Studies David Waterhouse, 2004-10-28 Brian Hodgson lived in Nepal from 1820 to 1843 during which time he wrote and published extensively on Nepalese culture religion natural history architecture ethnography and linguistics Contributors from leading historians of Nepal and South Asia and from specialists in Buddhist studies art history linguistics ornithology and ethnography critically examine Hodgson's life and achievement within the context of his contribution to scholarship Many of the drawings photographed for this book have not previously been published *Role of Gorkhas in Consolidation of British Rule in the North-East Frontiers* Anjalee Muktan Shangpliang, 2022-01-01 This book is based on extensive research work conducted by the author in National and State Archives Government Record Rooms Government Reports as well as Private and Unpublished Papers The author traces the role played by the Gorkha soldiers in collaboration with local recruits in the task of consolidation and perpetuation of British rule in the North East Frontiers It was with the help of the superior military power that the British could expel the Burmese from the trouble torn Brahmaputra Valley subdue the turbulent hill tribes of the North East and unite the whole region into one single administrative unit called the Province of Assam This book will be helpful to students of history and scholars interested in research works **Bracketed Belonging** Kelvin E. Y.

Low, 2025-07-15 *Bracketed Belonging* addresses how nations and their governance of security determine social constellations and shape socio political and legal assertions of belonging and allegiance Kelvin E Y Low examines the contours and limits of belonging that underlie the complex social contract between mobile migrants and nations in the context of a global military security market He explores these core themes through the case of Nepali Gurkhas and their families as military and paramilitary migrants Recruited to serve in the military or police force Gurkhas are trained in jungle warfare skills that other police groups do not possess There is thus the professional link to military training and the formation of a unique paramilitary police force with the backdrop of colonialism In these contexts this book offers fresh perspectives on studying global security migration and diasporic lives It sets a new agenda by analytically bridging empire military and security maneuvers and migratory pathways and options In doing so *Bracketed Belonging* serves as a novel contribution to current scholarship on migration and transnationalism and on police and security studies Nationalism and Ethnicity in a Hindu Kingdom D. Gellner, J. Pfaff-Czarnecka, J. Whelpton, 2012-12-06 With its systematic coverage of different groups this book demonstrates how similar trends of ethnic formation are affecting all parts of Nepal Yet within the boundaries of a single culturally diverse state very different forms of ethnicity have emerged This is a truly thematic collection with a well defined focus on the important contemporary topics of ethnic identity and nationalism The importance of the theme is self evident in a world attempting to come to grips with such problems in virtually all modern states Anyone with an interest in contemporary Nepal should study this volume Nepal is the only officially Hindu kingdom in the world and remains so in spite of a revolution or people's movement in 1990 which overthrew the partyless Panchayat regime and instituted a multiparty constitutional monarchy Since November 1994 it has also had an elected Communist government the first of its kind in South

Asia This volume takes a long term view of the various processes of ethnic and national development that have been displayed both before and after 1990 It brings together twelve carefully chosen ethnographic and historical chapters covering all of the major ethnic groups and regions of Nepal **The Statesman's Year-book** ,1929
