The Artist, His Model, Her Image, His Gaze Karen L. Kleinfelder,1993-04-15 Although Pablo Picasso s name is virtually synonymous with

modernity his late graphics repeatedly turn back to the traditional theme of the artist and model Had the aging artist turned reactionary or is Picasso's treatment of the theme more subversive than anyone has suspected In this innovative study Karen L Kleinfelder rejects the claim that Picasso's later work was a failure The failing she claims lies more in the way we typically have read the images treating them merely as reflections of an old age style or of the artist's private life Focusing on graphics dating from 1954 to 1970 Kleinfelder shows how Picasso plays with the artist model theme to extend subvert and parody both the possibilities and limits of representation For Kleinfelder Picasso's graphic work both mystifies and demystifies the creative process venerates and mocks the effects of aging and the artist's self image as a living old master and acknowledges and denies his own fear of death Using recent interpretive and literary theory Kleinfelder probes the three way relationship between artist model and canvas The dynamics of this relationship provided Picasso with an open ended textual framework for exploring the dichotomies of man woman self other and vitality mortality What unfolds is the artist's struggle not only with the impossibility of representing the model on canvas but also with the inevitability of his own death Kleinfelder explores how Picasso's means of pursuing these issues allows him to defer closure on a long productive career By focusing on the graphics rather than the paintings Kleinfelder contradicts the primacy of the painted masterpiece she steers the reader away from the assumption that the artist must work toward creating a final body of work that signifies the culmination of his search for a coherent identity Picasso's search she argues realizes itself in the creative process She interprets the late graphics not as a biographical statement but as a tool for investigating the possibilities of representation within the limits of Picasso's medium and his lifetime Richly illustrated Kleinfelder's book will open up new approaches to the late work of this complex artist

Max Jacob: A Life in Art and Letters Rosanna Warren, 2020-10-20 A comprehensive and moving biography of Max Jacob a brilliant cubist poet who lived at the margins of fame Though less of a

household name than his contemporaries in early twentieth century Paris Jewish homosexual poet Max Jacob was Pablo Picasso's initiator into French culture Guillaume Apollinaire's guide out of the haze of symbolism and Jean Cocteau's loyal friend As Picasso reinvented painting Jacob helped to reinvent poetry with compressed hard edged prose poems and synapse skipping verse lyrics the product of a complex amalgamation of Jewish Breton Parisian and Roman Catholic influences In Max Jacob the poet's life plays out against the vivid backdrop of bohemian Paris from the turn of the twentieth century through the divisions of World War II Acclaimed poet Rosanna Warren transports us to Picasso's ramshackle studio in Montmartre where Cubism was born introduces the artists gathered at a seedy bar on the left bank where Max would often hold court and offers a front row seat to the artistic squabbles that shaped the Modernist movement Jacob's complex understanding of faith art and sexuality animates this sweeping work In 1909 he saw a vision of Christ in his shabby room in Montmartre and in 1915 he converted formally from Judaism to Catholicism with Picasso as his godfather In his later years Jacob split his time between Paris and the monastery of Benoît-sur-Loire In February 1944 he was arrested by the Gestapo and sent to Drancy where he would die a few days later More than thirty years in the making this landmark biography offers a compelling tragic portrait of Jacob as a man and as an artist alongside a rich study of his groundbreaking poetry in Warren's own stunning translations Max Jacob is a nuanced deeply researched and essential contribution to Modernist scholarship
