Ballard's Surrealist Imagination** Jeannette Baxter, 2016-12-05 Making the case that J G Ballard's fictional and non-fictional writings must be read within the framework of Surrealism Jeannette Baxter argues for a radical revisioning of Ballard that takes account of the political and ethical dimensions of his work Ballard's appropriation of diverse Surrealist aesthetic forms and political writings Baxter suggests are mobilised to contest official narratives of postwar history and culture and offer a series of counter historical and counter cultural critiques Thus Ballard's work must be understood as an exercise in Surrealist historiography that is politically and ethically engaged Placing Ballard's illustrated texts within this critical framework permits Baxter to explore the effects of photographs drawings and other visual symbols on the reading experience and the production of meaning Ballard's textual spectacles raise a variety of questions about the shifting role of the reader and the function of the written text within a predominantly visual culture while acknowledging the visual contexts of Ballard's Surrealist writings allows a very different historical picture of the author and his work to emerge Art, Design, Photo, 1980 **The Pleasures of Time** Stephen Harold Riggins, 2009-11-08 American born Stephen Harold Riggins and French born Paul Bouissac have been partners for over thirty years This book is the story of their complex and fascinating relationship OCo set in Paris Toronto Newfoundland and Indiana with a cast of characters including celebrated critics Northrop Frye Michel Foucault H r lene Cixous and Claude L r vi Strauss OCo but it is also very much more Spanning over most of the past century The Pleasures of Time is an important work of cultural studies and intellectual history tracing the growth of a committed gay relationship at the same time as it charts important cultural and intellectual trends For example Paul Bouissac the subject of this loving memoir is one of the world's foremost authorities on circus as well as a member of the Nouveau Roman literary movement of the 1950s and 1960s Author Stephen Harold Riggins who bases the book on the diaries he has kept since the early 1970s recreates in expert sepia tones the caf r s of Paris his home state of Indiana and rural country circuses of 1960s southern Ontario among other locales *Contemporary Artists* Muriel Emanuel, Jean Christophe Ammann, 1983 The Romantic Age in Britain Boris Ford, 1992 This is a comprehensive survey for students specialists and general readers of all major branches of the arts in 16th century Britain It also reveals the cultural and social setting in which writers musicians architects and other artists of the period worked **Photomontage (Second) (World of Art)** Dawn Ades, 2021-10-05 A fully updated new edition of this classic in depth study of the pioneering art form of photomontage by renowned art historian Dawn Ades Manipulation of the photograph is as old as photography itself It has embodied and enlivened political propaganda satire and commercial art and helped visualize the brave new world of the future through surreal and fantastic images Photomontage has been embraced by artists from the late nineteenth century to today including the Dadaists John Heartfield El Lissitzky Hannah H ch and Alexander Rodchenko In this updated classic art historian Dawn Ades addresses the aesthetic social and

Junk Gillian Whiteley, 2010-11-30 Trash garbage rubbish dross and detritus in this enjoyably radical exploration of Junk Gillian Whiteley rethinks art's historical and present appropriation of junk within our eco conscious and globalised culture She does this through an illustrated exploration of particular materials key moments and locations and the telling of a panoply of trash narratives Found and ephemeral materials are primarily associated with assemblage object based practices which emerged in the mid 1950s and culminated in the seminal exhibition The Art of Assemblage in New York in 1961 With its deployment of the discarded and the filthy Whiteley argues assemblage has been viewed as a disruptive transgressive artform that engaged with narratives of social and political dissent often in the face of modernist condemnation as worthless kitsch In the Sixties parallel techniques flourished in Western Europe the US and Australia but the idiom of assemblage and the re use of found materials and objects with artist as bricoleur is just as prevalent now This is a timely book that uncovers the etymology of waste and the cultures of disposability within these economies of wealth
