Resources in Education ,2000-04 **Education in Tanzania in the Era of Globalisation** Lugalla, Joe L.P.,Ngwaru, Jacob Marriote,2019-03-31 Education in Tanzania in the Era of Globalisation Challenges and Opportunities is a product of papers presented at a National Education Conference held in Dodoma Tanzania in November 2016 and organised by the Aga Khan University Institute for Educational Development East Africa AKU IED EA At present Tanzania s development direction is guided by Vision 2025 which aims to achieve a high quality livelihood for its people be attainment of Vision 2025 will depend largely on rapid socio economic development based on several social and economic pillars including most importantly education Clearly for Tanzania the scope and quality of education remains the single most important prerequisite to the attainment of Vision 2025 and the 17 Sustainable Development Goals SDGs The individual chapters in this publication and their collective thrust discuss the challenges in the education system in good faith and in the spirit of cooperation and collaboration guided by the belief that it is not the responsibility of the Government alone to see how these can be addressed AKU IED EA has identd this as the responsibility of all well meaning corporate bodies and citizens and initiated thst conference of its type as its contribution to thore conference as well as the publication has to be seen as a model of good practice for universities in terms of sharing knowledge experience and practice with other stakeholders who are not in the academy and more so with politicians as well as government policy planners The various authors of Education in Tanzania in the Era of Globalisation Challenges and Opportunities discuss issues within the context of the Tanzanian political economy against the effects of globalization and seek to initiate a new kind of debate that is long overdue a debate aimed at charting out appropriate strategies whose objective is to improve the quality of education in Tanzania so that it becomes a useful vehicle in enhancing processes of social change transformation and development **Encyclopedia of Education Law** Charles J. Russo,2008-06-27 This encyclopedia is a covers the essential and core areas of the subject including cases governance technology and biography **Mental Health, Disability, and Combating Marginalization in Education** Phasha, Nareadi Tlakale,2025-09-25 Mental health and disability remain connected to issues of marginalization in education shaping the experiences and outcomes of students Despite growing awareness learners with mental health challenges or disabilities often face systemic barriers including stigma inadequate support services and exclusionary practices that limit their participation in academic life These challenges increase due to factors like race socioeconomic status and gender identity further marginalizing vulnerable populations Addressing these disparities requires a commitment to inclusive

education that acknowledges the diverse needs of students while working to dismantle the structures that perpetuate inequality and exclusion Mental Health Disability and Combating Marginalization in Education explores how mental health and disability intersect with educational inequities highlighting the systemic barriers that marginalize affected students It examines strategies and policies that create more inclusive supportive and equitable learning environments This book covers topics such as special education accessibility services and mental health and is a useful resource for sociologists educators policymakers academicians researchers and scientists *Special Education for Young Learners with Disabilities* Festus E. Obiakor, Jeffrey P. Bakken, 2019-01-07 This volume looks at current and future innovations in teaching young learners with disabilities It covers physical disabilities learning disabilities and emotional and behavioral disorders **Handbook of Classroom Management** Carolyn M. Evertson, Carol S. Weinstein, 2013-10-31 Classroom management is a topic of enduring concern for teachers administrators and the public It consistently ranks as the first or second most serious educational problem in the eyes of the general public and beginning teachers consistently rank it as their most pressing concern during their early teaching years Management problems continue to be a major cause of teacher burnout and job dissatisfaction Strangely despite this enduring concern on the part of educators and the public few researchers have chosen to focus on classroom management or to identify themselves with this critical field The Handbook of Classroom Management has four primary goals 1 to clarify the term classroom management 2 to demonstrate to scholars and practitioners that there is a distinct body of knowledge that directly addresses teachers managerial tasks 3 to bring together disparate lines of research and encourage conversations across different areas of inquiry and 4 to promote a vigorous agenda for future research in this area To this end 47 chapters have been organized into 10 sections each chapter written by a recognized expert in that area Cutting across the sections and chapters are the following themes First positive teacher student relationships are seen as the very core of effective classroom management Second classroom management is viewed as a social and moral curriculum Third external reward and punishment strategies are not seen as optimal for promoting academic and social emotional growth and self regulated behavior Fourth to create orderly productive environments teachers must take into account student characteristics such as age developmental level race ethnicity cultural background socioeconomic status and ableness Like other research handbooks the Handbook of Classroom Management provides an indispensable reference volume for scholars teacher educators in service practitioners and the academic libraries serving these audiences It is also appropriate for graduate courses wholly or partly devoted to the study of classroom management **Sustaining Mobile Learning** Wan Ng, Therese M. Cumming, 2015-07-16 Mobile technologies are one of the fastest growing areas of technology in education For learners they offer an appealing opportunity to transcend teacher defined knowledge and approaches by being able to access multiple alternative sources of information anytime and anywhere While the pace of engagement with and research into the educational applications of mobile technologies has picked up dramatically in the last decade there is

no consolidated view of how to sustain the practices or opportunities that are being explored Sustainability is a complex but crucial issue in mobile learning as educational institutions are usually required to make substantial investments in mobile devices and associated technologies time and training to initiate mobile learning programs The complexity of sustainable mobile learning programs is further exacerbated by the fast pace of change of digital technologies where with every change new possibilities are opened up and investments required In addition educators are still attempting to reconcile institutions of formal education with informal mobile learning The book addresses these issues with a particular focus on exploring the challenges surrounding the sustainability of mobile learning in K 12 and higher education investigating the importance of sustaining mobile learning for diverse populations of students globally discussing theoretical models for the sustainability of mobile learning providing the reader with strategies for sustaining mobile learning Presenting new research alongside theoretical models and ideas for practice the book will appeal to researchers academics and postgraduate students in the fields of education and mobile learning as well as those working in teacher education
