major events and conflicts of the twentieth century It will be a welcome addition to the libraries of political theorists historians sociologists philosophers and citizens wishing to understand the political and intellectual currents of the age

The Art of Connection Susan C Young Msa, 2017-09-11

Communicating on the surface can be easy, but when you want to dig deeper and connect with a more profound impact, how can you take it to the next level? How can you achieve greater understanding, especially when others have personalities, experiences, needs, and preferences that are different than your own? We all have ideas and agendas for what we have to do throughout our day. The Art of Connection empowers us to foster a sense of wonder, which allows sincere curiosity to move us beyond the predictable and the mundane. Expressing genuine interest for people can connect you on levels you may never have imagined. Encourage others to talk about themselves by asking questions and listening to what they have to say. Exercising the Art of Connection with mutual respect will make you all the more fascinating for kinship and camaraderie. As you use fun and humor to reduce tension and connect with laughter, light-heartedness will prevail. Exercising discretion and good judgment in your communication will leave your listener feeling like they have met a person of substance and style. This book is Book 6 of 8 from speaker/author Susan Young's mastery manual, The Art of First Impressions for Positive Impact. 8 Ways to Shine Bright to Transform Relationship Results.
