Bongiovanni,2011-08-29 Insights and extensive evidence from a wide range of studies including astronomy religion and mysticism make the case for heaven and address the question of humanity's ultimate destiny Why are we here Where do we go when we die Whats it like there We ask these questions throughout our lives here on Earth and the search for the answers often drives our convictions and beliefs For some people faith is enough Others however long for further proof that the stories at the foundation of our faith are verifiable by objective evidence *My Case for Heaven* by author and engineer Richard M Bongiovanni offers an engaging insightful and thorough exploration of the scientific evidence behind the histories and miracles of the Bible the healing power of the saints psychic phenomena and what awaits us in the afterlife Moving from the creation of the universe and life on Earth to angels and ghosts to finally our future in heaven Bongiovannis extensive study casts guiding light upon not only his personal paranormal experiences but upon all of our searches for truth For the open minded proof is here before us proof that will transform our understanding of love and happiness and begin our lifes pilgrimage of faith *Respect for the Dead* Theodore Lyons,2004-11-05 Much of this occult mystery based on actual events is set in the former Republic of Zaire shortly before President Mobutu Sese Seko was deposed resulting in a massive civil uprising that would claim the lives of more than three million people The story centers on the spiritual awakening of a narrator whose gender is concealed for thematic purposes and whose life is altered irrevocably following several brushes with death in a suffocating African republic on the verge of civil war *Respect for the dead* opens with the narrator s history of a dismal childhood but a love of language arts and metaphysics and two years in the South Pacific briefly set forth as an explanation for what follows a grueling life changing sojourn in Zaire one of the world s most dangerous dictatorships rife with horrifying pests poisonous snakes footloose baboons machine gun toting gendarmes and every disease imaginable Can something be said for a dictator s strength or the strength to keep a volatile culturally diverse country out of war and free from terrorist infiltrators The resulting instability and destruction in the former Republic of Zaire shorn of its president may be a terrifying model for what is happening in Iraq Curiously the narrator s sexual orientation is disguised to underscore its insignificance in the light of more important matters What lies beneath the flesh What happens to us after we die Do we reincarnate Will we have a world left to reincarnate in Or will we destroy it Relevant research and appalling commentary are included by pioneers in music literature psychiatry psychic phenomena and spiritual doctrine such as Edgar Cayce Sigmund Freud Gina Cerminara David Sheinkin Brian Weiss Shirley MacLaine Jimi Hendrix and Sylvia Plath

Edgar Cayce in Context K. Paul Johnson, 2016-03-22 Edgar Cayce widely acclaimed clairvoyant and forerunner of the holistic health movement is revealed here as a pivotal figure in the transition from the esoteric and metaphysical movements of the late nineteenth century to the New Age movement This book describes and evaluates his psychic readings more than 14 000 trance discourses that address medical theological historical and psychological concerns raised by thousands of inquirers The author evaluates evidence for and against Cayce's reliability in the subject areas emphasized by the readings Cayce's medical and psychological advice is shown to be well ahead of his time in many respects and his spiritual teachings are appraised as a reconciliation of Protestant mysticism with New Thought and Theosophy Although the medical readings provide intriguing evidence for Cayce's ESP his clairvoyant time travel illustrates the fallibility of information derived through hypnotic trance The author contends that the contents of the readings reflect the knowledge and interests of their recipients as much as Cayce's personal opinions and beliefs This is the first book to focus solely on appraising the entire body of the Cayce readings from a scholarly perspective

Edgar Cayce's Hidden History of Jesus Kirk Nelson, 1995-01-03 Edgar Cayce America's greatest psychic gave many readings on the events surrounding the life of Jesus Kirk Nelson has brought together the biblical events surrounding Jesus and filled in the blanks with Cayce's insights This book reads like a powerful novel arranged in such a way that the entire life of Jesus is illuminated including the missing years From Mary's time with the Essenes to the Last Supper Jesus' life comes alive in a unique and fascinating read This is a great book for anyone who is interested in what history knows and doesn't know about the life of Jesus

Divination Through the Ages Ellen Wallace Douglas, 2012-09-04 Ancients traveled far and paid handsomely to hear the sibyls and oracles channel wisdom from the gods The Holy Bible writes of many prophets and seers but divination by ordinary people was strongly prohibited As a result mediums and psychics have since been laughed at ostracized and even burned at the stake But always there have been some people who persisted in believing in spirit communication secretly We must take a sober and realistic view of divination in the times ahead but openly and publicly This book will help you to understand divination for its true value Listening to the spirit world is our only hope for a world of peace

Visions of Jesus Phillip H. Wiebe, 1998-11-05 Ernie Hollands a career criminal said Christ appeared to him in his cell in Millhaven Penitentiary Maria Martinez saw Jesus at a busy intersection in Miami Florida Rose Fairs was lying in bed one morning when the Venetian blinds opened and the head of Jesus materialized before her Were these people only imagining a figure that seemed life like or is there a chance that what they saw was in some way real This first critical study of contemporary visions of Jesus offers the intriguing accounts of thirty people most of them ordinary men and women without prior or subsequent experiences of this kind who remain mystified about their encounters Wiebe recounts each vision in vivid detail exploring why these individuals

believe their visions were of Jesus and why they typically believe them to be objective happenings rather than hallucinations or dreams He regards the occurrences from perspectives as diverse as biblical scholarship and parapsychology concluding that they may well represent genuine religious experiences of a mystical character The fascinating nature of these visions and Wiebe s thoughtful evenhanded approach to each report add up to a book that will be provocative reading for skeptics and the faithful alike *Dancing at Armageddon* Richard G. Mitchell,2002 Mitchell takes us inside a movement that is increasingly occupying the national consciousness into a compelling hidden world far more connected to the chaos of modern life than its caricature as a freakish antigovernment activity would suggest BOOK JACKET **Catalog of Copyright**
