

# SOCIAL STRUCTURES

social structures in sociology are the relationships or interactions between groups of different people in a society.

## IN SOCIOLOGICAL ANALYSIS

The analysis of social structures often occurs on three levels:

1. **Macro analysis** – looks at broad categories and systems like large populations and groups like entire countries or economic systems.
2. **Meso analysis** – studies communities or certain groups in a society.
3. **Micro analysis** – observes patterns and collects data from smaller groups like families, or individuals (DeCarlo, 2018).

## EXAMPLES

- 1 Nations
- 2 Economies
- 3 Racial groups
- 4 Religions
- 5 Legal systems
- 6 Political parties

Information Technology and Educational

Management in the Knowledge Society Arthur Tatnall, Javier Osorio, Adrie Visscher, 2006-03-02 Information Technology and Educational Management in the Knowledge Society is an essential reference for both academic and professional researchers in the field of information technology and educational management. Since the mid 1980s computer assisted educational information systems have been developing in various parts of the world and the knowledge surrounding the development and implementation of these systems has been growing. The papers presented in this volume are the result of an international call for papers addressing the challenges faced by the information technology and education management ITEM field in a society where knowledge management is becoming a major issue both in educational and business systems. This state of the art volume presents the proceedings of the 6th International Working Conference on Information Technology in Educational Management held July 2004 in Spain. The collection will be important not only for information technology and education management experts and researchers but also for all teachers and administrators interested in this growing field.

**Introducing Sociology for AS Level** Ken Browne, 2006-10-06 The second edition of Ken Browne's highly successful *Introducing Sociology for AS level* provides in depth and up to date coverage of the complete specification for AQA AS level sociology. The first edition of this book was widely praised for its comprehensive coverage and student friendly style. In this second edition all of the chapters have been revised to include new studies reports and statistics. Key sociological terms are now systematically highlighted all the way through the book and included in a comprehensive glossary with fresh questions and activities added to develop and test students understanding further. Fuller consideration of issues of identity has been given throughout the text. More detailed advice has been provided on coursework including a top mark example to show students exactly what they have to do to achieve the highest grades. What's more two authentic exam questions are now included on every topic. Pitched at exactly the right level for AS sociology the book provides all the tools necessary to help students achieve top grades and a sound basis for progression to A2. A host of cartoons photographs graphs tables and spider diagrams help to enliven the text as well as reinforcing key issues. Web sites and web based activities are included throughout encouraging students to engage with the most recent social changes and developments in sociology. Although it assumes no previous knowledge of sociology its dedicated and in depth coverage of all the AQA's AS topics provides a useful reference tool for the synoptic elements at A2. The second edition of *Introducing Sociology for AS Level* combines sociological rigour and accessibility in a way unrivalled by any other book at this level. It will be an invaluable resource to anyone following the AQA specifications.

**Educational Administration in a Pluralistic Society** Colleen A. Capper, 1993-07-01 In this bold provocative supplemental text for the field of educational administration Colleen Capper and contributors challenge administrators policymakers practitioners and communities to confront the realities of schools and students in a pluralistic society. The book examines recent educational initiatives aimed at addressing the needs of students and staff from traditionally underrepresented groups marginalized on the basis of race language gender sexual orientation social class or

disability Each chapter critically reviews the literature and research to probe the current characteristics of a nondominant group including such information as its demographic characteristics its role in school reform its representation in organizational theory and behavior its presence within curriculum and instruction and its relationship with the school as community Capper argues for the adoption of a multiparadigmatic framework from which to approach educational leadership for today s schools Book jacket      **Schools and Society: A Sociological Approach to Education** Jeanne H.

collection of essays focused on problems concerning the philosophy of technology the concept of nature the relationships between policy and economic development on the one hand and technological development on the other hand with respect to philosophical principles historical and cultural background both in Western and Chinese Civilization     Educational Attainment and Society Nigel Kettley, 2007-01-15 Sophisticated monograph focussing on attainment at the end of secondary high school education and the interface with tertiary education Combines re analysis of secondary literature including official statistics institutional histories interview data and analysis of qualitative and quantitative primary research using descriptive and inferential statistics value added analysis and grounded theory The results show the significance and weakness of both the mid twentieth century classic analyses of social class and the late twentieth century feminist approaches Shows how a joint consideration of social issues in particular of gender and social stratification produce a powerful model for explaining attainment with important implications for policy on a boys underachievement and b participation in higher education

*Envisioning a Sustainable Society* Lester W. Milbrath, 1989-01-01 The evidence is increasingly persuasive We are changing the way our planet's physical systems work irrevocably These changes are global and interconnected and unavoidable They are upon us already making it virtually impossible for any modern society to continue its present trajectory of growth This book provides a penetrating analysis of how we have come to this point of why science and technology will fail to solve these problems and of how we as a society must change in order to avoid ecological catastrophe The scope is broad the urgency of the message is impossible to ignore     **Endless Education** Carl C. Campbell, 1997 Endless Education is the first comprehensive study of education in Trinidad and Tobago during the long thirty year regime of the People's National Movement PNM from 1956 to 1986 Carl Campbell focuses on the efforts by Williams and the PNM to use education as an instrument of postcolonial nation building and the consequent tensions and conflicts between him and the churches between creoles and Indians and between Tobago and Trinidad His study concludes that the goal of national integration through education eluded the planners and that diversity not unity characterized the education system Significantly Campbell finds that as in many other facets of national life only partial and incomplete decolonization was attained in education This study is useful as a source book in schools colleges and at the University of the West Indies Readers who reside outside of the Caribbean and who want to know more about the social history of one of the most important English speaking Caribbean islands should find this book of more than passing interest This is the companion volume to Campbell's *The Young Colonials A Social History of Education in Trinidad and Tobago 1834-1939* The University of the West Indies Press 1996
