Educational Facilities Planning Leadership Architecture And Management:

Educational Facilities Planning C. Kenneth Tanner, Jeffery A. Lackney, 2006 This book includes a thorough conceptual framework with descriptions and how to applications of educational planning architectural design and research Serving as both a reference and textbook each of the 18 chapters includes exercises to expand traditional and computer assisted facilities planning and design activities The book is amenable to web assisted instruction and there are numerous citations from the Internet Each chapter provides a special reality based contribution to the educational facilities planning and design process Ideas are conveyed through comprehensive descriptions illustrations summaries and extended activities developed to increase understanding and emphasize the relevance of school planning and design in a regulated political climate The reader is guided to visualize a broader context for educational planning and design where design principles are categorized according to building organization primary education shared school and community resources character of all spaces and site design and outdoor spaces

Educational Facilities Richard Bauscher, E. Michael Poe, 2018-01-09 Aspiring new and old superintendents all want to have the BEST school facilities that are possible This fifth edition is the most comprehensive and up to date book on the market today in the planning of educational facilities A full chapter is devoted to school bond referendums along with a ten step proven process that has helped one of the authors achieve a 90 % passage rate with a yes vote average of 74% This text is a must for all university educational leadership programs as well as a great resource for superintendents facility directors and school business managers

Leadership for Green Schools Lisa A. W. Kensler, Cynthia Uline, 2016-08-25 Leadership for Green Schools provides aspiring and practicing leaders with the tools they need to facilitate the design leadership and management of greener more sustainable schools Framed by theory and research this text draws from the fields of sustainability science built learning environment and educational leadership to explain what green schools look like what role school buildings play in advancing sustainable organizational and instructional practices and why school leaders are greening their leadership Sustainability can often seem like an unreachable utopian set of goals but this important resource uses illustrative examples of successful schools and leaders to show how establishing and managing green schools aligns with the work they are already doing to restore engaged learning within their schools and communities Leadership for Green Schools is a unique and important resource to help leaders reduce the environmental impact of school buildings and immerse students in purposeful meaningful learning for a sustainable just future Special Features Examples from award winning schools and leaders best practices and illustrative examples throughout make whole school sustainability come to life and show how green leadership is a real possibility for the reader Aligned with Professional Standards for Educational Leadership provides the tools necessary for leaders to advance sustainability goals while at the same time fulfilling the core purposes of their job End of chapter discussion questions valuable pedagogical tools invite personal reflection and conversation

The School Principal Theodore J. Kowalski, 2010-08-14 Over the past two decades

efforts to improve schools have significantly modified role expectations for principals Today school level administrators are expected to be both visionary leaders and competent managers Based on the conviction that administration is an amalgam of leadership and management The School Principal emphasizes the need for practitioners to apply conceptual skills to make what to do decisions to apply technical skills to make how to do decisions and to apply relational skills to engage in democratic decision making Kowalski frames the book with a discussion of the nature of schools the roles of principals and their need to improve schools The book then provides a balanced treatment of leadership and management covering issues of personal behavior instructional leadership relationship building issues finances facilities personnel management pupil services and maintaining safe schools The text closes with discussion of the vital aspects of practice for contemporary principals addressing problem solving collaborative change strategies and personal commitment to being a principal Special Features Vignettes introduce the subject matter in the context of common challenges faced by practitioners Knowledge Based Questions and Skill Based Activities prompt readers to engage with and reflect on the chapter content The School Principal aligns with the Educational Leadership Consortium Council ELCC Standards Treating principals as concurrently visionary leaders and competent managers this excellent text addresses the needs of aspiring and practicing principals providing the tools to build effective and efficient schools

The SAGE Handbook of School Organization Michael Connolly, David H. Eddy-Spicer, Chris James, Sharon D. Kruse, 2018-12-10 The SAGE Handbook of School Organization provides a substantial review of the history current status and future prospects of the field of school organization Bringing together chapters exploring key issues important debates and points of tension the Handbook highlights school and system organisational structure processes and dynamics coupled with insights into important theoretical foundations from diverse perspectives This volume is designed to provide a much needed critically informed and coherent account of the field against a backdrop of increasing complexity in which schooling as an institution and schools as organisations operate

Educational Facilities Richard Bauscher, E. Michael Poe, 2023-04-20 This book is envisioned as a broad based guide for a wide array of school officials school boards of education school administrators school maintenance personnel educational consultants students of school administration facilities directors and school architects The text is organized so that readers may refer to the sections that are of high interest to them Part of this book deals with curriculum development principles of learning applicable to the planning of school facilities that promise innovations in educational methodology Another part concentrates on the process and activities related to the identification of educational needs for the foreseeable future A third focus of this publication is on the actual planning of a specific type of school facility that has been recommended by the School Board Such a recommendation by school officials may involve the construction of a new facility or the modernization of an existing school building A fourth section deals with the strategies of getting a levy committee organized and set up to pass a school bond referendum A new chapter 6 was added in this sixth edition on the 10 Year Long Range Facility Plan

LRFP that will assist the readers with advance planning for enhanced success on the passing of school bond referendums This text includes many resources for the maintenance operation of a school building and various techniques for saving energy

Resource Management for School Administrators Tomal/Schilling, *Visible Learning Guide to Student Achievement* John Hattie, Eric M. Anderman, 2019-10-28 Visible Learning Guide to Student Achievement critically examines the major influences shaping student achievement today A revision of the International Guide to Student Achievement this updated edition provides readers with a more accessible compendium of research summaries with a particular focus on the school sector As educators throughout the world seek to enhance learning the information contained in this book provides practitioners and policymakers with relevant material and research based instructional strategies that can be readily applied in classrooms and schools to maximize achievement Rich in information and empirically supported research it contains seven sections each of which begins with an insightful synthesis of major findings and relevant updates from the literature since the publication of the first Guide These are followed by key entries all of which have been recently revised by the authors to reflect research developments The sections conclude with user friendly tables that succinctly identify the main influences on achievement and practical implications for educators Written by world renowned bestselling authors John Hattie and Eric M Anderman this book is an indispensable reference for any teacher school leader and parent wanting to maximize learning in our schools

[The Rehabilitation of Historic Schools in Portugal](#) Sofia Aleixo, 2021-07-22 This book examines the material and immaterial values that are used and perceived in heritage educational environments that have been adapted to 21st century education needs Offering an approach to architectural conservation practice focused on the design and implementation processes it provides a post occupation evaluation of the effects of such physical actions on historic learning environments and their values A comprehensive study of architectural conservation and Theory of Change ToC is supported by an extensive literature review and personal insights from the author s everyday practice Using a selection of recently rehabilitated historic secondary schools in Portugal liceus the text presents insights into their existing cultural significance identifying the design strategies applied and assessing the short term effects of design decisions on the cultural values It demonstrates that whilst design strategies were less concerned with social values material cultural values were generally considered and preserved contributing to the enhancement of intangible values The implications of this research highlight the importance of evaluating actual effects in cultural heritage theory architectural conservation practice and heritage management policy Following worldwide investment in the rehabilitation of schools the interest in this topic has grown among architectural heritage academics and practitioners who seek to better understand and approach these learning environments in order to achieve better outcomes The book will also be of interest to public policy makers given its emphasis on the importance of stakeholder engagement in the conservation process and in the sustainability of re using existing buildings Furthermore it will capture the attention of schools stakeholders including students parents teachers non teaching

staff alumni and the local community for whom the school environment is a collective shared memory **Resource Management for School Administrators** Daniel R. Tomal, Craig A. Schilling, 2013-01-25 Resource Management for School Administrators is the only comprehensive book covering all school resources fiscal facilities and human resources Each chapter has objectives that are aligned with the new ELCC and ISLCC standards on accreditation Many of the federal and various state policies and laws are included Everything you need to know on managing school resources are covered national and state perspectives future challenges to funding public education resource allocation developing a school district budget sources of revenue accounting budgeting and reporting financial statements allocating resource for higher student performance human resource laws and policies compensation facilities and auxiliary services and safety and security Each chapter contains a comprehensive case study and exercises for easy application This practical book will be useful to all school leaders who are trying to improve their school resource management **Jsl Vol 20-N5 JOURNAL OF SCHOOL LEADERSHIP**, 2010-11-16 The Journal of School Leadership is broadening the conversation about schools and leadership and is currently accepting manuscripts We welcome manuscripts based on cutting edge research from a wide variety of theoretical perspectives and methodological orientations The editorial team is particularly interested in working with international authors authors from traditionally marginalized populations and in work that is relevant to practitioners around the world Growing numbers of educators and professors look to the six bimonthly issues to deal with problems directly related to contemporary school leadership practice teach courses on school leadership and policy use as a quality reference in writing articles about school leadership and improvement **Breaking the Mold of School Instruction and Organization** Andrea Honigsfeld, Audrey Cohan, 2010-01-16 This one of a kind collection of chapters takes the reader on a tour to explore innovative practices from classrooms schools districts communities and faraway places in the world Each of the chapters organized under six headings tells an authentic compelling story of a pioneering and successful initiative that breaks the traditional mold of instructional delivery and time honored school organization Breaking the Mold of School Instruction and Organization guides readers through examples of education initiatives which go beyond traditional classroom restraints to achieve surprising success **Health and Well-being for Interior Architecture** Dak Kopec, 2017-06-26 Winner of the 2018 IDEC Book Award With fifteen essays by scholars and professionals from fields such as policy and law Health and Well being for Interior Architecture asks readers to consider climate geography and culture alongside human biology psychology and sociology Since designers play such a pivotal role in human interaction with interior and architectural design this book sheds light on the importance of a designer s attention to health and well being while also acknowledging the ever changing built environment Through various viewpoints and over 30 images this book guides designers through ways to create and develop interior designs in order to improve occupants health and well being **International Guide to Student Achievement** John Hattie, Eric M. Anderman, 2013-01-17 The International Guide to Student Achievement brings

together and critically examines the major influences shaping student achievement today There are many often competing claims about how to enhance student achievement raising the questions of What works and What works best World renowned bestselling authors John Hattie and Eric M Anderman have invited an international group of scholars to write brief empirically supported articles that examine predictors of academic achievement across a variety of topics and domains Rather than telling people what to do in their schools and classrooms this guide simply provides the first ever compendium of research that summarizes what is known about the major influences shaping students academic achievement around the world Readers can apply this knowledge base to their own school and classroom settings The 150 entries serve as intellectual building blocks to creatively mix into new or existing educational arrangements and aim for quick easy reference Chapter authors follow a common format that allows readers to more seamlessly compare and contrast information across entries guiding readers to apply this knowledge to their own classrooms their curriculums and teaching strategies and their teacher training programs
