Ending Disability Discrimination Gary E. May, Martha B. Raske, 2005 Ending Disability Discrimination defines disability as a social construction not as an immutable physical limitation and gives social work students and practitioners a model that can be used to transform how people with disabilities are treated Highlights Uses an innovative model for understanding disability that draws upon a concept familiar to social work students discrimination Chapter 5 Presents disability related impairment as a consequence of discrimination making the target system the social environment rather than the person with the disability a viewpoint that shows commitment to social justice and draws upon the systems perspective used for understanding other minority groups Provides a single source through which to explore the shifting history of scholarly thinking about disability issues by including chapters from respected disability scholars that chronicle and analyze the evolution of the conceptualization of disability Chapters 1 2 and 4 Don t Miss These Other Special Value Pack Options Research Navigator TM Research Navigator TM can be a student s best friend when they re facing a large research project Especially helpful with the toughest challenge getting started Research Navigator TM offers a comprehensive step by step walk through of the research process along with access to some of the most respected source databases available Access to Research Navigator TM a 15 value is FREE when packaged with a new Allyn Bacon Social Work textbook If this text did not come packaged with Research Navigator TM look for it in your bookstore or visit http www researchnavigator com today to purchase immediate access The Career Center Do your students need help transitioning from being a student to becoming a professional With The Career Center they can register to receive eight 30 minute career counseling sessions a total of four hours of career consultant time The Career Center is designed to address the wide range of preparation and life stages of individuals who are attempting to develop their careers Qualified career specialists advise students as they establish or reestablish themselves in today s competitive global economy The Career Center a 25 value is FREE to your students when you order it packaged with any new Allyn Bacon Social Work textbook Visit www ablongman com careercenter for more information Contact your local Allyn Bacon representative and request special packaging codes to take advantage of these great offers Critical Ethics of Care in Social Work Bob Pease, Anthea Vreugdenhil, Sonya Stanford, 2017-10-06 This book argues that the concept of care is a political and a moral concept As such it enables us to examine moral and political life through a radically different lens The editors and contributors to the book argue that care has the potential to interrogate relationships of power and to be a tool for radical political analysis for an emerging critical social work that is concerned with human rights and social justice The book brings a critical ethics of care into the realm of theory and practice in social work Informed by critical theory feminism intersectionality and post colonialism the book interrogates the concept of care in a wide range of social work settings It examines care in the context of social neglect interdisciplinary perspectives the responsibilisation agenda in social work and the ongoing debate about care and justice It situates care in the settings of

mental health homelessness elder care child protection asylum seekers and humanitarian aid It further demonstrates what can be learnt about care from the post colonial margins Aboriginal societies LGBTI communities and disability politics It demonstrates ways of transforming the politics and practices of care through the work of feminist mothers caring practices by men meditations on love rethinking self care extending care to the natural environment and the principles informing cross species care The book will be invaluable to social workers human service practitioners and managers who are involved in the practice of delivering care and it will assist them to challenge the punitive and hurtful strategies of neoliberal rationalisation The critical theoretical focus of the book has significance beyond social work including nursing psychology medicine allied health and criminal justice Disability and Social Work Education Francis K.O. encourages emancipatory personal and social change This text focuses on the challenge of incorporating critical theory into the practice of social workers and provides case studies and insights from a range of fields to illustrate how to work with tensions and challenges Beginning with an outline of the theoretical basis of critical social work and its different perspectives the authors go on to introduce key features of working in this tradition including critical reflection Part II explores critical practices in confronting privilege and promoting social justice in social work examining such issues as human rights gender poverty and class Part III considers the development of critical practices within the organisational context of social work including the fields of mental health child and family services within Centrelink and prison settings Part IV is focused on doing anti discriminatory and anti oppressive practice in social work with particular populations including asylum seekers Aboriginal and Torres Strait Islander peoples domestic violence survivors older people and lesbian gay and transgender groups Finally Part V outlines collectivist and transformative practices in social work and beyond looking at environmental issues social activism the disability movement and globalisation A highly valuable addition to social work education and practice literature in Australia and beyond its shores Ruth Phillips Associate Professor Faculty of Education and Social Work University of Sydney **Encyclopedia of Social Work** ,1965 **Structural Social Work in Action** Steven F. Hick, Heather I. Peters, Tammy Corner, Tracy London, 2009-09-25 Using concrete examples this optimistic book illustrates the ways in which structual social work theory is being successfully implemented in social work practice By providing examples of what does work in structural social work practice it offers hope to others that this work is not only possible but that it is happening it is effective and the rest of us can do it too *Intellectual Disability and Social Policies of Inclusion David P.* Treanor, 2020-08-29 This book explores why after forty years of funded policies of social inclusion persons living with an intellectual disability are still separated from the social fabric of neoliberal societies David Treanor shows how the nature of the reform process is driven unnecessarily by the economic neoliberal paradigm the cultural misconceptions of intellectual disability and the inattention accorded to personal relationships between persons living with and without an intellectual disability Treanor utilizes John Macmurray s personalist philosophy Julia Kristeva s ontology of disability and Michele Foucault's concept of bio power to explain this phenomenon The concepts in this book challenge current approaches to social inclusion and have radical implications for future practices Disability, Human Rights and the Limits of **Humanitarianism** Michael Gill, Cathy J. Schlund-Vials, 2016-05-23 Disability studies scholars and activists have long criticized and critiqued so termed charitable approaches to disability where the capitalization of individual disabled bodies to invoke pity are historically socially and politically circumscribed by paternalism Disabled individuals have long advocated for civil and human rights in various locations throughout the globe yet contemporary human rights discourses problematically co opt disabled bodies as evidence of harms done under capitalism war and other forms of conflict while humanitarian non governmental organizations often use disabled bodies to generate resources for their humanitarian projects It is the

connection between civil rights and human rights and this concomitant relationship between national and global which foregrounds this groundbreaking book s contention that disability studies productively challenge such human rights paradigms which troublingly eschew disability rights in favor of exclusionary humanitarianism It relocates disability from the margins to the center of academic and activist debates over the vexed relationship between human rights and humanitarianism These considerations thus productively destabilize able bodied assumptions that undergird definitions of personhood in civil rights and human rights by highlighting intersections between disability race gender ethnicity and sexuality as a way to interrogate the possibilities and limitations of human rights as a politicized regime Social Welfare Policy to Fields of Practice Ira C.
