This collection, which incorporates a wide variety of geographic locations and cultural perspectives, reinforces the necessity for clear and articulate comprehension of the many factors that guide the design process. One essay demonstrates the lasting impact of the doctrine of Manifest Destiny on the culture and spaces of the Midwest, while another considers the shifting historical narratives that led to the de-domestication and subsequent re-wilding of the Oostvaardersplassen in the Netherlands. These eleven essays help foster the ability to conduct a balanced analysis of various value systems and produce a lucid visualization of the necessary tradeoffs.
