warfare in Iraq that was sold as good for the local people or the hidden violence Russian military forces used on each other and on local men in Chechnya Masquerade can also be part of a people s war logic as exemplified by the Maoist movement in India Yet masquerade can also be understood as a normal social mask that people don to foreground an identity or belief from one s cluttered repertoire in order to gain agency Elements of masquerade can appear in texts that proclaim seemingly unequivocal positions while simultaneously yet subtly suggesting opposing positions Masquerades of all kinds also seem ubiquitous in fieldwork research and in resistance movements in war zones Perhaps masquerade though is ultimately the denial of death lurking behind the clarion call of security a call that bolsters war by making militarized policing normal to secure populations from terrorists These interpretations and others comprise Masquerades of War This book will be of much interest to students of critical war studies critical security conflict studies and IR in general
