Reid, 1993-02-23 Can films about black characters produced by white filmmakers be considered black films In answering this question Mark Reid reassesses black film history carefully distinguishing between films controlled by blacks and films that utilize black talent but are controlled by whites Previous black film criticism has buried the true black film industry Reid says by concentrating on films that are about but not by blacks Reid's discussion of black independent films defined as films that focus on the black community and that are written directed produced and distributed by blacks ranges from the earliest black involvement at the turn of the century up through the civil rights movement of the Sixties and the recent resurgence of feminism in black cultural production His critical assessment of work by some black filmmakers such as Spike Lee notes how these films avoid dramatizations of sexism homophobia and classism within the black community In the area of black commercial film controlled by whites Reid considers three genres African American comedy black family film and black action film He points out that even when these films use black writers and directors a black perspective rarely surfaces Reid's innovative critical approach which transcends the black image language of earlier studies and at the same time redefines black film makes an important contribution to film history Certain to attract film scholars this work will also appeal to anyone interested in African American and Women's Studies **New York Magazine**, 1986-08-18 New York magazine was born in

There I was standing alone unable to cry as I said goodbye to Sidim Laye my best friend and to the revolution that had opened the door of modernity for me the revolution that had invented me This book gives us the story of a quest for a childhood friend for the past and present and above all for an Africa that is struggling to find its future In 1996 Manthia Diawara a distinguished professor of film and literature in New York City returns to Guinea thirty two years after he and his family were expelled from the newly liberated country He is beginning work on a documentary about S kou Tour the dictator who was Guinea's first post independence leader Despite the years that have gone by Diawara expects to be welcomed as an insider and is shocked to discover that he is not The Africa that Diawara finds is not the one on the verge of barbarism as described in the Western press Yet neither is it the Africa of his childhood when the excitement of independence made

everything seem possible for young Africans His search for Sidim Laye leads Diawara to profound meditations on Africa s culture He suggests solutions that might overcome the stultifying legacy of colonialism and age old social practices yet that will mobilize indigenous strengths and energies In the face of Africa s dilemmas Diawara accords an important role to the culture of the diaspora as well as to traditional music and literature to James Brown Miles Davis and Salif K ita to Richard Wright Spike Lee and the ancient epics of the griots And Diawara s journey enlightens us in the most disarming way with humor conversations and well told tales      Production Design in the Contemporary American Film Beverly
