Edens Dream:

Entangled Edens Candace Slater, 2002 The skill with which Slater combines various levels and modalities of narrative utilizing her personal experience as a colorful unifying thread is truly remarkable Antonio Candido author of *Antonio Candido On Literature and Society* Howard S Becker editor A very important book that quite gracefully elegantly and persuasively moves beyond the usual myth and history format to put at its center stories about the Amazon and the people who tell them Entangled Edens persuasively argues that the Amazon can only be grasped understood and come to terms with through its myths and stories It addresses a very real failing of modern environmentalism which for all its virtues tends to dehumanize and metaphorically depopulate when it does not villainize populations that do share its concerns or share them in very different ways Instead of forcing us to choose between land and people Slater uses the stories and the people who tell them to rethink human relations with nature and each other Richard White author of *The Organic Machine The Remaking of the Columbia River* Elegant erudite profoundly serious Entangled Edens is a source of inspiration and knowledge for the reader interested in the Amazon Without the cultural tradition and the life experience of Amazonia's people any analysis of the Amazon risks becoming inconsequential or opportunistic This is one of the powerful messages of this important reflection on the Amazon whose greatest riches are ultimately its people Candace Slater has written a book that will last Milton Hatoum author of *The Tree of the Seventh Heaven* 1994 and *The Brothers* 2002 **The Dominion of Dreams** William Sharp, 1912

Kirsch then focuses on Auden's criticism and on neglected and underestimated works of the poet's later years. Through insightful readings of Auden's writings and biography, Kirsch documents that Auden's faith and his religious doubt were the matrix of his work and life.

Eden D. R. Thorpe, 2011-05-31

Anthony Eden, who served as both Foreign Secretary and Prime Minister, was one of the central political figures of the twentieth century. He had good looks, charm, a Military Cross from the Great War, an Oxford first, and a secure parliamentary constituency from his mid-twenties. He was Foreign Secretary at the age of 38 and the first British statesman to meet Hitler, Mussolini, and Stalin. Eden's dramatic resignation from Neville Chamberlain's Cabinet in 1938, outlined here in the fullest detail yet, made an international impact. This ground-breaking book examines his controversial life and tells the inside story of the Munich crisis, 1938, the Geneva Conference, 1954, Eden's battles with Churchill over the modernisation of the post-war Conservative Party, and his rivalry with Butler and Macmillan in the early 1950s, culminating in a fascinating analysis of the Suez crisis.

E.D.E.N. Southworth Melissa Homestead, Pamela Washington, 2013-01-20

The prolific nineteenth-century writer E. D. E. N. Southworth enjoyed enormous public success in her day; she published nearly fifty novels during her career, but that very popularity combined with her gender led to her almost complete neglect by the critical establishment before the emergence of academic feminism. Even now, most scholarship on

Southworth focuses on her most famous novel *The Hidden Hand*. However, this new book, the first since the 1930s devoted entirely to Southworth, shows the depth of her career beyond that publication and reassesses her place in American literature. Editors Melissa Homestead and Pamela Washington have gathered twelve original essays from both established and emerging scholars that set a new agenda for the study of E D E N Southworth's works. Following an introduction by the editors, these articles are divided into four thematic clusters. The first, *Serial Southworth*, treats her fiction in periodical publication contexts. *Southworth's Genres*, the second grouping, considers her use of a range of genres beyond the sentimental novel and the domestic novel. In the third part, *Intertextual Southworth*, the essays present intensive case studies of Southworth's engagement with literary traditions such as Greek and Restoration drama and with her contemporaries such as Harriet Beecher Stowe and French novelist George Sand. Southworth's focus on social issues and reform figures prominently throughout the volume, but the pieces in the fourth section, *Southworth, Marriage and the Law*, present a sustained inquiry into the ways in which marriage law and the status of women in the nineteenth century engaged her literary imagination. The collection concludes with the first chronological bibliography of Southworth's fiction, organized by serialization date rather than book publication. For the first time, scholars will be able to trace the publication history of each novel and will be able to access citations for lesser-known and previously unknown works. With its fresh approach, this volume will be of great value to students and scholars of American literature, women's studies, and popular culture studies.

MELISSA J. HOMESTEAD is the Susan J. Rosowski Associate Professor of English at the University of Nebraska-Lincoln. Her book *American Women Authors and Literary Property, 1822-1869* includes Southworth and her articles on American women's writing have been published in a variety of academic journals. PAMELA T. WASHINGTON is Professor of English and former dean of the College of Liberal Arts at the University of Central Oklahoma. She is the co-author of *Fresh Takes: Explorations in Reading and Writing A Freshman Composition Text*.

Point of Reckoning Theodore D. Segal, 2021-01-04 Theodore D. Segal narrates the fraught and contested fight for racial justice at Duke University, which accepted its first black undergraduates in 1963, to tell both a local and national story about the challenges that historically white colleges and universities throughout the country continue to face.

Vernacular Edens Simone Marchesi, 2025-01-31 Late medieval European vernacular literature defined itself as the redeployment of classical and post-classical antecedents in new cultural coordinates. Many authors of narrative and poetic fiction between the twelfth and fourteenth centuries resisted the idea that moving a text from one language to another produces a loss of meaning, or as today's idiom goes, that something always gets lost in translation. Rather, they understood the process of vernacular translation as a regenerative cultural practice and often associated it with depictions of luscious and paradisaical gardens in their works. *Vernacular Edens* presents a systematic study of a literary commonplace: the representation of gardens in medieval fictions as a lens to understand the theories and practices of translation from Latin to the vernaculars. The book argues that the prominent narrative space that works composed in Old French, Italian, and Middle

English give to garden visit scenes is connected to their vindication of translation as an always enriching practice A wide range of texts from Marie de France's *Lais* to the *Roman de la Rose* from Dante's *Comedy* to Boccaccio's *Decameron* and from Petrarch's *Griselda* to Chaucer's *Clerk's and Merchant's Tales* provide the body of evidence analysed in the book
