Walther, 2012-05-07 **Hitler's Jewish Soldiers** Bryan Mark Rigg, 2002 On the murderous road to racial purity Hitler encountered unexpected detours largely due to his own crazed views and inconsistent policies regarding Jewish identity After centuries of Jewish assimilation and intermarriage in German society he discovered that eliminating Jews from the rest of the population was more difficult than he d anticipated As Bryan Rigg shows in this provocative new study nowhere was that heinous process more fraught with contradiction and confusion than in the German military Contrary to conventional views Rigg reveals that a startlingly large number of German military men were classified by the Nazis as Jews or partial Jews Mischlinge in the wake of racial laws first enacted in the mid 1930s Rigg demonstrates that the actual number was much higher than previously thought perhaps as many as 150 000 men including decorated veterans and high ranking officers even generals and admirals As Rigg fully documents for the first time a great many of these men did not even consider themselves Jewish and had embraced the military as a way of life and as devoted patriots eager to serve a revived German nation In turn they had been embraced by the Wehrmacht which prior to Hitler had given little thought to the race of these men but which was now forced to look deeply into the ancestry of its soldiers The process of investigation and removal however was marred by a highly inconsistent application of Nazi law Numerous exemptions were made in order to allow a soldier to stay within the ranks or to spare a soldier s parent spouse or other relative from incarceration or far worse Hitler s own signature can be found on many of these exemption orders But as the war dragged on Nazi politics came to trump military logic even in the face of the Wehrmacht s growing manpower needs closing legal loopholes and making it virtually impossible for these soldiers to escape the fate of millions of other victims of the Third Reich Based on a deep and wide ranging research in archival and secondary sources as well as extensive interviews with more than four hundred Mischlinge and their relatives Rigg s study breaks truly new ground in a crowded field and shows from yet another angle the extremely flawed dishonest demeaning and tragic essence of Hitler s rule **Archiv Der Pharmazie**, 1875 GWF: Das Gas- und Wasserfach, 1926 American Turner, 1925 **Cosmopolis**, 1896 *Cosmopolis* Fernand Ortman, 1898 **Biology Pamphlets**, 1906 **Predigten Für Denkende Zuhörer in Allen Ständen** Sander, 1787 Meeting God in the Other Alina Patru, 2020-03-04 The present volume unites 44 studies to honor Prof Dr Dorin Oancea Romanian Orthodox theologian and religious studies scholar well known as a bridge builder between Eastern and Western Christian Traditions The manifold studies reflect upon the fundamentals of interfaith and inter confessional openness offer insightful examples from past and present or point to the loci where this openness can and should be achieved today A meaningful collection for all those
