## **Gospel And The Gospels:**

**The Gospel and the Gospels** Simon J. Gathercole, 2022-08-11 A robust scholarly defense of the distinctiveness of the canonical Gospels Do the four New Testament gospels share some essence that distinguishes them from noncanonical early Gospels The tendency among biblical scholars of late has been to declare the answer to this question no that Matthew Mark Luke and John were grouped together by happenstance and are defended as canonical today despite there being no essential commonalities between them Simon Gathercole challenges this prevailing view and argues that in fact the theological content of the New Testament Gospels distinguishes them substantially from noncanonical Gospels Gathercole shows how the Gospels of Matthew Mark Luke and John each include four key points that also formed the core of early Christian preaching and teaching Jesus s identity as messiah the saving death of Jesus the resurrection of Jesus and Scripture s foretelling of the Christ event In contrast most noncanonical Gospels like the Gospel of Thomas the Gospel of Truth and Marcion s Gospel only selectively appropriated these central concerns of early Christian proclamation **The Four Gospels and the One Gospel of Jesus Christ** Martin Hengel, 2000 For the evangelists and for Paul the gospel is both narrative and proclamation *The Gospel and the Gospels* Peter Stuhlmacher, 1991 In this collection of essays presented at a scholarly symposium held in 1982 in Tübingen Germany New Testament exegetes and church historians from several countries uncover lines of convergence in the study of the historical sources and traditions behind the four canonical Gospels Who Chose the Gospels? C. E. Hill, 2012-04-05 How did the Church get Matthew Mark Luke and John instead of Thomas Mary Peter and Judas C E Hill presents evidence for how and why despite the numerous Gospels that appeared in the earliest Christian centuries four and only four Gospels came to be embraced by the Protestant Roman Catholic and Eastern Orthodox churches alike **The Gospel and the Gospels: Christian Proclamation and Early Jesus Books** SIMON J. GATHERCOLE, 2022-08-11 **What is a Gospel?** Charles H. Talbert, 1985 *The Cambridge Companion to the Gospels* Stephen C. Barton, 2006-11-23 An introduction covering historical theological and ethical aspects of the gospels through the ages **The Gospels for All Christians** Richard Bauckham, 1998 In this groundbreaking work the consensus that each of the Gospels was written for a specific audience is challenged by the thesis that they were written for general circulation with the intention that they should circulate around all the churches An Introduction to The Gospels Mitchell Glenn Reddish, 1997 This volume provides college and seminary students with a solid reliable and interesting introduction to the major issues in Gospel studies and gives them a concise guide to the contents of the Gospels *The Gospels and Jesus* Graham Stanton, 2002-03-08 Jesus of Nazareth and the four New Testament gospels continue to fascinate people from many cultural and religious backgrounds Who was Jesus Are Christian claims about him supported by solid historical evidence How reliable are the evangelists portraits of Jesus which were written some fifty years after his crucifixion These questions can be explored only on the basis of a sound grasp of the intentions and methods of the four evangelists Professor Stanton insists

that the evangelists are concerned with both the story and the significance of Jesus of Nazareth Part I of this book examines the distinctive emphases of all four evangelists and discusses the apocryphal gospels with special reference to the Gospel of Thomas Part II deals with the ways of assessing the evidence for Jesus and explores his teaching intentions and the reasons for his downfall This book pays particular attention to appropriate methods for careful study of the gospels and the historical Jesus to provide an excellent textbook and a penetrating study for the general reader NEW TO THIS EDITION Every chapter updated to take account of recent scholarly developments Fuller discussion of literary criticism chapter 2 the Gospel of Thomas chapter 7 archaeological evidence chapter 8 and methods for reconstructing the teaching of Jesus chapter 9 Bibliography is extended updated and partly annotated New cross references added to increase usability Map now included Material within some chapters and sub sections has been reorganised to increase accessibility Biblical quotations are now taken from the NRSV text New larger format and text design *The Gospel in the Gospels* William Porcher Dubose,1908

**The Gospel behind the Gospels** Ronald A. Piper,2014-04-09 The Gospel Behind the Gospels portrays all the major areas of current discussion and debate regarding the early source of Jesus sayings known as Q Sixteen gospel scholars have advanced the debate about this source s nature history and significance Contributors discuss Q s existence its relationship to Mark s gospel and to the Gospel of Thomas its genre its redactional history with special reference to the Son of Man and to wisdom and prophetic traditions its social history with respect to family structures and the Cynics a feminist analysis of Q its significance for the historical Jesus and for Jesus parables The volume sheds important light on Jesus and Christian origins as well as upon Q itself and it is significant for the diversity of major North American European and Japanese scholarship which is represented **Why Four Gospels? Or, The Gospel for All the World** D. S. Gregory,1880 **The Gospel History and Its Transmission** Francis Crawford Burkitt,1911 Jesus and the Gospels Craig L. Blomberg,2009 This second edition of Jesus and the Gospels prepares readers for an intensive study of Matthew Mark Luke John and the events they narrate Craig Blomberg considers the historical context of the Gospels and sheds light on the confusing interpretations brought forth over the last two centuries The original 1997 book won a Gold Medallion Award from the Evangelical Christian Publishers Association and this updated version factoring in new scholarship debate critical methods and the ongoing quest of the historical Jesus ensures the work will remain a top tool for exploring the life of Christ through the first four books of the New Testament **The Gospels as Stories** Jeannine K. Brown,2020-06-16 Popular writer and teacher Jeannine Brown shows how a narrative approach illuminates each of the Gospels helping readers see the overarching stories This book offers a corrective to tendencies to read the Gospels piecemeal one story at a time It is filled with numerous examples and visual aids that show how narrative criticism brings the text to life making it an ideal supplementary textbook for courses on the Gospels Readers will gain hands on tools and perspectives to interpret the Gospels as whole stories *The Gospel of the Lord* Michael F. Bird,2014-08-22 In this book through a distinctive evangelical and critical approach Michael Bird explores the

historical development of the four canonical Gospels He shows how the memories and faith of the earliest believers formed the Gospel accounts of Jesus that got written and in turn how these accounts further shaped the early church Bird s study clarifies the often confusing debates over the origins of the canonical Gospels Bird navigates recent concerns and research as he builds an informed case for how the early Christ followers wrote and spread the story of Jesus the story by which they believed they were called to live The Gospel of the Lord is ideal for students or anyone who wants to know the story behind the four Gospels Watch an interview with Michael Bird from our Eerdmans Author Interview Series

**The Gospels and the Gospel** George Robert Stow Mead,1902

**Reading the Gospels Wisely** Jonathan T. Pennington,2012-07-01 This textbook on how to read the Gospels well can stand on its own as a guide to reading this New Testament genre as Scripture It is also ideally suited to serve as a supplemental text to more conventional textbooks that discuss each Gospel systematically Most textbooks tend to introduce students to historical critical concerns but may be less adequate for showing how the Gospel narratives read as Scripture within the canonical framework of the entire New Testament and the whole Bible yield material for theological reflection and moral edification Pennington neither dismisses nor duplicates the results of current historical critical work on the Gospels as historical sources Rather he offers critically aware and hermeneutically intelligent instruction in reading the Gospels in order to hear their witness to Christ in a way that supports Christian application and proclamation

**Why Four Gospels? Or, the Gospel for All the World. A Manual Designed to Aid Christians in the Study of the Scriptures, and to a Better Understanding of the Gospels** Daniel Seely Gregory,2024-08-01 Reprint of the original first published in 1877
