**The Electric Kool-Aid Acid Test** Tom Wolfe, 2008-08-19 Tom Wolfe's *The Electric Kool Aid Acid Test* ushered in an era of New Journalism. An American classic. Newsweek that defined a generation. An astonishing book. The New York Times Book Review and an unflinching portrait of Ken Kesey, his Merry Pranksters, LSD, and the 1960s. **Heritage Comics Auctions, Dallas Signature Auction Catalog #817** Ivy Press, 2005-06 **Do You Believe in Rock and Roll?** Raymond I. Schuck, Ray Schuck, 2012-10-06 Since its release in 1971, Don McLean's song "American Pie" has become an indelible part of U.S. culture. It has sparked countless debates about the references within the lyrics, been celebrated as a chronicle of American life from the late 1950s through the early 1970s, and has become iconic itself as it has been remade, parodied, and referenced within numerous texts and forums. This volume offers a set of new essays that focus on the cultural and historical significance of the song. Representing a variety of perspectives and fields of study, the essays address such topics as historical and literary interpretations of the song's lyrics, its musical qualities, the commentary the song offers on rock and roll history, the continuing significance of the song, and the ways in which the song has been used by various writers and artists. It is an essential reference tool for students of literature in any language. Now expanded and in its fourth edition, it includes increased coverage of new terms from modern critical and theoretical movements such as feminism, schools of American poetry, Spanish verse forms, life writing, and crime fiction. It includes extensive coverage of traditional drama, versification, rhetoric, and literary history, as well as updated and extended advice on recommended further reading and a pronunciation guide to more than 200 terms. Completely revised and updated, this edition also features brand new entries on terms such as distant reading, graphic novels, middle generation, and misery memoir. Many new bibliographies have been added to entries, and recommended web links are available via a companion website. [The Hippie Narrative](#) Scott MacFarlane, 2015-01-24 The Hippie movement of the 1960s helped change modern societal attitudes toward ethnic and cultural diversity, environmental accountability, spiritual expressiveness, and the justification of war. With roots in the Beat literary movement of the late 1950s, the hippie perspective also advocated a bohemian lifestyle which expressed distaste for hypocrisy and materialism yet did so without the dark, somewhat forced undertones of their predecessors. This cultural revaluation, which developed as a direct response to the dark days of World War II, created a counterculture which came to be at the epicenter of an American societal debate and ultimately saw the beginnings of postmodernism. Focusing on 1962 through 1976, this book takes a constructivist look at the hippie era's key works of prose, which in turn may be viewed as the literary canon of the counterculture. It examines the ways in which these works, with their tendency toward whimsy and spontaneity, are genuinely reflective of the period. Arranged chronologically, the

discussed works function as a lens for viewing the period as a whole providing a more rounded sense of the hippie Zeitgeist that shaped and inspired the period Among the 15 works represented are One Flew Over the Cuckoo's Nest The Crying of Lot 49 Trout Fishing in America Siddhartha Stranger in a Strange Land Slaughterhouse Five and The Fan Man **In the Now** Melissa St. Hilaire, 2012-04-05 In the Now is a brutally honest memoir about a move across America that sparks up pop culture nostalgia philosophical debate and embarrassing but funny memories as told from the perspective of a 24 year old recent college grad finding her way in the world We follow her life in an unconventional semi chronological format as she travels cross country as a young adult and reminisces on her youth in rural Massachusetts going to college in Boston falling in love in New York City and chasing her dreams in Hollywood She shares extremely personal often funny sometimes embarrassing anecdotes as well as reflections sometimes graphic on anything from Jack Kerouac Star Wars and U2's Bono to sex drugs and the meaning of life Parental Discretion Advised **New Makers of Modern Culture** Justin

**Travel and Drugs in Twentieth-Century Literature** Lindsey Michael Banco,2013-01-11 This book examines the connections between two disparate yet persistently bound thematic mobility and intoxication and explores their central yet frequently misunderstood role in constructing subjectivity following the 1960s Emerging from profound mid twentieth century changes in how drugs and travel were imagined the conceptual nexus discussed sheds new light on British and North American responses to sixties counterculture With readings of Aldous Huxley William Burroughs Alex Garland Hunter S Thompson and Robert Sedlack Banco traces twin arguments looking at the ways travel is imagined as a disciplinary force

acting upon the creative destabilizing powers of psychedelic intoxication and exploring the ways drugs help construct travel spaces and practices as at times revolutionary and at other times neo colonial By following a sequence of shifting understandings of drug and travel orthodoxies this book traverses fraught and irresistibly linked terrains from the late 1950s up to a period marked by international postmodern tourism As such it helps illuminate a world where tourism is continually expanding yet constantly circumscribed and where illegal drugs are both increasingly unregulated in the global economy and perceived more and more as crucial agents in the construction of human subjectivity About Town Ben Yagoda,2000 Illuminated by interviews with more than fifty people including the late Joseph Mitchell William Steig Roger Angell Calvin Trillin Pauline Kael John Updike and Ann Beattie About Town penetrates the inner workings of the New Yorker as no other book has done **BOOK JACKET** **Circles and the Cross** Loren Wilkinson,2023-08-21 Circles and the Cross is an invitation to explore two mysteries One is the miracle of the cosmos why is there something and not nothing The other is the miracle of consciousness why should this collection of stardust be an I and not just an it Our basic response to those mysteries is wonder and from wonder have grown the three great trees of human culture religion art and science This exploration is undertaken in the light of a third mystery the cross of Christ is the clearest picture we have of the triune Creator of both cosmos and consciousness That self emptying of the Creator out of love for the creation helps us understand the pleasures paradoxes and pains of science it helps us understand how evolution can be another name for creation it casts light on the Enlightenment and Romanticism In particular it illuminates the environmental movement an ethic in search of a religion Loren Wilkinson drawing on fifty years of teaching and writing about our relationship to creation invites you to join this journey into understanding how the cross of Christ sheds light on the mysteries that surround us and gives us hope in a difficult age Free Ride Robert Levine,2012-09-18 How did the newspaper music and film industries go from raking in big bucks to scooping up digital dimes Their customers were lured away by the free ride of technology Now business journalist Robert Levine shows how they can get back on track On the Internet information wants to be free This memorable phrase shaped the online business model but it is now driving the media companies on whom the digital industry feeds out of business Today newspaper stocks have fallen to all time lows as papers are pressured to give away content music sales have fallen by more than half since file sharing became common TV ratings are plummeting as viewership migrates online and publishers face off against Amazon over the price of digital books In Free Ride Robert Levine narrates an epic tale of value destruction that moves from the corridors of Congress where the law was passed that legalized YouTube to the dorm room of Shawn Fanning the founder of Napster from the bargain pricing dramas involving iTunes and Kindle to Google's fateful decision to digitize first and ask questions later Levine charts how the media industry lost control of its destiny and suggests innovative ways it can resist the pull of zero Fearless in its reporting and analysis Free Ride is the business history of the decade and a much needed call to action
