El Mensaje de Guadalupe Lumen,2001-10-01 **Caminemos Con Jesus** Goizueta, Roberto S.,2025-04-30

Caminemos con Jesus Roberto S. Goizueta,1995-01-01 While the growth in both numbers and influence of Hispanics in North American Catholicism and Protestantism has been commented on widely up until now there has been no systematic attempt to define a Hispanic theology Roberto Goizueta a Cuban American theologian aware that Hispanic and Latino can be terms imposed artificially on diverse peoples finds a common link in the Spanish language and in a shared culture Central to this culture is the experience of exile of being a people at the margins of a society who must find and make their way together Central also is faith and its grounding in this experience of being in exile In delineating the very particular nature and worldview of Hispanic Latino theology *Caminemos con Jesus* challenges both traditional Euro American theologies and modern Western epistemological assumptions It examines the implications of this theological method for the Church and the academy as well as for the future of the Latino community and North American society *Caminemos con Jesus* provides lessons in discipleship for non Hispanics and Hispanics alike for students of contemporary theology and all those engaged in pastoral and church based work

El Mensaje de Guadalupe Lumen,2002-08-01 *Religion and the Creation of Race and Ethnicity* Craig R Prentiss,2003-06-01 The original essays in this collection shed light on the role religion and myth have played in the creation of race and ethnic categories When scholars approach religion and race they tend to focus on such issues as how African Americans have expressed Christianity or how Japanese or Mexicans have lived religiously This volume meant specifically for those new to the field offers a different perspective Prominent scholars illuminate the role religious myths have played in shaping those very social boundaries that we call races and ethnicities It asks what part did Christianity play in creating Blackness To what extent was Japanese or Mexican identity itself the product of religious life The text comprised of all original material introduces readers to the social construction of race and ethnicity and the ways in which these concepts are shaped by religious narratives It offers examples from both the U S and around the world exploring these themes in the context of places as diverse as Bosnia India Japan Mexico Zimbabwe and the Middle East The volume helps make the case that any account of the social construction of race and ethnicity will be incomplete if it fails to consider the influence of religious traditions and myths

the colonial to the contemporary period The essays here provide an accessible background to understanding Christianity in Latin America Spanning the era from indigenous and African descendant people s conversion to and transformation of Catholicism during the colonial period through the advent of Liberation Theology in the 1960s and conversion to Pentecostalism and Charismatic Catholicism The Oxford Handbook of Latin American Christianity is the most complete introduction to the history and trajectory of this important area of modern Christianity **María en la Fe Católica** Timothy Matovina,2019-08-02 Devotion to the Blessed Mother is at the heart of Hispanic Catholicism Timothy Matovina chairman of the theology department at the University of Notre Dame and former codirector of the Institute for Latino Studies offers a short introduction to the important role of Mary in Catholic faith This new addition to Ave Maria Press s Recursos para el ministerio hispano series provides lay ministers catechists and others in ministry with a grounding in contemporary theology about Mary that is necessary for pastoral ministry Hispanic Catholics have a deep devotion to Mary and rightly understand her as their model of faith their intercessor and their loving mother who cares for them throughout their lives With clarity pastoral wisdom and personal warmth Timothy Matovina draws on his experience of Latino culture and decades of working directly with parishes that have large Hispanic populations to provide a cogent introduction to the place of Mary in faith and theology Five chapters present Mary in the gospels the four Marian dogmas contemporary teaching of the Church devotion the liturgy and the communion of the saints and Hispanic spirituality Each chapter contains suggestions for additional reading in the scriptures and official Church documents Questions for discussion and reflection are also included While many Spanish language resources are imported from other countries this book emerges from the pastoral reality of Hispanic Catholics in the United States This booklet is only available in Spanish **El secreto de la Liturgia** , *She Who Imagines* Laurie Cassidy, Maureen H. O'Connell,2012-11-01 The idea and ideal of beauty has been used to oppress women of different ages body types skin color and physical ability The theoretical discussion of aesthetics has also been conditioned by these same dynamics of power and oppression In *She Who Imagines* a diverse set of scholars challenges the exclusion and false definitions while constructing capacious ideas that discover beauty in unexpected places In these essays the authors draw on a variety of arts media painting photography portraiture craftwork poetry and hip hop music thereby joining beauty to truth and in a richly defining way to the practice of justice In a variety of ways all the essays link women s definitions of beauty with experiences of suffering and hence with the yearning for justice All clearly prize resistance to degradation as an essential element of thought *Mexican Spirituality* Francisco Schulte,2002 This book celebrates a number of Guadalupan sermons that serve as the fundamental source of the Mexican people s unique spiritual devotion and identity These sermons were preached published and circulated among the populace of Mexico in the seventeenth and eighteenth centuries They proclaim an unshakable conviction that the peoples of the American continent are the uniquely blessed recipients of God s and especially Mary s favor In their modern sense these sermons provide a wealth of information on Mexican theology
