

Educational Philosophy in Modern World

Topic: Education | Words: 585 | Pages: 2

Introduction

My philosophy is rather consistent with the ideas and beliefs articulated by Combs regarding the essence of education. Combs emphasized that educational philosophy should be flexible as the modern world is developing at a high pace and new ideas and frameworks emerge (Ugwuozor, 2019). I support this view and try to make sure that my educational beliefs are consistent with the current situation, although the primary principles and concepts still remain unchanged. I agree that an educator must address four essential questions when teaching students. Teachers must concentrate on the purpose of education, the role of the teacher and the student in education, as well as the role educator, plays in the community (Ugwuozor, 2019). I believe if teachers ask the corresponding questions when crafting their philosophy and developing their teaching strategies, they will become truly successful in their practice.

Combs's Framework as a Helpful Educational Paradigm

I support this framework because it is the most appropriate in the modern world. The use of this integrative paradigm is beneficial for students, the teacher, and the community. I want to help students gain knowledge and skills that would be instrumental in their development into active members of human society. I also find Combs's framework detailed and functional as every educator can use it as a kind of guideline to develop their personal philosophies and shape their
