Education For Justice:

Values, Education, Emotional Learning, and the Quest for Justice in Education ,2024-07-15 In this book emotional teaching learning is explored as it is cultivated based on teachers and learners attraction to reasonableness and emotions and can give rise to a plausible form of decoloniality or decolonisation in and through education It is argued that when the latter manifests the democratic transformation of education might ensue Put differently decoloniality and or decolonisation of education is a substantive way to look at the democratisation and by implication transformation of education and schooling Readers are invited to engage with the meanings espoused throughout this book in the quest to cultivate a genuinely decolonial form of education in universities and schools where values education should be enacted reasonably and emotively in such educational institutions Teachers and learners cannot remain silent when oppressive and hegemonic forces of modernity continue to guide educational practices in institutions Contributors are Ahoud Alasfour N Dri Th r se Assi Lumumba Emiliano Bosio Jos Br s Juan Carlos Rodriguez Camacho Michael Cottrell Lucimar Dantas Amanda Fiore Carla Galego Maria Neves Gon alves Logan Govender Beatriz Koppe Sibonokuhle Ndlovu Phefumula Nyoni Adaobiagu Nnemdi Obiagu Peter Oyewole Theresa A Papp Martyn Reynolds Kabini Sanga V Sucharita Yusef Waghid and Emnet Tadesse Woldegiorgis

Campaigning for “Education for all” Antoni Verger, Mario Novelli, 2012-07-31 Civil society organizations have risen up the global education agenda since the international community adhered to the Education For All Action Framework in the World Education Forum that was held in Dakar in 2000. With the foundation of the Global Campaign for Education (GCE), civil society advocacy has sought to ensure that national governments, donors and international organisations make the necessary efforts to guarantee quality education for all children in the world. This book explores the strategies and actions as well as the challenges and impact of civil society organizations in the achievement of the Education For All international commitments. It does so by specifically focusing on seven national coalitions affiliated to the GCE. From Africa to Asia to Latin America, the book shows how these coalitions work and manage the differences between their different types of constituencies, explores their varied tactics and strategies and explains their successes and failures after more than a decade of coordinated action. The book also provides a concise and comprehensive synthesis of findings from the distinct case studies and offers a series of lessons learned that are vital for education practitioners, academics, activists and policy makers committed to more equitable and relevant education systems around the world. *People's Journey with God IV' 2007 Ed.
