F. Dennison,Ken Shenton,2018-05-11 Originally published in 1986 Hitherto most educational managers including head teachers and senior staff in schools have been expected to carry out their management tasks without any formal training Recent initiatives however are changing this and all educational managers are now being encouraged to undertake some form of training This book provides a framework for the study of educational management Management in other professions has been a major concern for a long time and this book selects

from this existing literature theory and experience for example from management studies and business studies and relates relevant material to the context of education It looks at the major themes and problems in educational management discusses the appropriate theories and shows how good practices may be applied

**Wellbeing, Education and Contemporary Schooling** Malcolm Thorburn, 2017-08-08 Wellbeing Education and Contemporary Schooling examines the role of wellbeing in schools and argues that it should be integral to core policy objectives in health and education The whole school focus chosen is conducive to the review of wellbeing in schools and assists in better understanding the complex relationships between learners and teachers in policy contexts where every teacher has a responsibility for learners wellbeing By exploring a range of debates about the nature of wellbeing the book shows how a child's wellbeing is inseparable from their overall capacity to learn and achieve and to become confident self-assured and active citizens Drawing on international curriculum developments it considers the ways in which wellbeing could reshape educational aims in areas such as outdoor learning and aesthetic imagination helping to inform programmes of professional learning for teachers Separated into six parts the book covers philosophical perspectives on wellbeing policy perspectives on wellbeing professional perspectives on wellbeing practice perspectives on wellbeing future prospects for wellbeing a personal perspective on wellbeing Examining ways in which wellbeing can become a central component of the ethos culture and environment of contemporary schools Wellbeing Education and Contemporary Schooling is an invaluable guide for all students teachers researchers and policy makers with an interest in learning teaching and children's wellbeing

**International Handbook of Leadership for Learning** Tony Townsend, John MacBeath, 2011-07-10 The International Handbook of Leadership for Learning brings together chapters by distinguished authors from thirty-one countries in nine different regions of the world The handbook contains nine sections that provide regional overviews a consideration of theoretical and contextual aspects system and policy approaches that promote leadership for learning with a focus on educating school leaders for learning and the role of the leader in supporting learning It also considers the challenge of educating current leaders for this new perspective and how leaders themselves can develop leadership for learning in others and in their organisations especially in diverse contexts and situations The final chapter considers what we now know about leadership for learning and looks at ways this might be further improved in the future The book provides the reader with an understanding of the rich contextual nature of learning in schools and the role of school leaders and leadership development in promoting this It concludes that the preposition for between the two readily known and understood terms of leadership and learning changes everything as it foregrounds learning and complexifies rather than simplifies what that word may mean Whereas common terms such as instructional leadership reduce learning to outcomes leadership for learning embraces a much wider developmental view of learning

**The Principles and Practice of Educational Management** Tony Bush, Les Bell, 2002-08-09 The adoption of Principles and Practice of Educational Management as a course reader for the educational MBA should ensure it is successful Though as a thoroughly admirable

book in its own right it deserves a much wider readership Masters students as well as educational leaders governors senior managers and administrators in a wide variety of establishments stand to gain a great deal from it Tony Rea Escalante Providing an overview of all major topics within the field of educational management with newly commissioned material from major authors this book reviews relevant theory explains relevant research and provides an unrivalled overview of educational management from an international perspective It includes the following sections The Context of Educational Management Leadership and Strategic Management Human Resource Management Managing Learning and Teaching Managing Finance and Resources Managing External Relations Managing Quality in Education Network Governance in Education Yuan Tao,2024-12-31 This book explores and theorizes the complexity of network governance in school turnaround in China drawing on an interpretive qualitative paradigm School turnaround provides a useful perspective for understanding network governance in education as it involves interactions among multiple parties of actors all aiming to improve school quality Based on a case study of three school turnaround networks in Shanghai this book analyzes the complexity of interactions among schools local governments and third party actors The study goes beyond a simple description of the plurality of state and non state actors involved in education It places particular emphasis on the power of network actors and the power dynamics among them that shape their interactions and positions in educational governance The power perspective adopted in this book provides insight into which network actors matter in education governance and how network governance should be applied in education particularly in school turnaround The book will appeal to scholars and students of education and will be particularly useful to policymakers and practitioners interested in educational administration management and leadership educational improvement and Chinese education *The Emerald Handbook of Authentic Leadership* Romeo V. Turcan,John E. Reilly,Kenneth Mølberg Jørgensen,Yariv Taran,Andreea I. Bujac,2023-10-05 The Emerald Handbook of Authentic Leadership is a quest for interdisciplinary insights arising out of theory and practice It is intended for a wide readership interested in leadership and leadership authenticity in the contemporary world **How Very Effective Primary Schools Work** Chris James,Michael Connolly,Gerald Dunning,Tony Elliott,2006-02-28 Chris James Michael Connolly Gerald Dunning and Tony Elliott have produced a comprehensive analysis of the very effective primary school Although the research for the book draws on the authors experiences in Welsh Primary Schools the range of literature cited and the analytical frameworks employed ensure that their findings have a much broader relevance They define a very effective school as one that provides high levels of attainment and rich educational experiences despite being located in extremely challenging circumstances A key insight of the book is that although these schools are consequently extraordinary their practice was in many ways quite ordinary This is because these schools worked in much the same way as the very best of schools have always done In many ways this as the authors note is an optimistic message that all children deserve to be educated in such very effective schools The virtue of How Very Effective Primary Schools Work is that it makes clear those

characteristics and strategies that can help every school to become great David Hopkins HSBC iNet Chair of International Leadership and formerly Chief Adviser on School Standards to the Secretary of State 2002 2005 All children especially the poorest deserve capable mature and well adjusted teachers and leaders who work together to lay firm foundations of learning and behaviour then enrich and elevate everyone's learning far beyond that in optimistic cultures of security persistence and hope Based on solid research from 18 outstanding schools in challenging circumstances this is the vital message of this important and unique book Chris James and his colleagues show that highly effective schools need high functioning adults and communities who expect and get the best from everyone dedicate themselves to others without burning themselves out are not frightened of challenges and contradictions stay around to fulfil their obligations to others and see their efforts bear fruit and are emotionally comfortable in their own skin If you want to become more effective as a school you will need to become more effective and adjusted as a teacher a leader and an all round human being This inspiring and indispensable book will stir and steer all who read it in that educationally essential quest Andy Hargreaves Thomas More Brennan Chair in Education Boston College All good teachers and headteachers are concerned with improving pupil attainment In high attainment schools they must recognize how to sustain success In schools with low attainment levels they must come to understand the challenges they face and find ways of overcoming the difficulties This practical research based book describes the key approaches used by very effective schools The authors explain how success can be achieved and maintained and describe ways of working that bring about high levels of pupil attainment They also explain why these ways of working are successful This book is essential reading for headteachers teachers students of educational leadership and management school governors and those who work in local authorities

*Teaching Leaders to Lead Teachers* Saran Donahoo, Richard C Hunter, 2007-08-20

TEACHING LEADERS TO LEAD TEACHERS EDUCATIONAL ADMINISTRATION IN THE ERA OF CONSTANT CRISIS In the 21st century the perceived crisis in how schools educate students significantly influences the decision of teachers to move into administrative positions as well as their ability to succeed once they take on these positions Influenced by the media the community and the teacher's lounge many good educators are increasingly unwilling or simply unprepared to make the jump into school leadership and management This book addresses some of the issues that affect school leadership by providing insights into the current state of educational administration in the hope of demystifying or dismissing some of the popular assumptions regarding what really takes place in the administration office In doing so this text examines topics related to the preparation and training of prospective administrators factors that affect the process of leading in learning environments and perspectives on the state and structure of school leadership research and development
