Educating Second Language Children:

Educating Second Language Children Fred Genesee, 1994-03-25 This text brings together the work of 15 elementary education experts who support an integrative approach to educating second language children The paperback edition is a collection of articles from fourteen elementary education experts who espouse an integrative approach to second language education one that goes beyond language teaching methodology to cover a wide range of issues affecting the academic and social success of language minority children The volume deals not only with second language development but with the development of the whole child Rather than focusing on language instruction it addresses the entire curriculum and instead of restricting itself to classroom learning it examines the role of the school family and community **Teaching Young**

Children a Second Language Tatiana Gordon, 2006-11-30 This volume addresses a gamut of questions of interest to teachers of young second language learners Why do immigrant children leave their home countries and what are their journeys to the United States like How do young children adjust to the new culture What sort of dynamic prevails in immigrant families What are young immigrants schooling experiences like What are language learning processes like in young children The first part of the book contains an overview of recent ethnographic sociological and psycholinguistic research concerned with answering these questions The second half of the volume focuses on classroom practice Gordon provides an extensive overview of activities that have been proven to be effective with young language learners Practical recommendations contained in these pages flow directly from the classroom Gordon describes innovative second language lessons developed and implemented by ESL teachers who work with language learners enrolled in primary grades The book places special emphasis on those instructional strategies that stir young language learners interest while stimulating their linguistic and cognitive development Educating English Language Learners Fred Genesee, 2006-01-16 The book provides

a review of scientific research on the learning outcomes of students with limited or no proficiency in English in U S schools Research on students in kindergarten to grade 12 is reviewed The primary chapters of the book focus on these students acquisition of oral language skills in English their development of literacy reading writing skills in English instructional issues in teaching literacy and achievement in academic domains i e mathematics science and reading The reviews and analyses of the research are relatively technical with a focus on research quality design characteristics and statistical analyses The book provides a set of summary tables that give details about each study including full references characteristics of the students in the research assessment tools and procedures and results A concluding chapter summarizes the major issues discussed and makes recommendations about particular areas that need further research **Handbook of Undergraduate Second Language Education** Judith W. Rosenthal, 2013-06-17 This volume offers the most comprehensive up to date description of the wide array of second language programs currently available to undergraduate students in the United States and abroad It brings together for the first time detailed descriptions of programs in foreign language English

as a second language ESL dual language bilingual American Sign Language Native American and heritage languages Addressing both theory and practice the volume presents the historical development current practices and future directions of each type of program along with detailed case studies For second language teachers academic administrators and teacher educators this Handbook provides information that will be useful in making instructional and programmatic planning decisions

Educating Second Language Teachers Donald Freeman, 2016-09-27 Donald Freeman examines how core ideas and practices in educating second language teachers relate to and differ from teacher education in other content areas He weaves together research in general and second language teacher education with accounts of experience and practice to examine how background knowledge is defined in language teaching Throughout Freeman demonstrates how understanding the processes of teacher learning knowing thinking and reflecting are the same things done differently in second language teacher education *Educating Second Language Teachers* reconsiders pre and in service teacher education and proposes a detailed comprehensive design theory for teacher education A masterful account of the landscape of second language teacher education and the development of its theoretical assumptions and practices It offers a unique and original conceptualization of the field and will be an invaluable resource for teachers teacher educators and researchers Jack C Richards University of Sydney and University of Auckland Additional online resources are available at www.oup.com/elt/teacher/eslt Donald Freeman is Associate Professor of Education at the University of Michigan Oxford Applied Linguistics Series Advisers Anne Burns and Diane Larsen Freeman

Early Years Second Language Education Sandie Mourão, Mónica Lourenço, 2014-11-20 The age for early language learning has dropped dramatically in the past decade to include children under 6 years old yet very little published research exists to support the implementation of such programmes Drawing on a synthesis of theory research and practice this edited volume makes an innovative contribution to literature concerning language education for very young children It explores language learning in a wide range of geographical contexts with reference to second and foreign language learning bilingualism and plurilingualism with children under the age of 6 years old Chapters present discussion around teacher education policy making international case studies school and home based projects code switching and language use and methodologies and approaches *Early Years Second Language Education* International perspectives on theory and practice will be essential reading for researchers academics teacher trainers and post graduate students in the fields of early years education foreign and second language education language didactics and teacher education

Teaching and Learning in Multicultural Schools Elizabeth Coelho,1998-01-01 This text outlines relevant theoretical background and provides detailed practical advice and suggestions for educators in schools serving culturally and linguistically diverse communities Some chapters focus on the needs of students from immigrant communities especially those who are learning the language of instruction while others include historical minority groups as well Language in Multicultural Education Farideh Salili,Rumjahn Hoosain,2005-03-01 Many books on multicultural education focus on a country and provide in-depth discussion of issues pertinent to that country at the time Alternately understanding of multicultural education is sought through comparison between a society of special interest and a reference society often the United States An interesting recent example is Constructing Multicultural Education in a Diverse Society by Ilghiz Sinagatullin 2003 drawing on the author's knowledge of Russia and more particularly the Republic of Bashkortostan itself an ethnically and culturally diverse part of Russia The approach taken in this volume is to focus on an aspect of diversity and look at its ramifications across the world This provides an understanding of the nature of multicultural education itself as well as insights into local issues through the experience of other places Educating Immigrant Children Charles L. Glenn,Ester J. De Jong,1996-08-01 This study is concerned with the ways in which a dozen knowledge based societies of Western Europe and the English speaking world respond to unprecedented cultural and linguistic diversity resulting from the flow of immigrants and refugees since World War II It asks how public policy has sought to use schooling to minimize the potentially divisive and inequitable effects of this diversity and to provide opportunities to the children of immigrants It asks also how the nature of each of these societies affects the meaning of integration into each of them **Early Childhood Education** Moncrieff Cochran,Rebecca S. New,2007-01-30 Early childhood education has reached a level of unprecedented national and international focus Parents policy makers and politicians have opinions as well as new questions about what how when and where young children should learn Teachers and program administrators now find curriculum discussions linked to dramatic new understandings about children's early learning and brain development Early childhood education is also a major topic of concern internationally as social policy analysts point to its role in a nation's future economic outlook As a groundbreaking contribution to its field this four volume handbook discusses key historical and contemporary issues research theoretical perspectives national policies and practices *Second Language Distance Learning and Teaching: Theoretical Perspectives and Didactic Ergonomics* Bertin, Jean-Claude,Gravé, Patrick,Narcy-Combes, Jean-Paule,2010-02-28

This book problematizes the construct of distance second language learning in order to see what it covers if its parameters are well defined what theories can guide the actions of the participants and whether a model of action can be suggested with a method to validate the model Provided by publisher

Teaching English as a Foreign Or Second Language, Second Edition Jerry G. Gebhard, 2006-01-10 Teaching English as a Foreign or Second Language Second Edition is designed for those new to ESL EFL teaching and for self motivated teachers who seek to maximize their potential and enhance the learning of their students This guide provides basic information that ESL EFL teachers should know before they start teaching and many ideas on how to guide students in the skills of listening speaking reading and writing It stresses the multifaceted nature of teaching the English language to non native speakers and is based on the real experiences of teachers The second edition of Teaching English as a Foreign or Second Language includes a wider range of examples to coincide with a variety of teaching contexts from K 12 schools to university intensive language programs and refugee programs It is also updated with discussions of technology throughout and it considers ways in which technology can be used in teaching language skills Sources for further study are included in each chapter and in the appendixes
