The Engineer of Human Souls Josef Škvorecký, 1999 So entertaining that it would be dangerous to read it without laughing aloud Los Angeles Times Book Review **The Engineer of Human Souls** Josef Skvorecky, 1993 So entertaining that it would be dangerous to read it without laughing aloud Los Angeles Times Book Review *The Engineer of Human Souls* Josef Škvorecký, 1985 Een Tsjechische hoogleraar in Canada ervaart terugkijkend op de onderdrukking in zijn land de genoegens van een vrij en ongedwongen leven *The Engineer of Human Souls* Josef Škvorecký, 1985-01-01 *The Nonconformists* Brian K. Goodman, 2023-06-20 The Cold War was an era of surprising connections between American and Czech literary cultures Major writers met behind the Iron Curtain while others smuggled translated and adapted works from the other side Brian K Goodman explores the artistic and political consequences arguing that the movement of literature inspired new forms of dissent **Social Functions of Literature** Paul Debreczeny, 1997 This study of the effect of literature on readers both as individuals and as members of social groups focuses on Russia's national poet Alexander Pushkin as a model for investigating the aesthetic and social functions of literature The individual reader's response to the literary text is demonstrated in Part One through a broad range of memoirs diaries and correspondences in which Russian readers recorded their reactions to Pushkin Among the reactions are testimonies that Pushkin's works helped readers form their personalities provided cathartic relief in times of stress and aided them in releasing their suppressed emotions In his analysis the author draws on various psychological approaches from studies of perception through developmental psychology to psychoanalysis Part Two exposes the extent to which individuals' aesthetic responses are conditioned by their social environment Against the backdrop of Russian social history in the early nineteenth century the author describes the dissemination of new aesthetic norms notably the relations of the Russian literary elite to lowbrow and middlebrow groups In this context he analyzes a number of Pushkin imitations with Pushkin's responses to them and links Nikolai Gogol's development as a writer to the social groups surrounding Pushkin Among the other topics discussed are the popularization of Pushkin on the stage and his inclusion in school textbooks and anthologies The aura surrounding the personality of an author is the subject of Part Three in which the author shows how Pushkin's death in a duel with a foreigner contributed to his emergence as a symbol of the Russian nation and how deep seated anxiety about national identity gave rise to the Pushkin myth and to the canonization of the poet as martyr The author also describes how the combined effect of the widespread reading of Pushkin's work and his legend as martyr allowed him to remain Russia's main mythic figure despite the Soviet Union's attempts to supplant him with Lenin Throughout the book theoretical arguments are buttressed by close readings of Pushkin's works especially *The Prisoner of the Caucasus* *Eugene Onegin* *Poltava* *Egyptian Nights* and several lyric poems
