Endangered Dreams Kevin Starr, 1996 History of California in the 1930s discussing topics that include the depression Upton Sinclair's campaign for governor Harry Bridges and the San Francisco general strike and the public and private relief programs for the more than one million emigrants from the dust bowl

**Endangered Dreams: The Great Depression in California** Kevin Starr, 1996-01-11 California Wallace Stegner observed is like the rest of the United States only more so Indeed the Golden State has always seemed to be a place where the hopes and fears of the American dream have been played out in a bigger and bolder way And no one has done more to capture this epic story than Kevin Starr in his acclaimed series of gripping social and cultural histories Now Starr carries his account into the 1930s when the political extremes that threatened so much of the Depression ravaged world fascism and communism loomed large across the California landscape In Endangered Dreams Starr paints a portrait that is both detailed and panoramic offering a vivid look at the personalities and events that shaped a decade of explosive tension He begins with the rise of radicalism on the Pacific Coast which erupted when the Great Depression swept over California in the 1930s Starr captures the triumphs and tumult of the great agricultural strikes in the Imperial Valley the San Joaquin Valley Stockton and Salinas identifying the crucial role played by Communist organizers he also shows how after some successes the Communists disbanded their unions on direct orders of the Comintern in 1935 The highpoint of social conflict however was 1934 the year of the coastwide maritime strike and here Starr's narrative talents are at their best as he brings to life the astonishing general strike that took control of San Francisco where workers led by charismatic longshoreman Harry Bridges mounted the barricades to stand off National Guardsmen That same year socialist Upton Sinclair won the Democratic nomination for governor and he launched his dramatic End Poverty in California EPIC campaign In the end however these challenges galvanized the Right in a corporate legal and vigilante counterattack that crushed both organized labor and Sinclair And yet the Depression also brought out the finest in Californians state Democrats fought for a local New Deal California natives helped care for more than a million impoverished migrants through public and private programs artists movingly documented the impact of the Depression and an unprecedented program of public works capped by the Golden Gate Bridge made the California we know today possible In capturing the powerful forces that swept the state during the 1930s radicalism repression construction and artistic expression Starr weaves an insightful analysis into his narrative fabric Out of a shattered decade of economic and social dislocation he constructs a coherent whole and a mirror for understanding our own time

**America 1933** Michael Golay, 2013-06-04 The first account of the remarkable eighteen month journey of Lorena Hickok intimate friend of Eleanor Roosevelt throughout the country during the worst of the Great Depression bearing witness to the unprecedented ravaged During the harshest year of the Great Depression Lorena Hickok a top woman news reporter of the day and intimate friend of Eleanor Roosevelt was hired by FDR's right hand man Harry Hopkins to embark upon a grueling journey to the hardest hit

**of California** Kathryn S. Olmsted, 2010-05-11 Olmsted finds in Depression era California the crucible for strong arm policies against farm workers that bolstered the conservative movement Kirkus Reviews At a time when a resurgent immigrant labor movement is making urgent demands on twenty first century America and when a new and virulent strain of right wing anti immigrant populism is roiling the political waters Right Out of California is a fresh and profoundly relevant touchstone for anyone seeking to understand the roots of our current predicament This major reassessment of modern conservatism reexamines the explosive labor disputes in the agricultural fields of Depression era California the cauldron that inspired a generation of artists and writers and that triggered the intervention of FDR s New Deal Noted historian Kathryn S Olmsted tells how this brief moment of upheaval terrified business leaders into rethinking their relationship to American politics a narrative that pits a ruthless generation of growers against a passionate cast of reformers writers and revolutionaries Olmsted s vivid accomplished narrative really belongs to the historiography of the left As her strong research shows race and gender prejudice informed or deformed almost the whole of American social and cultural life in the 1930s and was as common on the left as on the right The New York Times Book Review An accessible work that aids in contextualizing the rise of future conservative leaders such as Richard Nixon and Ronald Reagan Publishers Weekly A major reworking of the Republican right s origins this is also a compelling read for anyone interested in California s outsized importance in America s recent past Darren Dochuk author of From Bible Belt to Sunbelt No One Is Illegal Justin Akers Chacón, Mike

married noncitizens persecuted racial groups labor leaders and political activists were all denied their citizenship and sometimes deported by a government that wanted to redefine the meaning of American Today US citizens living near the southern border are regularly denied passports thousands are detained and deported by mistake and the Trump administration is investigating the citizenship of 700 000 naturalized citizens Even elected leaders such as Barack Obama and Kamala Harris are not immune from false claims that they are not citizens eligible to hold office You Are Not American grapples with what it means to be American and the issues surrounding membership identity belonging and exclusion that still occupy and divide the nation in the twenty first century

**The Big Myth** Naomi Oreskes,Erik M. **California on the Breadlines** Jan Goggans,2010 Jan Goggans has found a wonderful way to explore the rich history of 1930s California by giving us a deep look at the indispensable work of economist Paul Taylor and photographer Dorothea Lange the brilliant husband wife team whose classic from 39 An American Exodus deserves a spot on the shelf right next to The Grapes of Wrath With prose that s as insightful as Taylor s own and as vivid as a Lange photograph California on the Breadlines both captures and contextualizes this hugely important period Goggans s

book will surely find its own place in the canon of Californiana Rick Wartzman author of *Obscene in the Extreme The Burning and Banning of John Steinbeck's The Grapes of Wrath During the Great Depression* Paul Taylor and Dorothea Lange took to the embattled fields of California on behalf of a suffering nation This elegant narrative presents the national service and shared passion of two talented Americans swept up by the drama of their times and their growing discovery of each other Kevin Starr University of Southern California A rich and gorgeous book and an elegant treatment of the complex and fascinating personal professional relationship between husband and wife labor economist Paul Taylor and photographer Dorothea Lange Their photojournalism gave face and voice to the mute shuffling in 1930s California breadlines etching into the national mind the greatest sufferers in a decade of agony Professor Goggans study is seminal in 21st century California studies thoroughly researched critically sophisticated and global in imagination a pleasure to pore over and read through California on the Breadlines is a true and riveting narrative of the rare singular partnership between Lange and Taylor Jack Hicks co editor of *The Literature of California Volume I* This is an extraordinary book Goggans elegantly interweaves sound scholarship with the moving human stories of California's Dust Bowl immigrants In bringing the agony of Depression era California home to the nation we immediately think of John Steinbeck and Carey McWilliams But Goggans makes it dramatically clear that Taylor and Lange labor economist and photographer husband and wife fused documentary photojournalism and the traditions of protest literature to create a new form that was at least as essential in telling that story and in proposing remedies As such California on the Breadlines is a powerful reminder that even in terrible economic times when Americans are willing hope and imagination are always possible Peter Schrag author of *Not Fit for Our Society Immigration and Nativism in America* A major contribution meticulously researched and written Goggans refracts the complex histories of California labor and migration through the lens of Lange and Taylor's fieldwork landmark images and remarkable marriage Rare in scholarship this book narrates history's epic arc alongside the more intimate story of Lange and Taylor providing a wealth of insights on the Great Depression that reads like the Great American novel John T Caldwell author of *Production Culture* and director of *Rancho California* por favor California on the Breadlines offers a compelling analysis of how Lange's and Taylor's work grew out of their shared social concerns and how that work offers a unique portrait of the cultural imagination of their time which of course their work also helped to shape Terry Beers author of *Gunfight at Mussel Slough Evolution of a Western Myth* Goggans provides an accessible and compelling account of the path that brought Paul Taylor and Dorothea Lange together and led them to dedicate their lives and work to documenting conditions of poverty in California Flannery Burke author of *From Greenwich Village to Taos Primitivism and Place at Mabel Dodge Luhan's*

**The Communist Party on the American Waterfront** Vernon L. Pedersen, 2019-12-20 In the early years of the Great Depression the Marine Workers Industrial Union MWIU was a colorful presence on the American Waterfront In 1935 the MWIU seemed to vanish closing its halls and stopping its publications Vernon L Pedersen convincingly

demonstrates that the MWIU did not vanish instead it was ordered by the Moscow based Communist International to send its members into mainstream ALF unions and take over from the inside Initiated by accident on the west coast and deliberately duplicated in the east the Communists seized control of the west coast longshoremen s union destroyed the International Seamen s Union and created the Communist dominated National Maritime Union      **Gumshoe America** Sean McCann,2000-12-06 Sees hard boiled crime fiction in relation to a changing literary marketplace and as an arena for conflicts about citizenship class culture and democracy during the New Deal      Nature, Class, and New Deal Literature Stephen Fender,2011-08-25 Working through close rhetorical analysis of everything from fiction and journalism to documents and documentaries this book looks at how popular memory favors the country Depression over the economic crisis in the nation s cities and factories Over eighty years after it happened the Depression still lives on in iconic images of country poor whites in the novels of John Steinbeck the photographs of Dorothea Lange and Arthur Rothstein the documentary films of Pare Lorenz and the thousands of share croppers life histories as taken down by the workers of the Federal Writers Project Like the politicians and bureaucrats who accomplished the New Deal s radical reforms in banking social security and labor union law the artists novelists and other writers who supported or even worked for the New Deal were idealists well to the left of center in their politics Yet when it came to hard times on the American farm something turned them into unwitting reactionaries Though they brought these broken lives of the country poor to the notice and sympathy of the public they also worked unconsciously to undermine their condition How and why Fender shows how the answer lies in clues overlooked until now hidden in their writing their journalism and novels the life histories they ghost wrote for their poor white clients the bureaucratic communications through which they administered these cultural programs even in the documentary photographs and movies with their insistent captions and voice overs This book is a study of literary examples from in and around the country Depression and the myths on which they drew
