**Enemy Mine** Barry B. Longyear, David Gerrold, 1985 Two soldiers bred for combat one human one alien are marooned on a hostile planet They have a choice they can kill each other or they can begin a new age of understanding *American Anatomies* Robyn Wiegman, 1995 In this brilliantly combative study Robyn Wiegman challenges contemporary clichés about race and gender a formulation that is itself a cliché in need of questioning As part of what she calls her feminist disloyalty she turns a critical even skeptical eye on current debates about multiculturalism and difference while simultaneously exposing the many ways in which white racial supremacy has been reconfigured since the institutional demise of segregation Most of all she examines the hypocrisy and contradictoriness of over a century of narratives that posit Anglo Americans as heroic agents of racism s decline Whether assessing Uncle Tom s Cabin lynching Leslie Fiedler s racist mapping of the American novel the Black Power movement of the 60s 80s buddy films or the novels of Richard Wright and Toni Morrison Wiegman unflinchingly confronts the paradoxes of both racism and antiracist agendas including those advanced from a feminist perspective *American Anatomies* takes the long view What epistemological frameworks allowed the West from the Renaissance forward to schematize racial and gender differences and to create social hierarchies based on these differences How have those epistemological regimes changed and not changed over time Where are we now With painstaking care political passion and intellectual daring Wiegman analyzes the biological and cultural bases of racial and gender bias in order to reinvigorate the discussion of identity politics She concludes that for very different reasons identity proves to be dangerous to minority and majority alike *Occasional Papers, Engineer School, United States Army* U.S. Army Engineer School, 1919 **Pamphlet on the Evolution of the Art of Fortification** U.S. Army Engineer School, 1919 **The London Gazette** ,1858 New York Magazine ,1986-01-06 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea **Field Manual** ,1973 Field Manual United States. that were used to bombard the Japanese at Haengiu in 1593 were very different from their European contemporaries This book details the design and use of the wide range of weaponry available during this period **Heaven Help Us** L.A. Jimmie Killingsworth,2005-09-26 Shunning the standard Aristotelian approach that treats ethos pathos and logos as modes of appeal M Jimmie Killingsworth uses common accessible language to explain the concept of the rhetorical appeal meaning the use of language to plead and to please The result is a practical and innovative guide to understanding how persuasion works that is suitable for graduate and undergraduate courses yet still addresses topics of current interest to specialists **Field Manuals** United States.
