Engel Elemente Energien:

The Modern Pilgrim Paul Post, Paulus Gijsbertus Johannes Post, Jos Pieper, Marinus van Uden, 1998 This book is the product of a relatively long history of pilgrimage research in a Dutch theological setting It is intended as a report for an international audience on this long running programme Two lines are followed in the book The first is the track of liturgical studies in which an historical European ethnological and anthropological approach has predominated The second is a social science track with specific content coming from psychology of religion The combination of these two lines has been extremely fruitful In addition to results of various surveys of contemporary pilgrimage practice and the expansion of research into ritual and cultural context in which modern pilgrims find themselves special attention is also bestowed on historiographic issues involved in orienting pilgrimage research and its theoretical and methodological aspects The places of pilgrimage examined here are Wittem Dokkum and Amsterdam in The Netherlands Banneux in Belgium Lourdes and La Salette in France and Santiago de Compostela in Spain The central question which informs the whole study is to what extent one can perhaps speak of a new type of pilgrim today the modern pilgrim

Der Engel Mächte Oliver Dürr, 2009 Wieso glauben Menschen an Engel Und wie stellt sich eigentlich Theologie diesem Phänomen Oliver Dürr widmet sich diesen Fragen und zieht dabei einen roten Faden von den religionsgeschichtlichen Anfängen über biblische und theologiegeschichtliche Befunde bis in die gegenwärtige Diskussion hinein Er verbindet damit aber auch den systematischen und methodologischen Ausblick wie nach der Kritik an der Engellehre durch Reformation und Metaphysikkritik ein heutiges Verständnis von Engeln Teufel und Dämonen in moderner Theologie vertreten werden kann ohne in die Aporien alter Diskussionen zurückzufallen Das Buch bietet dadurch TheologInnen PfarrerInnen und theologisch Interessierten neue systematisch theologische Perspektiven im Umgang mit dem volksgläubig tief verankerten Engelglauben

God Beyond Boundaries Perry Schmidt-Leukel, 2017 Fruitful relationships and constructive interaction between religions have become more important than ever But what about the issues of truth and conflicting truth claims Is it a betrayal of one's own faith to acknowledge the truth of other religions The current work is the first English translation of *Gott ohne Grenzen* published in 2005 In this much acclaimed study Perry Schmidt Leukel defends

religious pluralism showing under which presuppositions Christians can accept other religions as equally valid without denying their differences He discusses in detail how the pluralist position opens up new perspectives in Christianity s dialogue with Jews Muslim Hindus and Buddhists Schmidt Leukel Perry Prof Dr ist Professor f r Religionswissenschaft und interkulturelle Theologie an der Universit t M nster Er ist am Exzellenzcluster Religion und Politik der Universit t M nster beteiligt Er ist Mitglied im international advisory board des Forschungsprojektes Religion und Dialog in modernen Gesellschaften an der Akademie der Weltreligionen der Universit t Hamburg Seine Schwerpunkte sind unter anderem Theologie der Religionen interreligi se Beziehungen christlich buddhistischer Dialog und Pluralismusf higkeit der Religionen
