1891-1916 Joyce Avrech Berkman,2023-04-04 Edith Stein s Life in a Jewish Family 1891 1916 is a treasure trove for the study of Stein s youth and early adulthood her approach to writing autobiographically and her intricate relationship with historical influences of her time and place Through intellectual mining Stein s narrative and conducting a comprehensive historical analysis of Stein s achievement as a distinct type of autobiography Joyce Avrech Berkman argues that a key axis of Stein s consciousness values philosophical ideas and life choices is a deep tense unresolved philosophical and spiritual struggle to both uphold traditional societal and cultural values and practices and also critiquing them to pioneer new patterns of thought Berkman further probes the sharply controversial nature of Stein s autobiography for her family members and Stein scholars in the decades after her death Edith Stein s Life in a Jewish Family 1891 1916 A Companion serves as an important guide to scholars in autobiographical studies history philosophy and theology as well as to a broader readership interested in Stein s life for religious and cultural reasons Edith Stein's Finite and Eternal Being Sarah

chapters analyze the different phases of the reception of Edmund Husserl's thought in the USA and Canada. The volume discusses the authors and universities that played a fundamental role in promoting Husserlian Phenomenology and clarifies their connection with American Philosophy, Pragmatism and with Analytic Philosophy. Starting from the analysis of how the first American Scholars of Edmund Husserl's thought opened the door to the reception of his texts, the book explores the first encounters between Pragmatism and Husserlian Phenomenology in American Universities. The study focuses then on those Scholars who fled from Europe to America from 1933 onwards to escape Nazism: Felix Kaufmann, Alfred Schutz, Aron Gurwitsch, Herbert Spiegelberg, Fritz Kaufmann among the most notable and illustrates how their teaching provided the very basis for the spreading of Husserlian Phenomenology in North America. The volume examines then the action of the 20th Century North American Husserl Scholars together with those places, societies, centers and journals specifically created to represent the development of the studies devoted to Husserlian Phenomenology in the U.S. with a focus of the Regional Phenomenological Schools.

Reason and the Rule of Faith Thompson, Christopher J. Thompson, Steven A. Long, 2011

Thine Own Self Sarah R. Borden, 2010 An excellent addition to Edith Stein scholarship and philosophy.

Reason and the Rule of Faith Christopher J. Thompson, Steven A. Long, 2010-11-04 Inspired by the Catholic intellectual tradition, these essays are the fruit of a series of seminars sponsored by the Center for Catholic Studies and the Saint Paul Seminary School of Divinity at the University of St. Thomas in Saint Paul, Minnesota. With a special focus on the works of John Paul II, especially *Veritatis Splendor* and *Fides et Ratio*, the authors bring to light a host of considerations that set the work of his pontificate within the illuminating light of the living intellectual tradition.

Contemplating Edith Stein Joyce Avrech Berkman, 2006 The sixteen essays in this collection critically examine the legacy of Edith Stein, a Catholic convert of Jewish heritage who was murdered at Auschwitz, and are the first comprehensive interdisciplinary analysis in English of Stein's life and philosophical writings.

Understanding Judaism and the Jews in the Gospel of John Nathan Thiel, 2024-10-02 Understanding Judaism and the Jews in the Gospel of John: Polemic Tradition and Johannine Self-Identity reopens the perennial question of the Fourth Gospel's perplexing characterization of the Jews. According to the reigning paradigm, the Gospel of John witnesses to a community's burgeoning sense of religious distinctiveness. Ethnically Jewish believers in Jesus had begun to forge a new identity in contrast to the Jews. Nathan Thiel assesses the weaknesses of the prevailing model, arguing that the fourth evangelist still saw himself as living and working within the Jewish tradition. Yet if the Gospel of John is the literary product of a self-consciously Jewish author, why would he speak so often and so critically of the Jews? Thiel considers the factors which have conditioned the evangelist's choice of terminology, the Gospel's setting, its intended audience, and above all, John's indebtedness to Scripture. As a first-century Jew well-versed in Israel's sacred texts, the evangelist has modeled his story of Jesus after patterns familiar to him from the Scriptures. Scriptures in which Israelite

authors consistently portray their ancestors as faithless despite God's powerful work on their behalf John is a relentless critic but such cutting theological assessment had long been part of Israel's counterintuitive way of telling its history

Gender Complementarity and Christian Personalism Mary Veronica Sabelli, John P. Hittinger, 2025 When in the 1970's Sister Prudence Allen RSM began to investigate philosophical thought on woman the question was considered to be at best a marginal area for philosophical research Rather it was seen as a sociological anthropological psychological or political issue This book confirms that today partly due to Allen's groundbreaking work the complementarity of man and woman is an important and fruitful area of research in philosophy providing an evaluative framework that enriches and challenges many other disciplines No one could have foreseen the centrality of her research for questions of gender theory that are in the third decade of the 21st century in the forefront of public attention In the present volume leading authors in the area of sex gender complementarity reflect upon and further develop various aspects of Allen's research In 14 original scholarly essays some contributors build upon Allen's project of exploring the concept of woman throughout the history of philosophy Others explore the work of 20th century philosophers most of them Christian Personalists whom Allen credits with significant influence on the development of integral gender complementarity such as Karol Wojtya a John Paul II Jacques Maritain Edith Stein Emmanuel Mounier W Norris Clarke SJ and Bernard Lonergan SJ Still other contributors consider Marian spirituality analogies between Benedictine spirituality and the physiological realities of a woman's body during pregnancy seminary education in the writings of Allen and others and the impact of Allen's work on the real lives of women in families the Church and professional life Upon completing her magisterial three volume work *The Concept of Woman* Allen passed the baton to a new generation of scholars stating The next phases will be developed by those who themselves take the argument further and deeper in their own research writing living and lecturing The present volume takes up the baton carrying Allen's work forward and paying tribute to the lifetime achievement of a great scholar

Jackson, Steven M. Emmanuel, 2016-02-17 During its 33 season run Mister Rogers Neighborhood 1968 2001 left an indelible
mark on millions of children and their caregivers Perhaps no series in the history of children s television has done more to
develop the identity and ethics of the child More than a decade after Fred Rogers death he continues to attract an audience
online Yet despite the show s lasting impact it has been largely ignored by scholars This collection of new essays focuses on
Rogers contributions to children s lives to the media and to American culture at large The contributors discuss his stance on
the individual and the perception of self his ideas about meaningful participation in a community and his use of television
