Olga López-Valero Colbert, 2007 This book explores Antonio Muñoz Molina's creation of compelling narratives about Spain's immediate past by engaging in a dynamic dialogue with popular culture subgenres and the media The author asserts that popular culture functions in Muñoz Molina's novels as provider of a series of strategies that represent in the text aspects of Francoism and the Transition that because of their relevance are part of the structure of feeling of those periods The study focuses on the role of popular music film photography the thriller the romance novel as well as the radio and other gadgets of modern technology in Muñoz Molina's Novels *The Gaze on the Past* argues that through the incorporation of popular culture in texts Muñoz Molina undertakes a deliberate and intense reflection on memory and on the creation of historical moments highlighting their desire to be heard from publisher *The Discourse of Flanerie in Antonio Muñoz Molina's Texts* Richard Sperber, 2015-09-10 Edgar Allan Poe Charles Baudelaire and Walter Benjamin have shown that flaneríe is anything but an aimless stroll Walking through London Paris and Berlin entailed engagements with the latest modernity Thought provoking exhilarating and at times terrifying flaneríe adjusted to and documented the mobility of modernity its aesthetic possibilities and social risks Antonio Muñoz Molina is one of several contemporary authors who have closely coupled the development of their literary characters to urban perambulations Their biographic growth cultural and social adaptations as well as epistemological insights are so dependent on flaneríe that his late twentieth and early twenty first century texts warrant the designation flaneur literature Muñoz Molina has also contributed to the current decentralization of flaneur literature from Paris to smaller cities including Spanish cities like Granada Córdoba and San Sebastián Reflecting on Poe Baudelaire and Benjamin in these cities his characters update and revise the canon of flaneur literature stretching its discursive boundaries

This study examines not only the mobility of his characters but also draws attention to intercultural aspects of his flaneur literature which lie both in a uniquely Spanish perspective on flaneríe as well as in engagements with cultural otherness Walking through a Moroccan city or through Chinatown in New York Muñoz Molina's characters broaden the Eurocentric horizon of canonical flaneur literature and the modernist one of his Spanish flaneur precursor Federico García Lorca whose portrait of New York is revisited in Muñoz Molina's longest flaneur text National and literary boundaries blur as intercultural urban spaces transform his characters into transnational subjects This study traces the author's struggle with this globalization a residual rural nostalgia straddles uneasily with forays into filmic flaneríe a form of spectatorship that renders the flaneur newly mobile in the mass mediatized environments of postmodernity If Muñoz Molina is generally regarded as an incisive chronicler of Spain's transition from Francoism to democracy and an attentive memorialist of the Spanish Civil War this study bases its portrait of a much more globally engaged Muñoz Molina in his characters' movements from Spain into the urban centers of Euro American postmodernity and its northern African periphery

Working Through Memory Ofelia Ferrán, 2007 Studies various constructions of memory in contemporary Spanish literature evoking different aspects of a past of repression from both the civil war and the Franco regime This book analyzes narrative texts published between the 1960s and 1990s that present memory and the recuperation of a traumatic past as their main theme

Spanish Practices Paul Julian Smith, 2017-12-02 This book is the first to explore the interaction of three media in contemporary Spain Focusing on some of the best known and most important books feature films and television series in the country including novelist Antonio Muñoz Molina director Pedro Almodóvar and the Spanish version of telenovela Ugly Betty it addresses three pairs of linked issues central to Hispanic studies and beyond history and memory authority and society and genre and transitivity Much of the material is very recent and thus as yet unstudied The book also focuses on the representation of gender sexuality and transnationalism in these texts Drawing on approaches from both the humanities and social sciences it combines close readings of key texts with the analysis of production processes media institutions audiences and reception

Disremembering the Dictatorship, 2021-08-04 Most accounts of the Spanish transition to democracy have been celebratory exercises at the service of a stabilizing rather than a critical project of far reaching reform As one of the essays in this volume puts it the pact of oblivion which characterized the Spanish transition to democracy curtailed any serious attempt to address the legacies of authoritarianism that the new democracy inherited from the Franco era As a result those legacies pervaded public discourse even in newly created organs of opinion As another contributor argues the Transition was based on the erasure of memory and the invention of a new political tradition On the other hand memory and its etiolation have been an object of reflection for a number of film directors and fiction writers who have probed the return of the repressed under spectral conditions Above all this book strives to present memory as a performative exercise of democratic agents and an open field for encounters with different possibly divergent and necessarily fragmented recollections The pact of the Transition could not entirely disguise the naturalization of a society made of winners and losers nor could it ensure the consolidation of amnesia by political agents and by the tools that create hegemony by shaping opinion Spanish society is

haunted by the specters of a past it has tried to surmount by denying it It seems unlikely that it can rid itself of its ghosts without in the process undermining the democracy it sought to legitimate through the erasure of memories and the drowning of witnesses voices in the cacaphony of triumphant modernization

Tradition and Modernity Idoia Puig, 2009 The Spanish Golden Age novelist Miguel de Cervantes has long cast a shadow over the writers who have followed in his wake This book explores the great novelist's influence on contemporary Spanish writers The links between the Golden Age tradition and contemporary writing are examined by leading academics in the field of the Spanish contemporary novel The collection focuses on aspects of literary technique and metafiction particularly the role of the narrator the mixing of fictional and real characters and self reflection and literary criticism within the novel These are all techniques that have recognisable Cervantine traits Other parallels with Cervantes's writing are explored such as the portrayal of a hero with quixotic characteristics and the imitation of specific episodes from Cervantes's works

The Family Album Yeon-Soo Kim, 2005 This book is an examination of the use of the family album in contemporary Spanish culture Through the analysis of films narratives painting and a photographic exhibition produced from the end of Franco's dictatorship to the present Kim interrogates how the family album serves as a critical instrument to reflect on the treatment of the past in contemporary Spain the recuperation of repressed identities nostalgia for collective memory symptomatic of the cultural discontent with the erosion of a national boundary due to globalization and the increasing claim of diversity and ethical concerns for immigration This study explores a broad range of works by canonical as well as less studied writers and artists including Juan Goytisolo Carlos Saura and Marta Balletbo Coll
