**Engaging Symbols** Adrian W. B. Randolph, 2002-01-01 Randolph shows how engaging political symbols were grounded in a revolutionary way in amorous discourses that drew on metaphors of affection desire courtship betrothal marriage homo and hetero eroticism and procreation BOOK JACKET *Images and Identity in Fifteenth-century Florence* Patricia Lee Rubin, 2007-01-01 An exploration of ways of looking in Renaissance Florence where works of art were part of a complex process of social exchange Renaissance Florence of endless fascination for the beauty of its art and architecture is no less intriguing for its dynamic political economic and social life In this book Patricia Lee Rubin crosses the boundaries of all these areas to arrive at an original and comprehensive view of the place of images in Florentine society. The author asks an array of questions Why were works of art made Who were the artists who made them and who commissioned them How did they look and how were they looked at She demonstrates that the answers to such questions illuminate the contexts in which works of art were created and how they were valued and viewed Rubin seeks out the meeting places of meaning in churches in palaces in piazzas places of exchange where identities were taken on and transformed often with the mediation of images She concentrates on questions of vision and visuality on seeing and being seen With a blend of exceptional illustrations close analyses of sacred and secular paintings by artists including Fra Angelico Fra Filippo Lippi Filippino Lippi and Botticelli and wide ranging bibliographic essays the book shines new light on fifteenth century Florence a special place that made beauty one of its defining features **Art and Witchcraft in Early Modern Italy** Guy Tal,2025-10-01 The figure of the witch is familiar from the work of early modern German Dutch and Flemish artists but much less so in the work of their Italian counterparts Art and Witchcraft in Early Modern Italy seeks to explore the ways in which representations of witchcraft emerged from and coincided with the main cultural currents and artistic climate of an epoch chiefly celebrated for its humanistic and rational approaches Through an in depth examination of a panoply of arresting paintings engravings and drawings variously portraying a hag ridden colossal phallus a horror stricken necromancer dodging the devil s scrabbling claws and a nocturnal procession presided over by an infanticidal crone Guy Tal offers new ways of reading witchcraft images through and beyond conventional iconography Artists such as Parmigianino Alessandro Allori Leonello Spada and Angelo Caroselli effected visual commentaries on demonological notions that engaged their audience in a tantalizing experience of interpretation A Companion to Cosimo I de' Medici Alessio Assonitis, Henk Th. van Veen, 2021-11-01 Mining the rich documentary sources housed in Tuscan archives and taking advantage of the breadth and depth of scholarship produced in recent years the seventeen essays in this Companion to Cosimo I de Medici provide a fresh and systematic overview of the life and career of the first Grand Duke of Tuscany with special emphasis on Cosimo I s education and intellectual interests cultural policies political vision institutional reforms diplomatic relations religious beliefs military entrepreneurship and dynastic concerns Contributors Maurizio Arfaioli Alessio Assonitis Nicholas Scott Baker Sheila Barker
