**Neighbor?** Randal Rauser, 2015-06-04 Do atheists hate God Many Christians seem to think so For the last three centuries Christians have widely assumed that atheism is always a result of a rebellious sinful rejection of God According to this view at some level atheists really do know there is a God but they sinfully suppress this knowledge because they want to live independently of God But what if that is not correct What if some folks are atheists not because they're sinful and foolish but because they've thought hard they've looked carefully and they have simply not found God What if the common Christian assumptions about atheism are little more than an indefensible prejudice What if the atheist really is our neighbor **The**

Ledwig, 2013-05-02 This book stands in the tradition of philosophers who advance the rationality of faith Yet this book goes beyond their accounts for it not only defends the view that faith can be termed rational but it also considers the different senses in which faith can be termed rational While this book advances the idea that faith as a general category can be termed rational it does not investigate in a detailed way whether there are arguments for the rationality of particular faiths which would go beyond the arguments for the rationality of faith as a general category Besides discussing whether betting on God in Pascal's wager and believing in miracles are forms of the rationality of faith I will provide unique solutions to the problem of evil and the paradoxes of omnipotence and omniscience **Everything You Know About God Is Wrong** Russ

**Man's Rejection of God** RL Keller, 2014. Mahatma Gandhi was quoted as saying: I like your Christ, I do not like your Christians. Your Christians are so unlike your Christ. What an indictment of the Christian community. Is it true? Are we as Christians the reason people keep from embracing Christianity? Have we caused people to walk away from the one belief system that can provide redemption for their sins? In *Man's Rejection of God*, Who's Responsible? I devote whole chapters to atheists, agnostics, apostates, hedonists, those devoted to the cult of personality, and more. I look at the three main world religions besides Judaism and Christianity. I give the reader a brief look into their belief system and how it compares to that of Christians. I touch on those who say they believe in God yet show no visible evidence of it. I investigate our being able to relate to others outside the faith. I lay out what it means to be vulnerable. I take a look at minimalism and individualism and how they can apply to the Christian. I look at the impact words have on our lives and also dig into the importance of forgiveness. I paint a simple picture of Jesus and underscore that picture with quotes from the great C. S. Lewis. I call for a time of reassessment as we strive to be more genuine and consistent in our faith.

The Monstrosity of Christ Slavoj Žižek, John Milbank, 2011-02-25. A militant Marxist atheist and a Radical Orthodox Christian theologian square off on everything from the meaning of theology and Christ to the war machine of corporate mafia. What matters is not so much that Žižek is endorsing a demythologized, disenchanted Christianity without transcendence as that he is offering in the end, despite what he sometimes claims, a heterodox version of Christian belief. John Milbank: To put it even more bluntly, my claim is that it is Milbank who is effectively guilty of heterodoxy, ultimately of a regression to paganism. In my atheism, I am more Christian than Milbank. Slavoj Žižek: In this corner, philosopher Slavoj Žižek, a militant atheist who represents the critical materialist stance against religion's illusions. In the other corner, Radical Orthodox theologian John Milbank, an influential and provocative thinker who argues that theology is the only foundation upon which knowledge, politics, and ethics

can stand In *The Monstrosity of Christ* i ek and Milbank go head to head for three rounds employing an impressive arsenal of moves to advance their positions and press their respective advantages By the closing bell they have not only proven themselves worthy adversaries they have shown that faith and reason are not simply and intractably opposed i ek has long been interested in the emancipatory potential offered by Christian theology And Milbank seeing global capitalism as the new century s greatest ethical challenge has pushed his own ontology in more political and materialist directions Their debate in *The Monstrosity of Christ* concerns the future of religion secularity and political hope in light of a monsterful event God becoming human For the first time since i ek s turn toward theology we have a true debate between an atheist and a theologian about the very meaning of theology Christ the Church the Holy Ghost Universality and the foundations of logic The result goes far beyond the popularized atheist theist point counterpoint of recent books by Christopher Hitchens Richard Dawkins and others i ek begins and Milbank answers countering dialectics with paradox The debate centers on the nature of and relation between paradox and parallax between analogy and dialectics between transcendent glory and liberation Slavoj i ek is a philosopher and cultural critic He has published over thirty books including *Looking Awry* *The Puppet and the Dwarf* and *The Parallax View* these three published by the MIT Press John Milbank is an influential Christian theologian and the author of *Theology and Social Theory Beyond Secular Reason* and other books Creston Davis who conceived of this encounter studied under both i ek and Milbank

*I Don't Have Enough Faith to Be an Atheist* Norman L. Geisler, Frank Turek, 2021-05-17 To some the concept of having faith in a higher power or a set of religious beliefs is nonsensical Indeed many view religion in general and Christianity in particular as unfounded and unreasonable Norman Geisler and Frank Turek argue however that Christianity is not only more reasonable than all other belief systems but is indeed more rational than unbelief itself With conviction and clear thinking Geisler and Turek guide readers through some of the traditional tested arguments for the existence of a creator God They move into an examination of the source of morality and the reliability of the New Testament accounts concerning Jesus The final section of the book deals with a detailed investigation of the claims of Christ This volume will be an interesting read for those skeptical about Christianity as well as a helpful resource for Christians seeking to articulate a more sophisticated defense of their faith

His stories offer great insights into the modern life of man and women, their inner struggle and problems they face in their search for meaning and true spirituality. The external influences of the corrupted individuals and society as well as main reasons and internal sources of corruption could be found in our closest surroundings. These stories in a nutshell deal with the current lack of morality, truth and spiritual guidance in everyday life as well in male/female relationships. Vladimir sheds the light on possible underlying problems and their true origin in human misconceptions, blurred moral vision and false beliefs.

**How to Talk About Atheism** Creation Liberty Evangelism, Christopher J.E. Johnson, 2014-06-13. The atheist cannot justify the existence of the laws of logic which means the atheist cannot be logical.

Off the Hook Earl Wayne Heflinger, 2018-03-15. The author uses his own personal story of being born into a Christian fundamentalist family with extreme beliefs to paint a vivid picture of what life is like in toxic ideologies such as fundamentalist religion. The book has three parts. The first describes the spiritual abuse of his childhood due to stifling rules and restrictions inflicted by his parents caught up in their church's teachings on his thought processes and behavior. The remarkably poignant stories show in painful detail how his self-esteem was crushed, how he was never intended to think for himself and how he was made to feel different and totally out of place in the world all by loving but misguided parents. During his school days his social life was severely stunted because he felt like an outsider everywhere but in church. The second part discusses his lifelong struggle with spiritual healing and his transition from a spoon-fed belief system to a personally chosen worldview. He thoughtfully muses about all the significant elements of religious/spiritual belief systems: God, Jesus, the Bible, sin, morality, science, life after death, marriage, divorce and others, and contrasts his evolving beliefs with those of organized religion. This is presented to give the reader a comprehensive illustration of how one particular seeker has constructed a personalized belief system through continual rethinking and updated understanding. The third part calls on the author's advanced education and professional experience in business and government in analyzing and developing systems and procedures. It describes with a wealth of tips and checklists the process by which he escaped a toxic ideology and came to feel intellectually free and off the hook. It ends with heartfelt encouragement for anyone similarly affected by repression to accept all available helpful resources and muster the determination to claim their personal power.

Modern Relationships Vladimir Živković, 2019. Men and women evolve. Their love relationships evolve too. In every new era there are different behavioral norms. In the modern age there is no more interesting subject for people than love and sexual relationships and achieving happiness in them. The main subject of this book is bad behavioral patterns of modern people in love relationships as well as unavoidable attaining of self-satisfaction and satisfaction with one's life. This book consists of three parts. The first part deals with generalities on men, women and their dispositions. Because of the inevitable question that arises related to any human being when it comes to luck, love and meaning of life, spirituality and God had to be

a mandatory subject of this book Thus the first part is named Return to God Men and Women and it consists of texts which unite search for the meaning and spirituality of the modern man with its own wishes wants and fallacies of the modern men and women The second part of the book is even more intriguing for the mind of the modern man because it deals with sexuality games of seduction and sexual relationships of both sexes It is called Sexuality and Seduction and the title itself reveals that it s the endeavor of living positive sexuality as well as about the truth that s hidden between people playing games of seduction and manipulation The third part of the book is named Return to God Love Relationships and it is the pinnacle of this delicacy because it reveals many secrets but also mistakes that people nurture in the love relationships and due to them they cannot reach happiness and fulfillment All in all this book carries authenticity originality but also the positive experience because it reveals answers to a very big number of troubling and important questions of the modern people to which other books don t offer answers and if they do they are incomplete or wrong in the most of the cases This can already be reckoned by the incidence of misery and loneliness as well as broken marriages of people of both sexes Even if this book revolts the reader it is also useful for reading in that case Good luck
