

THE END OF ELITISM?

The Democratisation of the West German University System

It is a truism that the German university system has been the subject of much discussion and controversy. The system has been criticised for being too elitist, too bureaucratic, and too slow to respond to the needs of the economy. It has also been praised for its high standards of academic excellence and its commitment to research. In this book, Rosalind M. O. Pritchard examines the changes that have taken place in the West German university system since the end of the Second World War. She argues that the system has become more democratic and more responsive to the needs of the economy, but that it still has a long way to go. The book is a valuable contribution to the understanding of the German university system and its role in society.

The book is divided into three main parts. The first part, 'The Pre-war System', describes the structure and function of the German university system before the war. It was a highly elitist system, with universities reserved for the upper classes. The second part, 'The Post-war System', describes the changes that took place after the war. The system was reformed to be more democratic and more responsive to the needs of the economy. The third part, 'The Future of the System', discusses the challenges that the system faces in the future.

Pritchard's argument is that the German university system has become more democratic and more responsive to the needs of the economy, but that it still has a long way to go. She points out that the system is still dominated by the state, and that it is slow to respond to the needs of the economy. She also points out that the system is still elitist, with universities reserved for the upper classes. However, she also points out that the system has made significant progress since the war, and that it has a bright future ahead of it.

ROSALIND M. O. PRITCHARD

End Of Elitism The Democratisation Of The West German University System

Michael Nugent

End Of Elitism The Democratisation Of The West German University System:

The End of Elitism? Rosalind M. O. Pritchard,1990 The study examines the reform programme in Germany which in response to the crisis of the 1960s merged different types of institution at and below university level as a means of introducing greater flexibility within existing structures promoting social and regional equality and stimulating curricular innovation The impressive achievements of such Gesamthochschulen are examined as are the attendant difficulties which militate against comprehensivisation in Germany today

The End of Elitism? Rosalind M. O. Pritchard,1990 The study examines the reform programme in Germany which in response to the crisis of the 1960s merged different types of institution at and below university level as a means of introducing greater flexibility within existing structures promoting social and regional equality and stimulating curricular innovation The impressive achievements of such Gesamthochschulen are examined as are the attendant difficulties which militate against comprehensivisation in Germany today

Germany -

The Tides of Power Michael Balfour,2004-03-01 In Germany The Tides of Power Michael Balfour sets out to explain the factors which have shaped the German social political and economic character Tracing the movement of power from the Middle Ages onwards he seeks to lead the reader to an understanding of modern Germany why Germany precipitated and lost two major wars this century how the astonishing growth of wealth over the last half century was achieved the meaning behind the recent unification of Germany As German economic expansion continues into the 1990 s Professor Balfour discusses the power held by this technologically advanced nation and considers the acceptance of this power by the rest of the world

Japan and Germany under the U.S. Occupation Masako Shibata,2005-09-20 Focusing on the post war reconstruction of the education systems in Japan and Germany under U S military occupation after World War II this book offers a comparative historical investigation of education reform policies in these two war ravaged and ideologically compromised countries While in Japan large scale reforms were undertaken swiftly after the end of the war the U S zone in Germany maintained most of the traditional aspects of the German education system Why did Japan so readily accept ideas and values developed in the allied countries while Germany resisted Masako Shibata explores this question arguing that the role of the university and the pattern of elite formation which can be traced back to the period of the formation of Meiji Japan and the Kaiserreich created the conditions for differing reactions from educational leaders in each country this had a decisive impact on the proposed reforms By examining these reactions through a sociological cultural and historical frame an explanation emerges Japan and Germany under the U S Occupation will prove to be a valuable resource both to scholars of history and education reform

Protestant Theology and the Making of the Modern German University Thomas Albert Howard,2006-02-23 Publisher description

American Higher Education in a Global Context Cristina González,2022-02-14 American Higher Education in a Global Context Historical Perspectives describes the current state of universities on each continent providing a comprehensive analysis of the numerous factors that have affected higher education systems around

the world This book studies higher education from its emergence in antiquity to the establishment of the American research university model and its adoption around the globe through the current Covid 19 pandemic and concomitant economic and political crisis The author pays special attention to the shortcomings of the neoliberal trend of the last four decades which increased social stratification at institutions of higher learning Calling for an expansion of access to tertiary education and in particular to research universities this book examines the competition between China and the United States in the field of higher education stressing the importance of academic freedom without which there can be no true academic excellence

Routledge International Handbook of Working-Class Studies Michele Fazio,Christie Launius,Tim Strangleman,2020-12-30

The Routledge International Handbook of Working Class Studies is a timely volume that provides an overview of this interdisciplinary field that emerged in the 1990s in the context of deindustrialization the rise of the service economy and economic and cultural globalization The Handbook brings together scholars teachers activists and organizers from across three continents to focus on the study of working class peoples cultures and politics in all their complexity and diversity The Handbook maps the current state of the field and presents a visionary agenda for future research by mingling the voices and perspectives of founding and emerging scholars In addition to a framing Introduction and Conclusion written by the co editors the volume is divided into six sections Methods and principles of research in working class studies Class and education Work and community Working class cultures Representations and Activism and collective action Each of the six sections opens with an overview that synthesizes research in the area and briefly summarizes each of the chapters in the section Throughout the volume contributors from various disciplines explore the ways in which experiences and understandings of class have shifted rapidly as a result of economic and cultural globalization social and political changes and global financial crises of the past two decades Written in a clear and accessible style the Handbook is a comprehensive interdisciplinary anthology for this young but maturing field foregrounding transnational and intersectional perspectives on working class people and issues and focusing on teaching and activism in addition to scholarly research It is a valuable resource for activists as well as working class studies researchers and teachers across the social sciences arts and humanities and it can also be used as a textbook for advanced undergraduate or graduate courses **Historical Dictionary**

of Contemporary Germany Derek Lewis,Ulrike Zitzlsperger,2016-10-18 This second edition of Historical Dictionary of Contemporary Germany provides a comprehensive overview of most aspects of life and institutions in contemporary Germany It also introduces the reader to the historical development of both East and West Germany between 1949 and 1990 and addresses the various issues arising from reunification This second edition of Historical Dictionary of Contemporary Germany contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 500 cross referenced entries on important personalities politics economy foreign relations religion and culture This book is an excellent access point for students researchers and anyone wanting to know more about Germany *Democrats, Authoritarians and*

the Bologna Process Judith Marquand, 2018-04-06 This book sets the extraordinary phenomenon of The Bologna Process in its historical and political context Four contrasting country case studies Germany Russia England Wales illustrate some of the varying responses adopted when faced with a similar framework

The Transformation of the Student Career Michael Nugent, 2004-09 This study examines the transformation of the structural characteristics and ideological assumptions of university study in these three countries between the mid 1950s and the early 1990s

Education in Germany since Unification David Phillips, 2000-01-01 This volume is concerned with aspects of education in Germany over the 10 years prior to 2000 focusing on schools teachers vocational training and higher education in those eastern parts of the Federal Republic which formerly constituted the territory of the German Democratic Republic The articles deal with notions of transition and adaptation at a time of considerable upheaval and rapid change There is a particular focus in some contributions on the problems involved in conducting research on the views of teachers involved in complex processes of adjustment to a new status quo

Resources in education, 1991

The New Germany in the East Christopher Flockton, Eva Kolinsky, Rosalind M. O. Pritchard, 2000 Produced with the International Peace Academy in New York this volume focuses largely on the conflicts of the 1990s and future projects examining multifaceted issues involved in conflict management suggesting new approaches and tools for future conflict management

The German Example David Phillips, 2011-05-26 Over the past two hundred years German education policy and practice has attracted interest in England Policy makers have used the German example both to encourage change and development and to warn against certain courses of action This monograph provides the first major analysis of the rich material from government reports including work by Matthew Arnold the press travel accounts memoirs scholarly publications and the archives to uncover the nature of the English fascination with education in Germany from 1800 to the end of the twentieth century David Phillips traces this story and uses recent work in theories of educational policy borrowing to analyze the reception of the German experience and its impact on the development of English education policy

[The Cross-cultural Transfer of Educational Concepts and Practices](#) Masahiro Tanaka, 2005-05-16 This book analyses comparatively the creation of American and Japanese universities on the model of German universities largely in the late nineteenth century and the reform of German and Japanese universities on the model of American universities after the end of the Second World War The argument is that transferring educational concepts and practices from one cultural context to another involves not merely a transfer but a transformation How and why this transformation occurs is what this book is about More precisely it is suggested that transformation of educational concepts and practices during their cross cultural movement can be understood within a theoretical perspective that is proposed and developed in the book This book is divided into six chapters Chapter One as the introduction analyses several scholars approaches to the aspects of educational transfer then attempts to construct a theoretical perspective for the book on the processes of change in educational concepts and practices during their movement across cultures Chapters Two and Three

offer two narratives to investigate how German university concepts and practices were transmuted as a consequence of local actors efforts to import these concepts and practices into Japan and the United States Chapters Four and Five provide another two narratives to examine how American university concepts and practices were altered as a result of American actors attempts to export these concepts and practices to Japan and Germany Chapter Six as the conclusion through reflecting on the four narratives given in the main chapters re examines the ways in which the theoretical perspective of this book is useful to understand the processes of transformation of educational concepts and practices during their movement from one culture to another

The Design of the University Heinz-Dieter Meyer, 2016-10-04 What is the reason for the American university's global preeminence How did the American university succeed where the development of the German university from which it took so much stalled In this closely argued book Meyer suggests that the key to the American university's success is its institutional design of self government Where other university systems are dependent on the patronage of state church or market the American university is the first to achieve true autonomy which it attained through an intricate system of engagements with societal actors and institutions that simultaneously act as amplifiers of its impact and as checks on the university's ever present corrosive tendencies Built on a searching analysis of the design thinking of Wilhelm von Humboldt and Adam Smith and closely tracing the learning process by which Americans adapted the German model *The Design of the University* dismisses efforts to copy superficial features of the American university in order to achieve world class rank Calling attention to the design details of the university and the particulars of its institutional environment this volume identifies the practices and choices that produced the gold standard for today's world class higher education

The University Challenge (2004) Pugsley Lesley, 2018-02-19 Published in 2004 this book discusses whether the rhetoric of the market in higher education is matched by the realities of choice In the first comprehensive study of higher education markets and sixth form choice Lesley Pugsley argues that the annual burst of media fuelled panic about university entrance leads to a misinformed rhetoric about the purpose and value of higher education This is a benchmark study based on the 1997 cohort of students who were last to enter higher education under the Robbins 1963 banner of free education Tracking a group of students throughout their sixth form careers Pugsley provides a balanced account of the tensions experiences by the students their parents and their teachers in an increasingly market orientated higher education society This book was originally published as part of the Cardiff Papers in Qualitative Research series edited by Paul Atkinson Sara Delamont and Amanda Coffey The series publishes original sociological research that reflects the tradition of qualitative and ethnographic inquiry developed at Cardiff The series includes monographs reporting on empirical research edited collections focussing on particular themes and texts discussing methodological developments and issues

Diversity and Excellence in Higher Education Rosalind M. O. Pritchard, Matthias Klumpp, Ulrich Teichler, 2015-11-03 Diversity and excellence in Higher Education seem to be conflicting concepts Nevertheless they are dynamic and closely intertwined indeed they may even

require each other The book brings together insights from ten different countries to analyse these multi faceted phenomena and discuss how they may be reconciled within higher education To set the overall context it critically addresses markets and managerialism whilst foregrounding the dangers of certain behavior that European countries are currently though often unwisely copying from the U S In a mass Higher Education system the social basis of the student body diversifies a fact that creates new challenges for planners and managers The authors study of diversity concentrates particularly upon issues of equity and justice for students addressing their life cycle transitions from school to higher education degree completion postgraduate education and employability It also considers challenges posed by diversification at the institutional level encompassing changes in management leadership governance and performance assessment It addresses attempts to achieve excellence by selectivity thereby contributing to the stratification of university systems and it explores attempts to achieve excellence by merging smaller institutions to form larger entities The book s overall conclusion is that diversity and excellence are not necessarily enemies but relatives who cannot escape the bond between them

Student as Producer

Mike Neary, 2020-07-31 Student as Producer is set between the student protests and urban riots that erupted in England in 2010 2011 and the 2017 General Election during which students and young people played a significant role by protesting the politics of austerity and by supporting the politics of Corbynism This revolutionary curriculum is framed around unlearning the law of labor and the institutions through which the law of labor is enforced including the capitalist university which seeks growth and expansion for the sake of growth neglecting the needs of students in favor of the needs of the capitalist state Through thought experiments and reference to the work of the Soviet legal theorist Evgeny Pashukanis Student as Producer searches for solutions to how cooperatives might be brought about by a sense of common purpose and social defense Mike Neary grounds his answers in a version of Marx s social theory known as a new reading of Marx as advanced by authors such as Werner Bonefeld and Moishe Postone The theory is applied to various aspects of pedagogy criminology and political sociology to create a curricula for revolutionary teaching that will aid activists who are seeking ways in which to engage critically with higher education

Routledge Library Editions: Higher Education

Various, 2021-03-29 The volumes in this set originally published between 1964 and 2002 draw together research by leading academics in the area of higher education and provide a rigorous examination of related key issues The volume examines the concepts of learning teaching student experience and administration in relation to the higher education through the areas of business sociology education reforms government educational policy business and religion whilst also exploring the general principles and practices of higher education in various countries This set will be of particular interest to students and practitioners of education politics and sociology

End Of Elitism The Democratisation Of The West German University System Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free End Of Elitism The Democratisation Of The West German University System PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to

locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free End Of Elitism The Democratisation Of The West German University System PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of End Of Elitism The Democratisation Of The West German University System free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About End Of Elitism The Democratisation Of The West German University System Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer webbased readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. End Of Elitism The Democratisation Of The West German University System is one of the best book in our library for free trial. We provide copy of End Of Elitism

The Democratisation Of The West German University System in digital format, so the resources that you find are reliable. There are also many Ebooks of related with End Of Elitism The Democratisation Of The West German University System. Where to download End Of Elitism The Democratisation Of The West German University System online for free? Are you looking for End Of Elitism The Democratisation Of The West German University System PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another End Of Elitism The Democratisation Of The West German University System. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of End Of Elitism The Democratisation Of The West German University System are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with End Of Elitism The Democratisation Of The West German University System. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book?
