Education Of A Daughter:

Done into English, and revised by Dr. George Hickes. The second edition** François de Salignac de La Mothe- Fénelon, 1750 **Thoughts on the Education of Daughters** Mary Wollstonecraft, 1787 The Education of a Daughter François de Salignac de La Mothe- Fénelon, 1852 **The Education of a Daughter** François de Salignac de La Mothe- Fénelon, 1884 **Women Education Scholars and their Children's Schooling** Kimberly Scott, Allison Henward, 2016-05-12 This volume offers both theoretical and research based accounts from mothers in academia who must balance their own intricate knowledge of school systems curriculum and pedagogy with their children s education and school lives It explores the contextual advantages and disadvantages of knowing too much and how this impacts children s actions scholastics and developing consciousness along various lines Additionally it allows teachers administrators and researchers to critically examine their own discourses and those of their students to better navigate their professional and domestic roles Gathering narratives from academic women in traditional and nontraditional maternal roles this volume presents both contemporary and retrospective experiences of what it s like to raise children amidst educational and sociocultural change *Thoughts on the Education of Daughters, with Reflections on Female Conduct in the More Important Duties of Life - Scholar's Choice Edition* Mary Wollstonecraft, 2015-02-12 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact
