**The Man He Became** James Tobin, 2013-11-12 With a searching new analysis of primary sources NBCC

award winner James Tobin reveals how FDR's fight against polio transformed him from a callow aristocrat into the energetic determined statesman who would rally the nation in the Great Depression and lead it through World War II. When polio paralyzed Franklin Roosevelt at thirty nine people wept to think that the young man of golden promise must live out his days as a helpless invalid. He never again walked on his own. But in just over a decade he had regained his strength and seized the presidency. This was the most remarkable comeback in the history of American politics. And as author James Tobin shows it was the pivot of Roosevelt's life the triumphant struggle that tempered and revealed his true character. With enormous ambition canny resourcefulness and sheer grit FDR willed himself back into contention and turned personal disaster to his political advantage. Tobin's dramatic account of Roosevelt's ordeal and victory offers central insights into the forging of one of our greatest presidents.

**Main Street to Mainframes** Harvey K. Flad, Clyde C. Griffen, 2010-03-25 The history of growth decline and revitalization in Poughkeepsie New York parallels that of many other small northeastern cities. Main Street to Mainframes tells the story of Poughkeepsie's transformation over the past three centuries from an agricultural market town to a small city with a diversified economy centered on Main Street to an urban region dependent on the success of one corporation and how this transformation has affected the lives and landscape of its inhabitants. As it adjusted to major changes in agriculture transportation and industry Poughkeepsie was also shaped by the forces and tensions of immigration and race. The voices of immigrant and migrant newcomers from the Germans Irish and African Americans of the nineteenth century to the Italians Poles and Latinos of the twentieth enliven the narrative and offer personal perspectives on the social and demographic shifts that have taken place over the years. The book also places Poughkeepsie in the context of the mid Hudson Valley's other cities Kingston Newburgh and Hudson as they competed from the colonial period onward. Finally the book examines recent revitalization efforts based on tourism culture and the arts. More than just a local history Main Street to Mainframes addresses important issues in urban and regional planning community development and sociology. Like a palimpsest Poughkeepsie shows how past landscapes live on in the present and how over time popular perceptions both shape and reflect urban and rural realities.
