## Ends Of Mourning:

The Ends of Mourning Alessia Ricciardi, 2003 The Ends of Mourning explores from an interdisciplinary perspective the contemporary crisis of mourning In an age skeptical of history and memory we relate to the past only as a spectacle a product to be consumed in the cultural marketplace The book charts the emergence and development of the problem of mourning in the writings of Freud Proust and Freud's successor Lacan Freud's idea of sorrow work and Proust's concept of involuntary memory defined the terms of the classic modernist account of mourning in the fields of psychoanalysis and literature Yet their insistence on the egotistical aspects of loss to the exclusion of all ethical and political considerations threatens the dissolution of the question of mourning **Cross-Categorical Classification** Serge Sagna, 2022-03-07

Languages in which non finite verbs infinitives gerunds etc are classified using the same linguistic means as nouns are rare This typologically unusual phenomenon is found in some Atlantic Niger Congo languages including Jola languages like Eegimaa Fogny and Kwatay where several different noun class gender prefixes NCPs are used to classify both nouns and verbs In this book it is argued following Sagna 2008 that these parallel morphosyntactic classifications in the nominal domain and verbal domains also reflect parallel semantic categorisation of entities and events The main topics investigated in this book are word class flexibility between nouns and verbs non finiteness noun class gender where morphological classes are analysed separately from agreement classes and the semantic principles underlying the categorisation of entities and events One of the central findings proposed in this book is that instances of NCP alternations on non finite verbs reflect strategies of event delimitation This book will be of interest to scholars investigating parts of speech systems finiteness systems of nominal and verbal classification and linguistic categorization **Macmillan's Magazine** David Masson, George Grove, John
