Enduring Visions:

Visions of Paradise Robert Stephen Haskett, 2005 Cuernavaca often called the Mexican Paradise or Land of Eternal Spring has a deep rich history Few visitors to this modern resort city near Mexico City would guess from its Spanish architecture and landmarks that it was governed by its Tlalhuican residents until the early nineteenth century Formerly called Cuauhnahuac the city was renamed by the Spanish in the sixteenth century when Hernando Cort s built his stone palacio on its main square and thrust Cuernavaca into the colonial age In *Visions of Paradise* Robert Haskett presents a history of Cuernavaca basing his account on an important body of late seventeenth century historical records known as primordial titles written by still unknown members of the Native population Until comparatively recently these indigenous language documents have been dismissed as false or forged land records Haskett however uses these Nahuatl texts to present a colorful portrait of how the Tlalhuicas of Cuernavaca and its environs made intellectual sense of their place in the colonial scheme conceived of their relationship to the sacred worlds of both their native religion and Christianity and defined their own history Surveying the local history of Cuernavaca from precontact observations by the Aztecs through postclassic times to the present with a concentration on early colonial times Haskett finds that the Native authors of the primordial titles crafted a celebratory history proclaiming themselves to be an enduringly autonomous essentially unconquered people who triumphed over the rigors of the Spanish colonial system

Constitutive Visions Christa J. Olson, 2015-06-13 In *Constitutive Visions* Christa Olson presents the rhetorical history of republican Ecuador as punctuated by repeated arguments over national identity Those arguments as they advanced theories of citizenship popular sovereignty and republican modernity struggled to reconcile the presence of Ecuador s large indigenous population with the dominance of a white mestizo minority Even as indigenous people were excluded from civic life images of them proliferated in speeches periodicals and artworks during Ecuador s long process of nation formation Tracing how that contradiction illuminates the textures of national identity formation *Constitutive Visions* places petitions from indigenous laborers alongside oil paintings overlays woodblock illustrations with legislative debates and analyzes Ecuador s nineteen constitutions in light of landscape painting Taken together these juxtapositions make sense of the contradictions that sustained and unsettled the postcolonial nation state

The Allure of Toxic Leaders Jean Lipman-Blumen, 2006-10-16 Toxic leaders both political like Slobodan Milosevic and corporate like Enron s Ken Lay have always been with us and many books have been written to explain what makes them tick Here leadership scholar Jean Lipman Blumen explains what makes the followers tick exploring why people will tolerate and remain loyal to leaders who are destructive to their organizations their employees or their nations Why do we knowingly follow seldom unseat frequently prefer and sometimes even create toxic leaders Lipman Blumen argues that these leaders appeal to our deepest needs playing on our anxieties and fears on our yearnings for security high self esteem and significance and on our desire for noble enterprises and immortality She also explores how followers inadvertently keep

themselves in line by a set of insidious control myths that they internalize For example the belief that the leader must necessarily be in a position to know more than the followers often stills their objections In addition outside forces such as economic depressions political upheavals or a crisis in a company can increase our anxiety and our longing for charismatic leaders Lipman Blumen shows how followers can learn critical lessons for the future and survive in the meantime She discusses how to confront reform undermine blow the whistle on or oust a toxic leader And she suggests how we can diminish our need for strong leaders identify reluctant leaders among competent followers and even nurture the leader within ourselves Toxic leaders charm manipulate mistreat weaken and ultimately devastate their followers The Allure of Toxic Leaders tells us how to recognize these leaders before it s too late **Seeing Christ in Australia Since 1850** Kerrie Handasyde, Sean Winter, 2024-09-03 This book presents cultural representations of Christ embedded in the imagination and the contested myths of Australian life The essays attest to the variety and subtlety of neglected or unspoken representations of Christ in Australia In a land that has often declared itself secular or post Christian this volume looks into the Australian imagination in between the sacred and secular to see Christ in Australia Visions and Revelations John Taylor Dean, 1911
