Good Tiger:

Tiger & Phil Bob Harig, 2025-09-23 Bob Harig's *Tiger Phil* provides an in depth chronicle of the decades long rivalry that drove the success of golf's two biggest stars Tiger Woods and Phil Mickelson. For more than two decades there have been two golfers who have captivated, bemused, inspired, frustrated, fascinated and entertained us and in doing so have demanded our attention. Tiger Woods and Phil Mickelson. Even with all the ink that has been spilled on Tiger, no one has ever written about his relationship with Phil and how their careers have been inextricably intertwined. Furthermore, very little has been written about Phil Mickelson who is more than just an adversary. He is a fascinating Hall of Fame golfer in his own right. These two biggest names and draws in golf have for better and for worse been the ultimate rivals. But it is so much more complicated than that. Each player has pushed the other to be better. They have teased each other and fought. They have battled to the bitter end on the course making for some of the greatest moments in the game for the last 20 years. They have each gone through injury and health problems, legal problems, falling in and out of favor with the press. And over the course of their time together in the game, they have gradually become not just rivals but friends. In the tradition of major bestsellers such as *Arnie* by Jack Nicklaus and *When the Game Was Ours* by Tom Palmer, *The Rivals* and *Brady vs Manning* by Tiger Phil will change the way we look at these players and the game itself.

Engaging Raz, 2025-05-22 Joseph Raz 1939-2022 was a towering figure in late 20th century and early 21st century analytical philosophy. His work in moral, political and legal philosophy profoundly influenced the discipline, informing debates about practical reasoning, value theory, foundations of liberalism, personal autonomy, perfectionism, the nature of authority, theories of rights, free expression, multiculturalism, the nature of promises, the rule of law, toleration and pluralism, and the nature of law among others. This collection, the product of two highly selective international conferences held in Raz's honour soon after his passing, pays tribute to Raz's enormous influence in moral, political and legal philosophy. The collected essays all engage with Raz's work but not necessarily as critiques or interpretations of his work. The collection is a testament to Raz's impact, direct and indirect, on a wide range of philosophical issues and on a large and diverse set of philosophical communities. The overarching themes tackled in the collection include: 1. Normativity and Values 2. Practical Reasoning 3. Agency and Autonomy 4. Rights and Obligations 5. The Public Domain and 6. Authority. Contributors include both leading figures and rising stars.
