The Good Samaritan - A Public Theology for Helping Professions Michal Opatrny, 2025 **A Theology of Race and Place** Andrew Thomas Draper, 2016-08-26

In a world marked by the effects of colonial displacements slavery's auction block and the modern observatory stance can Christian theology adequately imagine racial reconciliation What factors have created our society's racialized optic a view by which nonwhite bodies are objectified marginalized and destroyed and how might such a gaze be resisted Is there hope for a church and academy marked by difference rather than assimilation This book pursues these questions by surveying the works of Willie James Jennings and J Kameron Carter who investigate the genesis of the racial imagination to suggest a new path forward for Christian theology Jennings and Carter both mount critiques of popular contemporary ways of theologically imagining Christian identity as a return to an ethic of virtue Through fresh reads of both the tradition and liberation theology these scholars point to the particular Jewish flesh of Jesus Christ as the ground for a new body politic By drawing on a vast array of biblical theological historical and sociological resources including communal experiments in radical joining *A Theology of Race and Place* builds upon their theological race theory by offering an ecclesiology of joining that resists the aesthetic hegemony of whiteness embed container position relative padding bottom 56 25% height 0 overflow hidden max width 100% embed container iframe embed container object embed container embed position absolute top 0 left 0 width 100% height 100% *Theology and Bioethics* E.E. We who live in this post modern late twentieth century culture are still children of dualism For a variety of rather complex reasons we continue to split apart and treat as radical opposites body and spirit medicine and religion sacred and secular private and public love and justice men and women Though this is still our strong tendency we are beginning to discover both the futility and the harm of such dualistic splitting Peoples of many ancient cultures might smile at the belatedness of our discovery concerning the commonalities of medicine and religion A cursory glance back at ancient Egypt Samaria Babylonia Persia Greece and Rome would disclose a common thread the close union of religion and medicine Both were centrally concerned with healing health and wholeness The person was understood as a unity of body mind and spirit The priest and the physician frequently were combined in the same individual One of the important contributions of this significant volume of essays is the sustained attack upon dualism From a variety of vantage points virtually all of the authors unmask the varied manifestations of dualism in religion and medicine urging a more holistic approach Since the editor has provided an excellent summary of each article I shall not attempt to comment on specific contributions Rather I wish to highlight three 1 broad themes which I find notable for theological ethics Compassionate Justice Christopher D. Marshall, 2012-08-01

Two parables that have become firmly lodged in popular consciousness and affection are the parable of the Good Samaritan and the parable of the Prodigal Son These simple but subversive tales have had a significant impact historically on shaping the spiritual aesthetic moral and legal traditions of Western civilization and their capacity to inform debate on a wide range of

moral and social issues remains as potent today as ever Noting that both stories deal with episodes of serious interpersonal offending and both recount restorative responses on the part of the leading characters Compassionate Justice draws on the insights of restorative justice theory legal philosophy and social psychology to offer a fresh reading of these two great parables It also provides a compelling analysis of how the priorities commended by the parables are pertinent to the criminal justice system today The parables teach that the conscientious cultivation of compassion is essential to achieving true justice Restorative justice strategies this book argues provide a promising and practical means of attaining to this goal of reconciling justice with compassion

With *Theology from the Womb of Asia* Song continues to demonstrate that he is one of the most creative and important theologians of our time He forces us to expand the horizons of our theological vision not only by drawing on the resources of Asian thought and experience but also by insisting that we do theology with passion Here he offers images fables poems parables and visions woven together with his own compelling prose The biblical stories with which we thought we were familiar become new and more compelling stories when we revisit them with this able and wise guide And our whole approach to life and living is transformed by the freshness he breathes into all that he surveys with us Robert McAfee Brown Professor Emeritus of Theology and Ethics Pacific School of Religion

In *Theology from the Womb of Asia* C S Song shows how the story of God's compassion in Jesus and the many heartrending stories and poems of the Asian people are reaching out towards each other Doing theology in this perspective is not a matter of application of doctrine but of recognition of a relation between the suffering God and suffering humanity which transcends many artificial and alienating distinctions The book is an appeal to Asian theologians but at the same time a necessary challenge to a Western academic theology and missionary thinking Bert Hoedemaker Professor of Missions and Christian Ethics University of Groningen the Netherlands A splendid example of doing theology with Asian resources A breath of fresh air to liven up traditional theology using original reflections and observations with the backing of close knowledge of traditional theology A book no theological college can do without Yeow Choo Lak The South East Asia Graduate School of Theology Singapore C S Song is Professor of Theology and Asian Cultures at Pacific School of Religion His recent publications include *The Believing Heart*

Library of Congress Subject Headings Library of Congress. Cataloging Policy and Support Office, 2009 **“Fake News” Theology** Kenton L. Sparks, 2020-02-27 No matter what side you re on or how you look at it we re living in a world that s filled with fake news and with lots of people who believe it How do Christians fits into this world In this book Kenton Sparks argues that certain approaches to biblical authority which assume that the Bible is a perfect book make Christians especially susceptible to the deceptions of fake news and cause us to embrace false understandings of the Bible and because

of this about natural science social science various academic disciplines politics morals ethics and loads of other things The resulting damage to faith and Christian witness is significant Is there a better way to understand and honor biblical authority Yes We must restore God as the final authority over our interpretations of Scripture The path forward for this theological agenda was modeled by Jesus Christ in his interpretations of Scripture Whereas his contemporaries often followed the letter of the law or something akin to it Jesus taught that love for God and neighbor provided the proper foundation and destination for healthy readings and applications of the Bible If love required more radical internal commitments to the law Jesus demanded this of his audience where love required that we set aside the law's violent judgments he pointed his audience in the opposite direction In modeling this approach to Scripture Jesus taught as one with authority and thus showed us that when we interpret Scripture through the lens of divine love we give ourselves the best opportunity to read Scripture under the authority of God *Towards a Distinctive and Inclusive Theology of Catholic Education Studies* Sean Whittle,2025-08-29

A Christian Theology of the Cross Allen George,2010-07-29 A CHRISTIAN THEOLOGY OF THE CROSS presents three basic standards for discussing the subject and object God It underscores the connection between God's approval of Abel's offering and the establishment of the priesthood and names Genesis 4:7 as the foundation of the principal doctrines of Christian Salvation It stresses the importance of Christian freedom and argues that the doctrine of existentialism is rooted in Genesis 4:9b This book speaks directly to those who are spiritually hungry and thirsty for the Word of God in the twenty first century The reader will discover that the author is an analytical thinker George asserts that the ambiguities of Abel's offering don't negate the concept of his priesthood He champions the belief that the doctrine of the universality of salvation is a crucial divide between Judaism and Christianity He insists that the Gospel demands that Christians renounce their hate and intolerance Catalogue of the General Theological Library, Boston, Massachusetts General Theological Library,1913

Considering Compassion Frits de Lange, L. Juliana Claassens, 2018-09-17 In light of the numerous challenges posed by globalization living together as humanity on one planet needs to be reinvented in the twenty first century To create a new peaceful just and sustainable world order is vital to the survival of us all In this regard humankind will have to expand the limited scope of its moral imagination beyond the borders of family tribe class religion nation and culture Will the cultivation of compassion as scholars like Martha Nussbaum and Karen Armstrong and religious leaders like the Dalai Lama maintain contribute to a more just world A global movement to cultivate and extend compassion beyond the immediate circle of concern may indeed find inspiration from many different religious traditions The question at the heart of this book is whether the Christian legacy provides us with sources of moral imagination needed to guide us into the global era Can the Christian practice of faith contribute to a more compassionate world If so how And is it true that compassion is what we need or do we need something else justice for example In Considering Compassion colleagues from different theological disciplines at Stellenbosch South Africa and Groningen Netherlands take up these challenging questions from a variety of interdisciplinary angles
