Ending The Affair The Decline Of Television Current Affairs In Australia:

Ending the Affair Graeme Turner, 2005 *Ending the Affair* is a critical account of the state of current affairs television in Australia today It questions its future draws lessons from the past and shows why television current affairs matters BOOK JACKET *Ending the Affair* Graeme Turner, 2005 Examines the state of current affairs television in Australia today by pondering its future while drawing lessons from the past The book questions the social and political value of what we now think of as current affairs journalism Underpinning this approach is the conviction that TV current affairs serves functions which are important to a civilised democracy *Interpreting News* Graham Meikle, 2017-09-16 This core introductory text offers a comprehensive overview of how news has been theorised and understood in key media studies traditions It explores how news is constructed distributed and received and includes up to date examples and discussion of contemporary issues such as the uses of new technologies in news media **Witnessing Australian Stories** Kelly Jean Butler, 2017-07-28 This book is about how Australians have responded to stories about suffering and injustice in Australia presented in a range of public media including literature history films and television Those who have responded are both ordinary and prominent Australians politicians writers and scholars All have sought to come to terms with Australia s history by responding empathetically to stories of its marginalized citizens Drawing upon international scholarship on collective memory public history testimony and witnessing this book represents a cultural history of contemporary Australia It examines the forms of witnessing that dominated Australian public culture at the turn of the millennium Since the late 1980s witnessing has developed in Australia in response to the increasingly audible voices of indigenous peoples migrants and more recently asylum seekers As these voices became public they posed a challenge not only to scholars and politicians but also most importantly to ordinary citizens When former Prime Minister Kevin Rudd delivered his historic apology to Australia s indigenous peoples in February 2008 he performed an act of collective witnessing that affirmed the testimony and experiences of Aboriginal Australians The phenomenon of witnessing became crucial not only to the recognition and reparation of past injustices but to efforts to create a more cosmopolitan Australia in the present This is a vital addition to Transaction s critically acclaimed Memory and Narrative series *The Media and Communications in Australia* Stuart Cunningham, 2010-10 Traditional media are under assault from digital technologies Online advertising is eroding the financial basis of newspapers and television demarcations between different forms of media are fading and audiences are fragmenting We can podcast our favourite radio show data accompanies television programs and we catch up with newspaper stories on our laptops Yet mainstream media remain enormously powerful *The Media and Communications in Australia* offers a systematic introduction to this dynamic field Fully updated and revised to take account of recent developments this third edition outlines the key media industries and explains how communications technologies are impacting on them It provides a thorough overview of the main approaches taken in studying the media and includes new

chapters on social media gaming telecommunications sport and cultural diversity With contributions from some of Australia's best researchers and teachers in the field **The Media and Communications in Australia** is the most comprehensive and reliable introduction to media and communications available It is an ideal student text and a reference for teachers of media and anyone interested in this influential industry **The Media and Communications in Australia** Bridget

Griffen-Foley, Sue Turnbull, 2023-11-21 At a time when the traditional media have been reshaped by digital technologies and audiences have fragmented people are using mediated forms of communication to manage all aspects of their daily lives as well as for news and entertainment **The Media and Communications in Australia** offers a systematic introduction to this dynamic field Fully updated and expanded this fifth edition outlines the key media industries from print sound and television to film gaming and public relations and explains how communications technologies have changed the ways in which they now operate It offers an overview of the key approaches to the field including a consideration of Indigenous communication and features a hot topics section with contributions on issues including diversity misinformation algorithms COVID 19 web series and national security With chapters from Australia's leading researchers and teachers in the field **The Media and Communications in Australia** remains the most comprehensive and reliable introduction to media and communications from an Australian perspective It is an ideal student text and a key resource for teachers lecturers media practitioners and anyone interested in understanding these influential industries **Remembering Television** Kate Darian-Smith, Sue

Turnbull, 2013-01-16 This path breaking book extends our knowledge of the social and cultural impacts of television asking new questions about the ways television's technologies and programming have been experienced understood and remembered Television has served as a companion to the historical events that have unfolded in our everyday lives both on and off the screen and its presence is intricately bound up in our memories of the past and actions in the present As this volume demonstrates the influence of television over individual and family behaviours national identity and ideas of global citizenship is complex and wide ranging Drawing upon recent developments in memory studies history media and cultural studies and with particular reference to Australia leading scholars explore the histories of television and how its programs and personalities have been celebrated recalled with nostalgia or simply forgotten Topics covered include the prefiguring of television memories of the struggle for transmission in remote locations the transnational experience of television for immigrant communities the evocation of television programs through spin off products televised war reportage and censorship and the value of unofficial television archives such as YouTube As a whole these essays offer a striking and original examination of the connections between history memory and television in today's world **The Business of TV**

Politics, Media and Democracy in Australia Brian McNair, Terry Flew, Stephen Harrington, Adam Swift, 2017-02-10 In Australia as in many comparable democracies the role of the media in the political process is high on the public agenda There is a perception of widespread disillusionment with and disengagement from politics amongst voters and criticism of the media for failing to fulfil their democratic responsibilities adequately This book evaluates public perceptions of the performance of the political media in the context of the declared aims and objectives of media producers From there the authors present findings for improving the capacity of political media to engage and inform their audiences in ways which enhance the quality and popular legitimacy of the democratic process These conclusions are of import not only to Australians but to observers of mediated politics in the UK the US and other countries where similar debates around the crisis of public communication are on going

Fields, Capitals, Habitus Tony Bennett, David Carter, Modesto Gayo, Michelle Kelly, Greg Noble, 2020-07-21 Fields Capitals Habitus provides an insightful analysis of the relations between culture and society in contemporary Australia Presenting the findings of a detailed national survey of Australian cultural tastes and practices it demonstrates the pivotal significance of the role culture plays at the intersections of a range of social divisions and inequalities between classes age cohorts ethnicities genders city and country and the relations between Indigenous and non Indigenous Australians The book looks first at how social divisions inform the ways in which Australians from different social backgrounds and positions engage with the genres institutions and particular works of culture and cultural figures across six cultural fields the visual arts literature music heritage television and sport It then examines how Australians cultural preferences across these fields interact within the Australian space of lifestyles The close attention paid to class here includes an engagement with role of middlebrow cultures in Australia and the role played by new forms of Indigenous cultural capital in the emergence of an Indigenous middle class The rich survey data is complemented throughout by in depth qualitative data provided by interviews with survey participants These are discussed more closely in the final part of the book which explores the gendered political personal and community associations of cultural tastes across Australia s Anglo Celtic Italian Lebanese Chinese and Indian populations The distinctive ethical issues associated with how Australians relate to Indigenous culture are also examined In the light it throws on the formations of cultural capital in a multicultural settler

colonial society Fields Capitals Habitus makes a landmark contribution to cultural capital research *Young People and the Future of News* Lynn Schofield Clark, Regina Marchi, 2017-09-21 This book examines youth media practices on social media introducing the concept of connective journalism as a precursor to collective political action **Cultural Studies Review** Chris Healy and Stephen Muecke (eds), 2009-03-01 This edition of Cultural Studies Review brings together a diverse set of essays and new writing that identify particular national tendencies notions of family epistemological worries about postmodernity s represented purpose and queries about cultural studies as it is taught and as it could be understood There is also some careful exploring of where and why we might be at home in our differences and what a felt homelessness might be To gather these varied strands beneath the heading Homefronts acknowledges as always the plurality of the environments that we call home and the battles of representation and being that make up the experiences of nation family philosophy and academic discipline that render those sites particular and so personal to us Ordinary People and the Media Graeme Turner, 2009-12-04 The demotic turn is a term coined by Graeme Turner to describe the increasing visibility of the ordinary person in the media today In this dynamic and insightful book he explores the whys and hows of the everyday individual s willingness to turn themselves into media content through Celebrity culture Reality TV DIY websites Talk radio User generated materials online Initially proposed in order to analyse the pervasiveness of celebrity culture this book further develops the idea of the demotic turn as a means of examining the common elements in a range of hot spots in debates within media and cultural studies today Refuting the proposition that the demotic turn necessarily carries with it a democratising politics this book examines the political and cultural function of the demotic turn in media production and consumption across the fields of reality TV print and electronic news and current affairs journalism citizen and online journalism talk radio and user generated content online It examines these fields in order to outline a structural shift in what the western media has been doing lately and to suggest that these media activities represent something much more fundamental than contemporary media fashion Restyling Factual TV Annette Hill, 2007-06-11 Addressing the wide range of programmes and formats from news to documentary to popular factual genres Annette Hill s new book examines the ways viewers navigate their way through a busy noisy and constantly changing factual television environment Restyling Factual TV addresses the wide range of programmes that fall within the category of factuality from politics to natural history to reality entertainment Based on research with audiences of factual TV primarily in Sweden and the UK but with reference to other countries such as the US this book tackles issues such as legitimacy ethics and value in contemporary news and current affairs documentary and reality programming Drawing on the ethics of truth telling and notions of quality this wide ranging authoritative book expands the debate on popular factual entertainment and will be a welcome addition to the current literature The Shrinking Nation Graeme Turner, 2023-08-01 Over the past two decades Australia has been experiencing a sustained period of accelerated socio cultural change accompanied by existential threats from natural disasters and the

Covid pandemic and punctuated by repeated cycles of political upheaval The divisive and hyper partisan version of party politics that has accompanied these events has hamstrung the nation s capacity to respond to the challenges of the day from dealing with climate change to advancing gender equity or to renovating the buckling structures of social welfare At the same time we have seen the quality of our democracy compromised In *The Shrinking Nation* leading cultural historian Graeme Turner examines a wide range of social and cultural change including the role played by a media environment swamped by misinformation the social consequences of neoliberal economic policy and the divisive legacy of the culture wars before considering how we might strengthen the bonds of community and belonging that tie our nation together

Television Studies After TV Graeme Turner, Jinna Tay, 2009-03-27 Television studies must now address a complex environment where change has been vigorous but uneven and where local and national conditions vary significantly Globalizing media industries deregulatory policy regimes the multiplication convergence and trade in media formats the emergence of new content production industries outside the US UK umbrella and the fragmentation of media audiences are all changing the nature of television today its content its industrial structure and how it is consumed *Television Studies after TV* leads the way in developing new ways of understanding television in the post broadcast era With contributions from leading international scholars it considers the full range of convergent media now implicated in understanding television and also focuses on large non Anglophone markets such as Asia and Latin America in order to accurately reflect the wide variety of structures forms and content which now organise television around the world
