Rubin, Jr., 1999-03-01 The flowering of literary imagination known as the American Renaissance had few roots in the South While Hawthorne Emerson Melville Thoreau and Whitman were creating a body of work that would endure the only southern writer making a lasting contribution was Edgar Allan Poe This failure on the part of antebellum southern writers has long been a subject of debate among students of southern history and literature Now one of the region's most distinguished men of letters offers a cogently argued and gracefully written account of the circumstances that prevented early southern writers from creating transcendent works of art Louis D Rubin Jr brings forty years of critical integrity and imaginative involvement with the history and literature of the South to his informal inquiry into the foundations of the southern literary imagination His exploration centers on the lives and works of three of the most important writers of the pre Civil War South Poe William Gilmore Simms and Henry Timrod In a close and highly original reading of Poe's poetry and fiction Rubin shows just how profoundly growing up in Richmond Virginia influenced that writer The sole author of the Old South whose work has endured did not use southern settings or concern himself with his region's history or politics Poe was according to Rubin in active rebellion against the middle class community of Richmond and its materialistic values Simms on the other hand aspired to the plantation society ideal of his native Charleston South Carolina He was not the most devoted and energetic of southern writers and one of the country's best known and most respected literary figures before the Civil War Rubin finds an

explanation for much of the lost promise of antebellum southern literature in Simms's career. Here was a talented man who got caught up in the politically obsessed plantation community of Charleston becoming an apologist for the system and an ardent defender of slavery. Timrod, also a Charlestonian native, was a highly gifted poet whose work attained the stature of literature when the Civil War gave him a theme. He was known as the poet laureate of the Confederacy. Only when his region was locked in a desperate military struggle for the right to exist did he suddenly find his enduring voice. Anyone interested in southern life and literature will welcome his provocative and engaging new look at southern writing from one of the region's most perceptive critics. *At the Swamp's Edge* Jo Fisher, 2009 **The Southeastern Reporter**, 1904 Reports of Cases and Matters Determined by the Supreme Court and Court of Appeals of South Carolina South Carolina. It is a rollicking adventure account of men who chose a wilderness avocation and lifestyle in lieu of comfort and leisure for their relaxation. This is also a travelogue about much of the backcountry of this nation. Their journeys into these wilderness areas lasted over twenty years comprising some seventy expeditions into places like the Everglades, Okefenokee Swamp, Appalachian Trail, Presidential Range, and the desert of Joshua Tree. Learn about these locations and other backwoods areas primarily in the mountain states of Colorado, Idaho, New Mexico, Montana, Utah, and Wyoming. Read about these unusual people and the physical trials they put their aging bodies through as they pursued their passion searching for refuge from their work and adventure in their lives to help calm their craving for fun and new experiences. Importantly, they wanted to be explorers and to see what was over the horizon. Their interest level had no valley and no summit. It was limitless. They were not purists in the sense of following the conventional standards of roughing it in the wilderness. Instead, they did it their way. They were the real thing and enjoyed living on the edge. Not many people do. There is humor, philosophy, lessons on field craft, and dubious judgment noted in their journeys. These should appeal to all readers with similar inclinations despite age or gender. I am thankful to have been a member of this group and wish we could do it again. We would try if we had the stamina.
