**Murder among Friends** Elizabeth S. Belfiore, 2000-01-27 Modern scholars have followed Aristotle in noting the importance of philia kinship or friendship in Greek tragedy especially the large number of plots in which kin harm or murder one another More than half of the thirty two extant tragedies focus on an act in which harm occurs or is about to occur among philoi who are blood kin In contrast Homeric epic tends to avoid the portrayal of harm to kin It appears then that kin killing does not merely occur in what Aristotle calls the best Greek tragedies rather it is a characteristic of the genre as a whole In *Murder Among Friends* Elizabeth Belfiore supports this thesis with an in depth examination of the crucial role of philia in Greek tragedy Drawing on a wealth of evidence she compares tragedy and epic discusses the role of philia relationships within Greek literature and society and analyzes in detail the pattern of violation of philia in five plays Aeschylus *Suppliants* Sophocles *Philoctetes* and *Ajax* and Euripides *Iphigenia in Tauris* and *Andromache* Appendixes further document instances of violation of philia in all the extant tragedies as well as in the lost plays of the fifth and fourth centuries

**Religion in the Public Square** James M. Patterson, 2019-06-28 Ven Fulton J Sheen Dr Martin Luther King Jr and Rev Jerry Falwell religious leaders who popularized theology through media campaigns designed to persuade the public In Religion in the Public Square James M Patterson considers religious leaders who popularized theology through media campaigns designed to persuade the public Ven Fulton J Sheen Dr Martin Luther King Jr and Rev Jerry Falwell differed profoundly on issues of theology and politics but they shared an approach to public ministry that aimed directly at changing how Americans understood the nature and purpose of their country From the 1930s through the 1950s Sheen was an early adopter of paperbacks radio and television to condemn totalitarian ideologies and to defend American Catholicism against Protestant accusations of divided loyalty During the 1950s and 1960s King staged demonstrations and boycotts that drew the mass media to him The attention provided him the platform to preach Christian love as a political foundation in direct opposition to white supremacy Falwell started his own church which he developed into a mass media empire He then leveraged it during the late 1970s through the 1980s to influence the Republican Party by exhorting his audience to not only ally with religious conservatives around issues of abortion and the traditional family but also to vote accordingly Sheen King and Falwell were so successful in popularizing their theological ideas that they won prestigious awards had access to presidents and witnessed the results of their labors However Patterson argues that Falwell s efforts broke with the longstanding refusal of religious public figures to participate directly in partisan affairs and thereby catalyzed the process of politicizing religion that undermined the Judeo Christian consensus that formed the foundation of American politics
