Nelson, 2003-06-30 Gay presence is nothing new to American verse and theater Homoerotic themes are discernible in American poetry as early as the 19th century and identifiably gay characters appeared on the American stage more than 70 years ago But aside from a few notable exceptions gay artists of earlier generations felt compelled to avoid sexual candor in their writings Conversely most contemporary gay poets and playwrights are free from such constraints and have created a remarkable body of work This reference is a guide to their creative achievements

Alphabetically arranged entries present 62 contemporary gay American poets and dramatists While the majority of included writers are younger artists who came of age in the post Stonewall U S some are older authors whose work has continued or persisted into recent decades A number of these writers are well known including Edward Albee Harvey Fierstein and Allen Ginsberg Others such as Alan Bowne Timothy Liu and Robert O Hara merit wider recognition Each entry is written by an expert contributor and includes a biography a discussion of major works and themes an overview of the author s critical reception and primary and secondary bibliographies

teachers and writers of prose poetry *Great American Prose Poems* David Lehman, 2008-06-18 A prose poem is a poem written in prose rather than verse But what does that really mean Is it an indefinable hybrid An anomaly in the history of poetry Are the very words prose poem an oxymoron This groundbreaking anthology edited by celebrated poet David Lehman editor of *The Best American Poetry* series traces the form in all its dazzling variety from Poe and Emerson to Auden and Ashbery and on right up to the present In his brilliant and lucid introduction Lehman explains that a prose poem can make use of all the strategies and tactics of poetry but works in sentences rather than lines He also summarizes the prose poem's French heritage its history in the United States and the salient differences between verse and prose Arranged chronologically to allow readers to trace the gradual development of this hybrid genre the poems anthologized here include important works from such masters of American literature as Gertrude Stein William Carlos Williams e e cummings Hart Crane Ernest Hemingway James Schuyler Allen Ginsberg Frank O'Hara and Elizabeth Bishop Contemporary mainstays and emerging poets Robert Bly John Ashbery Charles Simic Billy Collins Russell Edson James Tate Anne Carson Yusef Komunyakaa and Lydia Davis among them are represented with their best work in the field The prose poem is beginning to enjoy a tremendous upswing in popularity Readers of this marvelous collection a must have for anyone interested in the current state of the art will learn why *Into a Light Both Brilliant and Unseen* Malin Pereira, 2010-12-01 Malin Pereira's collection of eight interviews with leading contemporary African American poets offers an in depth look at the cultural and aesthetic perspectives of the post Black Arts Movement generation This volume includes unpublished interviews Pereira conducted with Wanda Coleman Yusef Komunyakaa Thylas Moss Harryette Mullen Cornelius Eady and Elizabeth Alexander as well as conversations with Rita Dove and Cyrus Cassells previously in print Largely published since 1980 each of these poets has at least four books Their influence on new generations of poets has been wide reaching The work of this group says Pereira is a departure from the previous generation's proscriptive manifestos in favor of more inclusive voices perspectives and techniques Although these poets reject a rigid adherence to a specific black aesthetic their work just as effectively probes racism stereotyping and racial politics Unlike Amiri Baraka's claim in *Home* that he becomes blacker and blacker positioning race as a defining essence these poets imagine a plurality of ideas about the relationship between blackness and black poetry They question the idea of an established literary canon defining black literature For these poets Pereira says the idea of home is found both in black poetry circles and in the wider transnational community of literature A Sarah Mills Hodge Foundation Publication ***Radium of the Word*** Craig Dworkin, 2020-12-09 With fresh insight and contemporary relevance *Radium of the Word* argues that a study of the form of language yields meanings otherwise inaccessible through ordinary reading strategies Attending to the forms of words rather than to their denotations Craig Dworkin traces hidden networks across the surface of texts examining how typography and even individual letters and marks of punctuation can reveal patterns that are significant without being symbolic fully meaningful without communicating any preordained message

Radium of the Word takes its title from Mina Loy's poem for Gertrude Stein which hails her as the Madame Curie of the laboratory of vocabulary. In this spirit Dworkin considers prose as a dynamic literary form characterized by experimentation. Dworkin draws on examples from writers as diverse as Lyn Hejinian, William Faulkner, and Joseph Roth. He takes up the status of the proper name in Modernism with examples from Stein, Loy, and Guillaume Apollinaire, and he offers in-depth analyses of individual authors from the counter canon of the avant garde including P. Inman, Russell Atkins, N. H. Pritchard, and Andy Warhol. The result is an inspiring intervention in contemporary poetics. Recovery and Transgression Kornelia Freitag, 2015-09-04 There is no poetry without memory. Recovery and Transgression: Memory in American Poetry is devoted to the ways in which poetic texts shape and are shaped by personal, collective, and cultural memory. It looks at the manifold and often transgressive techniques through which the past is recovered and repurposed in poetry. T. S. Eliot's *The Waste Land*, Susan Howe's *THIS THAT*, Lyn Hejinian's *Writing Is an Aid to Memory*, John Tranter's *The Anaglyph*, Amiri Baraka's *Somebody Blew Up America*, and Amy Clampitt's *Nothing Stays Put* are only some of the texts discussed in this volume by a group of international poetry experts. They specifically focus on the effects of the cultural interaction, mixture, translation, and hybridization of memory of in and mediated by poetry. Poetic memory as it becomes strikingly clear may be founded on the past but has everything to do with the cultural present of poets and readers and with their hopes and fears for the future. The Evening Sun David Lehman, 2002-04-16 The eagerly awaited follow-up to his critically acclaimed collection *The Daily Mirror*, *The Evening Sun* gathers together 150 of David Lehman's favorite daily poems from 1999 and 2000 into a brilliant chronicle of a poet's heart and mind as the last century ends and a new one begins. *The Daily Mirror* David Lehman, 2000-01-04 Following in the footsteps of such poets as Emily Dickinson, William Stafford, and Frank O'Hara, David Lehman began writing a poem a day in 1996 and found the experience so rewarding that he continued for the next two years. During that time some of these poems appeared in various journals and on Web sites including The Poetry Daily site, which ran thirty of Lehman's poems in as many days throughout the month of April 1998. For *The Daily Mirror*, Lehman has selected the best of these daily poems, each tied to a specific occasion or situation and telescoped two years into one. Spontaneous and immediate but always finely crafted and spiced with Lehman's signature irony and wit, the poems are akin to journal entries charting the passing of time, the deaths of great men and women, the news of the day, jazz, Sinatra, the weather, love, poetry, and poets' movies, and New York City are among their recurring themes. A departure from Lehman's previous work, this unique volume provides the intimacy of a diary full of passion, sound, and fury but with all the aesthetic pleasure of poetry. More a party of poems than a standard collection, *The Daily Mirror* presents an exciting new way to think about poetry. **The Writing Life** Nicholas Delbanco, 2000 Contemporary writers address questions of craft, art, audience, and culture. The Stuff of Fiction Douglas Bauer, 2010-05-25 In this book, prizewinning novelist and popular creative writing instructor Douglas Bauer, *The Book of Famous Iowans*, shares the secrets of his trade. Talent, as Bauer acknowledges, is the most crucial element for a writer, and

cannot be taught But without a regular habit of work and a perseverance of effort no amount of talent can come forward and be recognized His lively and candid essays on subjects critical to the fiction writer s success demystify the essential elements of fiction writing how they work and work together Bauer s focus is on the building blocks of successful fiction dialogue the intimate relationship between characters talking and the eavesdropping reader characters the virtues of creating fictional characters that are both splendidly flawed and sympathetic and dramatic events ways to create moments that produce an emotional and psychological impact There are also chapters on crafting effective openings and memorable closings of stories and on the vital presence of sentiment in fiction versus the ruinous effect of sentimentality By assuming the point of view of someone at the task engaged with the work inside the effort to bring an invented world to life *The Stuff of Fiction* speaks to writers of all ages in a pleasurable yet practical voice Douglas Bauer is the author of three novels *Dexterity* *The Very Air* and *The Book of Famous Iowans* and one book of nonfiction *Prairie City Iowa* He is also a core faculty member with the MFA Program at Bennington College and has received a National Endowment for the Arts grant a Massachusetts Artists Foundation grant and two Harvard Danforth Excellence in Teaching Citations

Visiting Frost Sheila Coghill,Thom Tamaro,2005 Like Emily Dickinson and Walt Whitman Robert Frost looms large in the American literary landscape straddling the 19th and 20th centuries like a poetic colossus whosoever desires passage must at some point contend with the monolithic presence of Robert Frost As they did in *Visiting Emily* and *Visiting Walt* in *Visiting Frost* Sheila Coghill and Thom Tamaro once again capture the conversations between contemporary poets and a legend whose voice endures In his introduction to the collection Frost biographer Jay Parini likens the poet to a great power station one who stands off by himself in the big woods continuously generating electricity that future poets can tap into for the price of a volume of his poems A four time Pulitzer Prize winner whose work is principally associated with the landscape and life in New England Frost 1874 1963 was a traditional psychologically complex often dark and intense poet In *Visiting Frost* one hundred homage paying poets some who knew Frost most only acquainted through his work celebrate and reflect that intensity in effect tapping into his electrical current By reacting to specific Frost poems by reinventing others and by remembering aspects of

Frost or by quarreling with him the contributors speak on behalf of us whose lives have been brightened by the memorization and recitation of such poems as The Road Not Taken or Stopping by Woods on a Snowy Evening As the poets pay tribute to Frost s place in American poetry and history they suggest more than forty years after his death just how alive and vital he remains in our collective memory *Anthology of Magazine Verse and Yearbook of American Poetry, 1997* Alan F.
