**Goodwife Hot, and Others** Godfrey Watson,1970     A History of Northumberland and Newcastle-upon-Tyne Leslie W. intellectual concerns of the wider Insular and continental world Other contributors consider what it is to be Viking revealing how radically present perceptions shape our understanding of the past how recent archaeological work reveals the inadequacy of the traditional categorisation of the Vikings as incomers and how recontextualising Viking material culture can lead to unexpected insights into famous historical episodes such as King Edgar's boat trip on the Dee Recent landmark finds notably the runic inscribed Saltfleetby spindle whorl and the sword pommel from Beckley are also published here for the first time in comprehensive analyses which will remain the fundamental discussions of these spectacular objects for many years to come This book will be indispensable reading for everyone interested in medieval culture      **The New Cambridge**

**Bibliography of English Literature: Volume 1, 600-1660** George Watson, Ian Roy Willison, 1974-08-29 More than fifty specialists have contributed to this new edition of volume 1 of The Cambridge Bibliography of English Literature The design of the original work has established itself so firmly as a workable solution to the immense problems of analysis articulation and coordination that it has been retained in all its essentials for the new edition The task of the new contributors has been to revise and integrate the lists of 1940 and 1957 to add materials of the following decade to correct and refine the bibliographical details already available and to re shape the whole according to a new series of conventions devised to give greater clarity and consistency to the entries      *British Books in Print* ,1986
