**The End of Racism** Dinesh D'Souza, 1996-09-30 The first comprehensive inquiry into the history nature and ultimate meaning of racism

*The Trouble with Principle* Stanley Fish, 2001-03-02 Stanley Fish is an equal opportunity antagonist A theorist who has taken on theorists an academician who has riled the academy a legal scholar and political pundit who has ruffled feathers left and right Fish here turns with customary gusto to the trouble with principle Specifically Fish has a quarrel with neutral principles The trouble They operate by sacrificing everything people care about to their own purity And they are deployed with equal highmindedness and equally absurd results by liberals and conservatives alike In this bracing book Fish argues that there is no realm of higher order impartiality no neutral or fair territory on which to stake a claim and that those who invoke one are always making a rhetorical and political gesture In the end it is history and context the very substance against which a purportedly abstract principle defines itself that determines a principle's content and power In the course of making this argument Fish takes up questions about academic freedom and hate speech affirmative action and multiculturalism the boundaries between church and state and much more Sparing no one he shows how our notions of intellectual and religious liberty cherished by those at both ends of the political spectrum are artifacts of the very partisan politics they supposedly transcend *The Trouble with Principle* offers a provocative challenge to the debates of our day that no intellectually honest citizen can afford to ignore

**African Canadian Leadership** Tamari Kitossa, Erica S. Lawson, Philip S.S. Howard, 2019-07-15 Challenging the myth of African Canadian leadership in crisis this book opens a broad vista of inquiry into the many and dynamic ways leadership practices occur in Black Canadian communities Exploring topics including Black women's contributions to African Canadian communities the Black Lives Matter movement Black LGBTQ HIV AIDS advocacy motherhood and grieving mentoring and anti racism contributors appraise the complex history and contemporary reality of blackness and leadership in Canada With Canada as a complex site of Black diasporas contributors offer an account of multiple forms of leadership and suggest that through surveillance and disruption practices of self determined Black leadership are incompatible with and threatening to White structures of power in Canada As a whole African Canadian Leadership offers perspectives that are complex non aligned and in critical conversation about class gender sexuality and the politics of African Canadian communities

**"I'm Not a Racist, But..."** Lawrence Blum, 2015-08-01 Not all racial incidents are racist incidents Lawrence Blum says We need a more varied and nuanced moral vocabulary for talking about the arena of race We should not be faced with a choice of racism or nothing Use of the word racism is pervasive An article about the NAACP's criticism of television networks for casting too few minority actors in lead roles asks Is television a racist institution A white girl in Virginia says it is racist for her African American teacher to wear African attire Blum argues that a growing tendency to castigate as racism everything that goes wrong in the racial domain reduces the term's power to evoke moral outrage In *I'm Not a Racist But* Blum develops a historically grounded account of racism as the deeply morally

charged notion it has become. He addresses the question whether people of color can be racist, defines types of racism and identifies debased and inappropriate usages of the term. Though racial insensitivity, racial anxiety, racial ignorance, and racial injustice are in his view not racism, they are racial ills that should elicit moral concern. Blum argues that race itself, even when not serving distinct racial malfeasance, is a morally destructive idea implying moral distance and unequal worth. History and genetic science reveal both the avoidability and the falsity of the idea of race. Blum argues that we can give up the idea of race but must recognize that racial groups' historical and social experience has been shaped by having been treated as if they were races.

Transcending Racial Barriers Michael O. Emerson, George A. Yancey, 2011. Despite recent progress against racial inequalities, American society continues to produce attitudes and outcomes that reinforce the racial divide. In Transcending Racial Barriers, Michael Emerson and George Yancey offer a fresh perspective on how to combat racial division. They document the historical move from white supremacy to institutional racism, then look at modern efforts to overcome the racialized nature of our society. The authors argue that both conservative and progressive approaches have failed as they continually fall victim to forces of ethnocentrism and group interest. They then explore group interest and possible ways to account for the perspectives of both majority and minority group members. They look to multiracial congregations, multiracial families, the military, and sports teams—all situations in which group interests have been overcome before. In each context, they find the development of a core set of values that binds together different racial groups along with the flexibility to express racially based cultural uniqueness that does not conflict with this critical core. Transcending Racial Barriers offers what is at once a balanced approach towards dealing with racial alienation and a bold step forward in the debate about the steps necessary to overcome present-day racism.

**Racial Structure and Radical Politics in the African Diaspora** Georgia A. Persons, 2017-07-05. This is a must-read book for anyone interested in the areas of racial theory and racial relations, multicultural and polarized religions, and the making of African personality and culture. In keeping with earlier volumes in the series, it emphasizes the cross-fertilization of Africa and the world. Black on the Block takes a look at life in the community of North Kenwood, Oakland, California. Mark Christian describes what it is like to be a member in the African diaspora in the United States and United Kingdom. In the racial theory and racial relations area, Clarence Tally's The AeRace Concept and Racial Structure argues that the study of race has become dominated by the idea that race is socially constructed. Reiland Rabaka analyzes discourse on the process of awarding reparations to people of African origin. Paula A. Moore explains why people of African descent with mental health problems do not receive treatment. Patriot Day focuses on the emergence and growth of Islam in America and its struggle to connect with America's cultural heritage. **Whitewash** John Gabriel, 2002-01-04 By putting the language used in television the radio the internet and press as well as that spoken by key leaders under the spotlight what is ultimately revealed is the existence of a white language both coded and overt Taking specific examples and presenting new factual evidence John Gabriel studies the racial politics that lie behind much of the communication in the public arena Case studies draw on contemporary political controversies and are used to explore the relationship between racialised forms of media discourse and political and economic change

**Cultural Studies 11.3** Lawrence Grossberg, Della Pollock, 2012-11-12 This intriguing issue represents the truly international and interdisciplinary nature of contemporary work in cultural studies Cultural Studies has reflected the discipline in becoming ever more global in scope and perspective *The Problem of Post-Racialism* M. Vickerman, 2013-10-24 This book argues that Americans belief in post racialism rooted in both ideology and material progress among racial minorities is wrong because both old and new patterns of racism continue to hinder the acceptance of African Americans as true equals in American society despite the recent mobility of the black middle class **In Face of the Facts** Richard Wightman Fox, Robert B. Westbrook, Lee H. Hamilton, 2002-11-07 Recently there has been a renewed interest in moral inquiry among American scholars in a variety of disciplines This collection of accessible essays by scholars in philosophy political theory psychology history literary studies sociology religious studies anthropology and legal studies affords a view of the current state of moral inquiry in the American academy and it offers fresh departures for ethically informed interdisciplinary scholarship Seeking neither to reduce values to facts nor facts to values these essays aim to foster discussion about inquiry and moral judgment and demonstrate that moral inquiry need not be either dispassionate and value free or moralistic and preachy **Expertise Versus Responsiveness In Children's Worlds** Jane Clark, 2003-09-02 First Published in 2004 Routledge is an imprint of Taylor Francis an informa company **Globalization and America** Angela J. Hattery, David G. Embrick, Earl Smith, 2008-05-21 As globalization expands more than goods and information are traded between the countries of the world Hattery Embrick and Smith present a collection of essays that explore the ways in which issues of human rights and social inequality are shared globally The editors focus on the United States role in contributing to human rights violations both inside and outside its borders Essays on contemporary issues such as immigration colonialism and reparations are used to illustrate how the U S and the rest of the world are inextricably linked in their relationships to human rights violations and social inequality Contributors include Judith Blau Eduardo Bonilla Silva and Joe R Feagin *Welfare Reform in Rural Places* Paul Milbourne, Terry Marsden, 2010-03-30 Intends to significantly extend previous research work on the rural impacts of national welfare reform and position it in a broader context This title provides a comprehensive and comparative account of the rural dimensions of welfare in a number of developed countries *Black Masculinity and Sexual Politics* Anthony J. Lemelle, Jr., 2010-04-26 This book is about how African American males experience masculinity politics and how U S sexism and racial ranking influences relationships between black and white males Lemelle argues that the only way to accommodate African American males is to eliminate sexism particularly as it appears in the organization of families *The Enigma of Clarence Thomas* Corey Robin, 2019-09-24 The Enigma of Clarence Thomas is a groundbreaking revisionist take on the Supreme Court justice everyone knows about but no one knows One of the marvels of Robin s razor sharp book is how carefully he marshals his evidence It isn t every day that reading about ideas can be both so gratifying and unsettling The New York Times Most people can tell you two things about Clarence Thomas Anita Hill accused

him of sexual harassment and he almost never speaks from the bench Here are some things they don't know Thomas is a black nationalist In college he memorized the speeches of Malcolm X He believes white people are incurably racist In the first examination of its kind Corey Robin one of the foremost analysts of the right *The Reactionary Mind* delves deeply into both Thomas's biography and his jurisprudence masterfully reading his Supreme Court opinions against the backdrop of his autobiographical and political writings and speeches The hidden source of Thomas's conservative views Robin shows is a profound skepticism that racism can be overcome Thomas is convinced that any government action on behalf of African Americans will be tainted by racism the most African Americans can hope for is that white people will get out of their way There's a reason Robin concludes why liberals often complain that Thomas doesn't speak but seldom pay attention when he does Were they to listen they'd hear a racial pessimism that often sounds similar to their own Cutting across the ideological spectrum this unacknowledged consensus about the impossibility of progress is key to understanding today's political stalemate

*Beyond Acting White* Erin McNamara Horvat, Carla O'Connor, 2006-03-02 *Beyond Acting White* broadens the extant conversation on the Black-White achievement gap that has been dominated by the notion that Blacks underperform in school because they fear being accused of acting white The authors elucidate the limitations of this explanation by pr
