Energy Options For Africa Environmentally Sustainable Alternatives:

Energy Options for Africa Stephen Karekezi, Gordon Mackenzie, 1993 As African economies seek to recover from the 1980s energy policy has become a crucial component in the region's industrial transport and environment strategies and in meeting household fuel needs African energy specialists explore the issues involved to provide policy makers and development age

Energy Options for Africa Stephen Karekezi, Gordon A. Mackenzie, 1993-01 **Energy Services for the Urban Poor in Africa** Bereket Kebede, Ikhupuleng Dube, 2013-07-18 Africa has been experiencing higher rates of urbanization than any other continent and today about one third of the continent's population live in urban areas But studies of energy services for urban residents especially the poor are still rare The supply of electricity to poor city dwellers has not kept pace with urbanisation in 1970 some 40 million had no access to electricity by the year 2000 there were over 100 million The urban poor continue to rely on wood fuel charcoal kerosene and dung cakes for energy with all their environmental drawbacks This book examines the affordability of modern energy sources for the poor the relevance of energy subsidies the impact of subsidies on public finances and how electricity tariffs affect the operations of small and medium enterprises the main source of livelihood for the majority of the urban poor outside the formal economic sector

Energy Law and the Environment Rosemary Lyster, Adrian Bradbrook, 2006-08-31 Unsustainable practices worldwide in energy production and consumption have led to a plethora of environmental problems Until recently environmental law largely overlooked the relevance of energy production and consumption energy was seen to be of little significance to the advancement of sustainable development This has changed since 2000 with the global concern attached to climate change the publication by the United Nations of the World Energy Assessment and the detailed consideration given to this issue at the World Summit on Sustainable Development in Johannesburg in 2002 Australia has been seen to be lagging behind the other major industrialised nations of the world in addressing sustainable energy issues This book was first published in 2006

Experiences of Climate Change Adaptation in Africa Walter Leal Filho, 2011-08-08 It is widely acknowledged that in addition to global and regional efforts to cope with climate change by means of mitigation measures adaptation initiatives can and perhaps should play a key role in enabling communities from across Africa to better handle the problems related to it Due to the fact that experiences in climate change adaptation in Africa are poorly documented this book provides an attempt to address the perceived need for better documentation and dissemination of African experiences on climate change adaptation
