Engendered Trope In Joyces Dubliners:

Engendered Trope in Joyce's Dubliners Earl G. Ingersoll, 1996 Earl G Ingersoll convincingly argues that his study is a return to Lacan just as Lacan himself believed his own work to be a return to Freud In this study of trope and gender in Dubliners Ingersoll follows Lacan's example by returning to explore more fully the usefulness of the earlier Lacanian insights stressing the importance of language Returning to the semiotic as opposed to the more traditional psychoanalytic Lacan Ingersoll opts for the Lacan who follows Roman Jakobson back to early Freud texts in which Freud happened upon the major structuring principles of similarity and displacement Jakobson interprets these principles as metaphor and metonymy Lacan employs these two tropes as the means of representing transformation and desire Thus psychic functions meet literary texts in the space of linguistic representation through the signifier metaphor is a signifier for a repressed signified while metonymy is a signifier that displaces another Rejecting traditional psychoanalytic readings of Dubliners Ingersoll's New Psychoanalytic Criticism embraces Shoshana Felman's view that psychoanalysis is not a body of truths to be applied to literature but rather a literature in itself to be read intertextually with what we more conventionally consider literary texts In its theoretical framework this study is Lacanian not by following Lacan as the traditional psychoanalytic critic would follow Freud or Jung as the master explicator of the literary text but by doing Lacan Ingersoll credits Lacan not as the scientist Freud tried and failed to become but as the poet Freud was especially in his earlier period Basing his idea of the connections between gender and the tropes in the writings of feminist theorists and critics such as Luce Irigaray Jane Gallop and Barbara Johnson Ingersoll argues that sex and gender are not necessarily linked In Dublin the capital of a patriarchal society Joyce reveals the relevance of the opposition between metaphor motion empowerment as the masculine and metonymy confinement vulnerability as the feminine In this context metaphor must be privileged over metonymy as masculinity is privileged over femininity not because what is is right but because Joyce is describing a world that readers have always recognized as morally and spiritually deficient Rethinking Joyce's Dubliners Claire A. Culleton, Ellen Scheible, 2017-01-24 This collection of essays is a critical reexamination of Joyce's famed book of short stories Dubliners Despite the multifaceted critical attention Dubliners has received since its publication more than a century ago many readers and teachers of the stories still rely on and embrace old outdated readings that invoke metaphors of paralysis and stagnation to understand the book Challenging these canonical notions about mobility paralysis identity and gender in Joyce's work the ten essays here suggest that Dubliners is full of incredible movement By embracing this paradigm shift current and future scholars can open themselves up to the possibility of seeing that movement maybe even noticing it for the first time can yield surprisingly fresh twenty first century readings Suspicious Readings of Joyce's "Dubliners" Margot Norris, 2010-11-24 Because the stories in James Joyce's Dubliners seem to function as models of fiction they are able to stand in for fiction in general in their ability to make the operation of texts explicit and visible Joyce's stories do this by provoking skepticism in the face of their

storytelling Their narrative unreliabilities produced by strange gaps omitted scenes and misleading narrative prompts arouse suspicion and oblige the reader to distrust how and why the story is told As a result one is prompted to look into what is concealed omitted or left unspoken a quest that often produces interpretations in conflict with what the narrative surface suggests about characters and events Margot Norris s strategy in her analysis of the stories in Dubliners is to refuse to take the narrative voice for granted and to assume that every authorial decision to include or exclude or to represent in a particular way may be read as motivated Suspicious Readings of Joyce's Dubliners examines the text for counterindictions and draws on the social context of the writing in order to offer readings from diverse theoretical perspectives Suspicious Readings of Joyce's Dubliners devotes a chapter to each of the fifteen stories in Dubliners and shows how each confronts the reader with an interpretive challenge and an intellectual adventure Its readings of An Encounter Two Gallants A Painful Case A Mother The Boarding House and Grace reconceive the stories in wholly novel ways ways that reveal Joyce's writing to be even more brilliant more exciting and more seriously attuned to moral and political issues than we had thought **Dubliners** James Joyce, 2016-07-15 This group of fifteen brief narratives connected by a place and a time the city of Dublin at the beginning of the twentieth century was written when James Joyce was a precocious young graduate of University College With great subtlety and artistic restraint Joyce suggests what lies beneath the pieties of Dublin society and its surface drive for respectability suggesting the difficulties and despairs that were being endured on a daily basis in the homes pubs streets and offices of the city underemployment domestic violence alcoholism poverty hunger emotional and sexual repression No writer ever took more seriously the details history and culture of a particular place than Joyce did with his home city and these stories combine dark humor with compassion and a searching eye for the causes of suffering This new edition s historical appendices include contemporary reviews among them one by Ezra Pound and materials on religion the struggle for Irish independence and Dublin's musical and performance culture ReJoycing Rosa Bollettieri Bosinelli, Harold F. The status of the bitted harnessed horse was a low one in early modern England to be compared to such a beast is a demonstration of inferiority and subjugation To think anything else is to be na ve about the realities of horse management in the period and is to be na ve about the realities of the exploitation of horses and other mammals in the present day world Lacan and the Destiny of Literature Ehsan Azari, 2011-10-27 In contemporary academic literary studies Lacan is often considered impenetrably obscure due to the unavailability of his late works insufficient articulation of his methodologies and sometimes stereotypical use of Lacanian concepts in literary theory This study aims to integrate Lacan into contemporary literary study by engaging with a broad range of Lacanian theoretical concepts often for the first time in English and using them to analyse a range of key texts from different periods Azari explores Lacan's theory of desire as well as his final theories of lituraterre littoral and the sinthome and interrogates a range of poststructuralist interpretive approaches In the second part of the book he outlines the variety of ways in which Lacanian theory can be applied to literary texts and offers detailed readings of texts by Shakespeare Donne Joyce and Ashbery This ground breaking study provides original insights into a number of the most influential intellectual discussions in relation to Lacan and will fill a recognised gap in understanding Lacan and his legacy for literary study and criticism
