Topic: Literature | Words: 409 | Pages: 3

Introduction

Chapter Six "Essential Landscape: Image and Symbol in the Poetry of Aimé Césaire" explores the contribution of the poet into surrealist literature. Born on 26 June 1913, in a small town in the North of Martinique, Césaire placed great importance on his background and the place of birth as instrumental in showing the world what he stood for and where he came from. The geographic analysis can lead to a greater understanding of Césaire's poetry and his route to developing the concept of identity. The poetry of the author represents his perception of the world through personal opposition against colonial domination. However, due to the effectiveness of his poetry, it was possible for Césaire to overcome the inner wounds and struggles in order to create a new Caribbean identity.

Main body

The backbone of Césaire's poetry is wounded by the memories of slavery, racial injustice, and discrimination. Those who are confronted by the author's writing are encouraged to dig deep into the history of the global society and discover how the geographic distribution of populations pre-determined the fate of people in terms of their position in society as well as a national value. The purpose of Césaire's poetry is to find his own identity that has been lost in the wake of slavery and the mistreatment of people. In his works, the poet unwinds around the memories of Martinique and the value of the hometown, the soft years of childhood,

Do the Americas Have a Common Literature? Gustavo Pérez Firmat, 1990 This volume takes an important step toward the discovery of a common critical heritage that joins the diverse literatures of North America and Latin America Traditionally literary criticism has treated the literature of the Americas as New World literature examining it in relation to its Old World usually European counterparts This collection of essays redirects the Eurocentric focus of earlier scholarship and identifies a distinctive pan American consciousness The essays here place the literature of the Americas in a hemispheric context by drawing on approaches derived from various schools of contemporary critical thought Marxism feminism culture studies semiotics reception aesthetics and poststructuralism As part of their search for a distinctly New World literary idiom the contributors engage not only the major North American and Spanish American writers but also such marginal or minor literatures as Chicano African American Brazilian and Qu becois In identifying areas of agreement and confluence this work lays the groundwork for finding historical ideological and cultural homogeneity in the imaginative writing of the Americas Contributors Lois Parkinson Zamora David T Habery Jos David Sald var Antonio Ben tez Rojo Jos Piedra Doris Sommer Enrico Mario Sant Eduardo Gonz lez John Irwin Wendy B Faris Ren Prieto Jonathan Monroe Gustavo P rez Firmat

Indigenous Vanguards Ben Conisbee Baer, 2019-03-26 Anticolonial struggles of the interwar epoch were haunted by the question of how to construct an educational practice for all future citizens of postcolonial states In what ways vanguard intellectuals asked would citizens from diverse subaltern situations be equally enabled to participate in a nonimperial society and world In circumstances of cultural and social crisis imposed by colonialism these vanguards sought to refashion modern structures and technologies of public education by actively relating them to residual indigenous collective forms In Indigenous Vanguards Ben Conisbee Baer provides a theoretical and historical account of literary engagements with structures and representations of public teaching and learning by cultural vanguards in the colonial world from the 1920s to the 1940s He shows how modernizing educative projects existed in complex tension with impulses to indigenize national liberation movements and how this tension manifests as a central aspect of modernist literary practice Offering new readings of figures such as Alain Locke L opold Senghor Aim C saire D H Lawrence Rabindranath Tagore Mahatma Gandhi and Tarashankar Bandyopadhyay Baer discloses the limits and openings of modernist representations as they attempt to reach below the fissures of class that produce them

Establishing unexpected connections between languages and regions Indigenous Vanguards is the first study of modernism and colonialism that encompasses the decisive way public education transformed modernist aesthetics and vanguard politics

Designing West Africa P. Schwab, 2004-07-09 Many African nations are now described as fourth world nations ones which essentially have no future How could this have happened Through the scope of the 1960s the first decade of African independence Peter Schwab presents a compelling and provocative answer to this question *Designing West Africa* tells the story of a pivotal decade in African history when the fate of the continent was decided Focusing on the six most visible leaders of the period painting detailed portraits of them both as leaders and as people Schwab looks at how Africa served as a ground to play out larger international conflicts namely the Cold War He does not fall back on blaming non African involvement for the failure to build a visible leadership for the continent rather he critiques the African leaders themselves for their individual failings

Postcolonial Thought in the French Speaking World Charles Forsdick, David Murphy, 2022-04-01 In the late 1990s Postcolonial Studies risked imploding as a credible area of academic enquiry Repeated anthologization and an

overemphasis on the English language literatures led to sustained critiques of the field and to an active search for alternative approaches to the globalized and transnational formations of the post colonial world In the early twenty first century however postcolonial began to reveal a new openness to its comparative dimensions French language contributors to postcolonial debate such as Edouard Glissant and Abdelkebir Khatibi have recently risen to greater prominence in the English speaking world and there have also appeared an increasing number of important critical and theoretical texts on postcolonial issues written by scholars working principally on French language material It is to such a context that this book responds Acknowledging these shifts this volume provides an essential tool for students and scholars outside French departments seeking a way into the study of Francophone colonial postcolonial debates At the same time it supplies scholars in French with a comprehensive overview of essential ideas and key intellectuals in this area

The French Imperial Nation-State
Gary Wilder, 2020-05-08 France experienced a period of crisis following World War I when the relationship between the nation and its colonies became a subject of public debate The French Imperial Nation State focuses on two intersecting movements that redefined imperial politics colonial humanism led by administrative reformers in West Africa and the Paris based Negritude project comprising African and Caribbean elites Gary Wilder develops a sophisticated account of the contradictory character of colonial government and examines the cultural nationalism of Negritude as a multifaceted movement rooted in an alternative black public sphere He argues that interwar France must be understood as an imperial nation state an integrated sociopolitical system that linked a parliamentary republic to an administrative empire An interdisciplinary study of colonial modernity combining French history colonial studies and social theory The French Imperial Nation State will compel readers to revise conventional assumptions about the distinctions between republicanism and racism metropolitan and colonial societies and national and transnational processes
