Elenchus bibliographicus ,1987 **Eschatology and Ecology** Paul Hang-Sik Cho,2011-05-01 This book raises the question of why Korean people and Korean Protestant Christians in particular pay so little attention in theory or practice to ecological issues The author argues that there is an important connection or elective affinity between this lack of attention and the otherworldly eschatology that is so dominant within Korean Protestant Christianity Dispensational premillennialism originally imported by American missionaries resonated with traditional religious beliefs in Korea and soon came to dominate much of Korean Protestantism This book argues that this of all forms of millennialism is the most damaging to ecological concerns It also suggests how Korean churches may effectively respond to the ecological challenge *Elenchus of Biblica* ,1986 *The Continuum History of Apocalypticism* Bernard McGinn,John J. Collins,John James Collins,Stephen Stein,2003-10-01 Apocalypticism has been the source of hope and courage for the oppressed but has also given rise on many occasions to fanaticism and intolerance The essays in this volume seek neither to apologize for the extravagance of apocalyptic thinkers nor to excuse the perverse actions of some of their followers Rather they strive to understand a powerful perhaps even indispensable element in the history of Western religions that has been the source of both good and evil and still is yet today The Editors The Continuum History of Apocalypticism is a 1 volume select edition of the 3 vol Encyclopedia of Apocalypticism first published in 1998 The main historical surveys that provided the spine of the Encyclopedia have been retained while essays of a thematic nature and a few whose subject matter is not central to the historical development have been omitted The work begins with 8 articles on The Origins of Apocalypticism in the Ancient World extending from ancient Near Eastern myth through the Old Testament to the Dead Sea Scrolls Jesus Paul and the Book of Revelation Next are 7 articles on Apocalyptic Traditions from Late Antiquity to ca 1800 C E including early Christian theology radical movements in the Middle Ages and both Jewish and Islamic apocalypticism in the classic period The final section Apocalypticism in the Modern Age includes 10 articles on apocalypticism in the Americas in Western and Eastern Europe and finally in modern Judaism and modern Islam **Bibliografía Joánica** Ricardo Rábanos Espinosa,Domingo Muñoz León,1990 **The Story of Religion in America** James P. Byrd,James Hudnut-Beumler,2021-11-30 Written primarily for undergraduate classes in American religious history and organized chronologically this new textbook presents the broad scope of the story of religion in the American colonies and the United States While following certain central narratives including the long shadow of Puritanism the competition between revival and reason and the defining role of racial and ethnic diversity the book tells the story of American religion in all its historical and moral complexity To appeal to its broad range of readers this textbook includes charts timelines and suggestions for primary source documents that will lead readers into a deeper engagement with the material Unlike similar history books The Story of Religion in America pays careful attention to balancing the story of Christianity with the central contributions of other religions **The Battle for the American Mind** Carl J.

Richard,2006-08 The Battle for the American Mind brings together religion politics economics science and literature to present a compelling history of the American people In this brief and entertaining book noted historian Carl J Richard argues that there have been three worldviews that have dominated American thought theism humanism and skepticism Theists put their faith in God humanists in man and skeptics have faith in neither god nor man Each worldview has had an epoch of domination leading to the present Age of Confusion where theists humanists and skeptics battle one another for control of American hearts and minds By clearly explaining what Americans believed exploring why they did so and showing how that impacted the nation s development Carl J Richard presents a unique portrait of the United States past and present *THE BEST OF THE KAMBULOW* walter kambulow,2003-06-01 As for God His way is perfect The word of the LORD is proven He is a shield to all who trust in Him For who is God except the LORD And who is a rock except our God It is God who arms me with strength And makes my way perfect He makes my feet like the feet of deer And sets me on my high places He teaches my hands to make war So that my arms can bend a bow of bronze You have also given me the shield of Your salvation Your right hand has held me up Your gentleness has made me great Psalm 18 30 35 The book is the compilation of what we consider to be some of the best chapters in the many different books that we wrote Apocalyptic Fever Richard G. Kyle,2012-08-01 How will the world end Doomsday ideas in Western history have been both persistent and adaptable peaking at various times including in modern America Public opinion polls indicate that a substantial number of Americans look for the return of Christ or some catastrophic event The views expressed in these polls have been reinforced by the market process Whether through purchasing paperbacks or watching television programs millions of Americans have expressed an interest in end time events Americans have a tremendous appetite for prophecy more than nearly any other people in the modern world Why do Americans love doomsday In *Apocalyptic Fever* Richard Kyle attempts to answer this question showing how dispensational premillennialism has been the driving force behind doomsday ideas Yet while several chapters are devoted to this topic this book covers much more It surveys end time views in modern America from a wide range of perspectives dispensationalism Catholicism science fringe religions the occult fiction the year 2000 Islam politics the Mayan calendar and more The Delusions of Crowds William J. Bernstein,2021-02-23 This disturbing yet fascinating exploration of mass mania through the ages explains the biological and psychological roots of irrationality Kirkus Reviews From time immemorial contagious narratives have spread through susceptible groups with enormous often disastrous consequences Inspired by Charles Mackay s nineteenth century classic *Memoirs of Extraordinary Popular Delusions and the Madness of Crowds* neurologist and author William Bernstein examines mass delusion through the lens of current scientific research in *The Delusions of Crowds* Bernstein tells the stories of dramatic religious and financial mania in western society over the last five hundred years from the Anabaptist Madness of the 1530s to the dangerous End Times beliefs that pervade today s polarized America and from the South Sea Bubble to the Enron scandal and dot com bubbles Through Bernstein s supple

prose the participants are as colorful as their desire to improve one's well being in this life or the next Bernstein's chronicles reveal the huge cost and alarming implications of mass mania He observes that if we can absorb the history and biology of this all too human phenomenon we can recognize it more readily in our own time and avoid its frequently dire impact

End-times James M. Eiford, 1986 *Mapping Modern Theology* Kelly M. Kapic, Bruce L. McCormack, 2012-04-01 This textbook offers a fresh approach to modern theology by approaching the field thematically covering classic topics in Christian theology over the last two hundred years The editors leading authorities on the history of nineteenth and twentieth century theology have assembled a respected team of international scholars to offer substantive treatment of important doctrines and key debates in modern theology Contributors include Kevin Vanhoozer John Webster Veli Matti Kärkkäinen and Michael Horton The volume enables readers to trace how key doctrinal questions were discussed where the main debates lie and how ideas developed Topics covered include the Trinity divine attributes creation the atonement ethics practical theology and ecclesiology

Apocalyptic Movements in Contemporary Politics C. Aldrovandi, 2014-05-27 This book explores Israeli Religious Zionism and US Christian Zionism by focusing on the Messianic and Millenarian drives at the basis of their political mobilization towards a Jewish colonization of the occupied territories Apocalyptic Dread Kirsten Moana

Thompson, 2012-02-01 In Apocalyptic Dread Kirsten Moana Thompson examines how fears and anxieties about the future are reflected in recent American cinema Through close readings of such films as *Cape Fear* *Candyman* *Dolores Claiborne* *Seven Signs* and *War of the Worlds* Thompson argues that a longstanding American apocalyptic tradition permeates our popular culture spreading from science fiction and disaster films into horror crime and melodrama Drawing upon Kierkegaard's notion of dread that is a fundamental anxiety and ambivalence about existential choice and the future Thompson suggests that the apocalyptic dread revealed in these films and its guiding tropes of violence retribution and renewal also reveal deep seated anxieties about historical fragmentation and change anxieties that are in turn displaced onto each film's particular monster whether human demonic or eschatological

Under God Garry Wills, 2013-05-28 In *Under God* Pulitzer Prize winner and eminent political observer Garry Wills sheds light on the frequent collision between American politics and American religion Beginning with the 1988 presidential contest an election that included two ministers and a senator accused of sin award winning author Garry Wills surveys the tapestry of American history to show the continuity of present controversies with past religious struggles and argues that the secular standards of the Founding Fathers have been misunderstood He shows that despite reactionary fire breathers and fanatics religion has often been a progressive force in American politics and explains why the policy of a separate church and state has ironically made the position of the church stronger Marked by the extraordinary quality of observation that has defined Wills' work *Under God* is a rich original look at why religion and politics will never be separate in the United States

Revelation Wilfrid J. Harrington, 2008 *Revelation* a prophetic apocalyptic letter is a profoundly Christian text Father Harrington is concerned to open up *Revelation* and to

convey its Christian message After an introduction he provides a new translation of each section of the writing followed by notes which deal with matters of text and content that require clarification He then treats the passage as a whole by discussing its literary character its theological significance and its relevance to our situation Bibliographies direct the reader to important modern studies Father Harrington brings his scholarship to the Book of Revelation and conveys its Christian message He puts the work in its historical and social setting a first century c e province of the Roman Empire and explores its social and religious background and its literary character Through Father Harrington we hear clearly the challenge of John the prophet to the Churches of his time and to ours not to compromise the gospel message
