God, Hope, and History A. J. Conyers, 1988      **Jürgen Moltmann's Ethics of Hope** Timothy Harvie, 2016-05-06 This book develops a thorough account of the sphere of human moral action in sustained dialogue with Jürgen Moltmann By examining God's role as promise giver particularly in the Christian understanding of resurrection this work describes the occupancy of both history and space in moral terms This leads to an understanding of Jesus' description of the kingdom of God to feature prominently in describing both the possibility and content of human moral action By offering an account of each of the main doctrines found in Moltmann's corpus the role of the future the Trinity the Holy Spirit and anthropology this book locates how each contributes to the understanding of ethics from a Christian perspective and subsequently applies these findings to the contemporary issue of poverty and global economics      **Jürgen Moltmann and Evangelical Theology** Sung Wook Chung, 2012-04-23 Jürgen Moltmann is now regarded as one of the most influential theologians since Karl Barth However evangelical engagement with Moltmann has been hesitant and deficient This book fills the gap Ten respected evangelical theologians engage with Moltmann's theology in a mature dynamic and critical manner seeking to appropriate from it in a discerning manner The contributors include Sung Wook Chung Kurt Anders Richardson Veli Matti Karkainen Stephen N Williams and Timothy Bradshaw This book is an excellent demonstration of intellectual confidence and respectability of robust evangelical theology      **Theology of Jürgen Moltmann** Richard Bauckham, 1995-01-06 The most comprehensive study available of one of the most influential of German Protestant theologians      **Theology of Hope** Jürgen Moltmann, 1993-09-01 The following efforts bear the title Theology of Hope not because they set out once again to present eschatology as a separate doctrine and to compete with the well known textbooks Rather their aim is to show how theology can set out from hope and begin to consider its theme in an eschatological light For this reason they inquire into the ground of the hope of Christian faith and into the responsible exercise of this hope in thought and action in the world today The various critical discussions should not be understood as rejections and condemnations They are necessary conversations on a common subject which is so rich that it demands continual new approaches      **A Spreading and Abiding Hope** Jacob Shatzer, 2015-10-13 Every tradition has its surprising voices its thinkers who look at things slightly differently than most Evangelicalism is no exception Many surprising evangelical voices end up being embarrassments of one sort or another everyone can choose their favorite example of this phenomenon Rather than seeking to expose these sorts of negative surprises this book explores the surprising voice of the late evangelical theologian A J Conyers Conyers's political theology is a resource for a robust evangelical theopolitical imagination By learning from Conyers evangelicals can overcome common weaknesses and engage in a more thoroughly Christian biblical and evangelical approach to the modern world and its various institutions and challenges Conyers speaks beyond evangelicalism as well His vision of the modern world including its development and major challenges provides insight into contemporary political theology His work on the nation state free

market capitalism and the notions of toleration and vocation speaks into and advances important debates Thus Conyers's evangelical political theology provides both the evangelical tradition itself as well as political theology as a broader discipline with a compelling and challenging vision

Rediscovering the Triune God Stanley James Grenz, 2004 The last century has witnessed a revival and renewal of trinitarian theology led initially by Karl Barth The legendary puzzles of trinitarian theology have become especially vexing in an era of changed philosophical and cultural categories and a host of religious thinkers in the last century have tried to reformulate the main lines of thought about God's trinitarian life Theologian Stanley Grenz here tells this story of trinitarian theology reporting and analyzing the remarkable ferment in the discipline and discussing especially eleven theologians on such issues as God's inner life vs God's relationship to creation immanent and economic trinity social vs psychological analogies for the relationships within God the relationship between trinity and Christology the feminist critique of classical categories and how God's trinitarian life figures in evolution social justice and spirituality Grenz's Introduction places this ferment historically in the course of Christian thought from the patristic period to now while his Conclusion sets a future agenda for the doctrine and theology

**Theology as Hope** Ryan A. Neal, 2009-01-01 Hope is the leitmotiv of Jurgen Moltmann's theology Not merely one aspect of his project hope is the whole of it the supreme doctrine interpenetrating all others Indeed hope is his method The present study is both historical and developmental while also being analytical and interrogative This chronological exploration seeks to show the nature composition and development of Moltmann's doctrine of hope as the distinctive doctrine of his theology implicating all others Part I establishes Moltmann's doctrine of hope as grounded in God's faithfulness in the cross and resurrection Part II investigates major doctrines in his project in light of this ground This design seeks to take advantage of the chronological approach while also integrating the best elements of a topical approach

The Journey of Modern Theology Roger E. Olson, 2013-11-01 In this major revision and expansion of the classic 20th Century Theology 1992 coauthored with Stanley J Grenz Roger Olson tells the full story of modern theology from Descartes to Caputo from the Kantian revolution to postmodernism now recast in terms of how theologians have accommodated or rejected modernity

**Thriving in Babylon** David B. Capes, J. Daryl Charles, 2011-01-01 This delightfully multifaceted volume comprised of thoughtful essays by an esteemed array of cultural critics probes the intersection of Christian faith and culture to honor the memory of A J Chip Conyers a remarkably ecumenical Christian scholar and cultural warrior whose premature death in 2004 cut short a remarkable career in teaching and writing As those who knew him can attest Conyers lived his life at the intersection of Christian theology and cultural concern with a singular blend of astuteness gracefulness and Christian conviction This festschrift as esteemed theologian and Conyers's mentor Jurgen Moltmann indicates in the foreword is intended to mirror Conyers's own commitment to incisive cultural criticism and theological faithfulness in the mold of the great tradition This is no small achievement even for so venerable a cast of scholars as the contributors to this volume as Conyers crossed interdisciplinary boundaries in a day of escalating hyper

specialization with the greatest of ease He was comfortable discussing contemporary church life or the christological controversy of the patristic era Heideggerian hermeneutics or human dignity and the imago Dei faith and the Enlightenment or the fatherhood of God Catholic substance or Protestant reform Yet Conyers always did this through the lens of historic Christian orthodoxy Though he was a most incisive student of culture in a most refreshing way he steered clear of being co-opted by the currents of culture Neither retreating into pious devotionism nor opting for the theologically unreflective activism that has become so chic in our post consensus climate he embodied a theological perspective that blends responsible cultural engagement with eschatological hope The reader is sure to encounter the same blend in this festschrift and to come away both challenged and edified toward fulfilling the message and hope of Conyers life and work to faithfully thrive in Babylon

*Born of Water, Born of Spirit* Sheryl A. Kujawa-Holbrook, 2010-04-07 What does the church look like if we take the ministry of the baptized the priesthood of all believers seriously How are congregations transformed when the church supports and affirms the ministry of all the baptized particularly in small congregations without the means to hire a seminary trained pastor And what ecclesial structures and educational models need to emerge in the next decades to assist these small congregations in the recovery of baptismal living and their own vitality Sheryl Kujawa Holbrook and Fredrica Harris Thompsett explore these questions as well as the variety of ways people in small congregations many with no more than fifty members are living out their baptism and the impact their actions are having on their congregations judicatories and communities and the institutions that educate clergy The authors argue that just because a community cannot pay a seminary trained minister a growing problem in remote regions it does not mean that there is no ministry there It does mean that we need to look at ministry and the church in a more expansive way The stories of the congregations revealed in this book serve to inspire us about what is possible when we live intentionally as the reconciling presence of the body of Christ in the world They also educate us about what will be needed in the years to come to lift up still more small congregations for their work in the larger community

**Postmodern, Marxist, and Christian Historical Novels** Lynne W. Hinojosa, 2022-06-15 Postmodern Marxist and Christian Historical Novels Hope and the Burdens of History argues historical novels can help readers receive the burdens of history meaning both the burdens of the past present and future and the burden of living in time and develop a more robust conception of and concrete practice of hope Since the 1960s historical novels have been a dominant literary genre but they have been influenced primarily not by Christian but by postmodern and marxist thinkers and writers This book provides a theological and literary analysis of all three types of historical novels postmodern marxist and Christian and outlines what each school of thought can learn from each other regarding historical understanding and hope Using J rgen Moltmann's theology of hope and Frank Kermode's literary criticism as a theoretical basis the book offers readings of novels by Julian Barnes A S Byatt Kazuo Ishiguro Margaret Atwood Michael Ondaatje Ian McEwan and Ursula LeGuin among others and ends with an extended analysis of Marilynne Robinson's Gilead series

**The Annihilation of Hell** Nik Ansell, 2013-10-01 For J rgen Moltmann Hell is the nemesis of Hope The annihilation of Hell thus refers both to Hell's annihilative power in history and to the overcoming of that power as envisioned by

Moltmann's distinctive theology of the cross in which God becomes all in all through Christ's descent into Godforsakenness. The negation of Hell and the fulfillment of history are inseparable. Attentive to the overall contours and dynamics of Moltmann's thinking especially his *zuzum* doctrine of creation his eschatologically oriented philosophy of time and his expanded understanding of the nature-grace relationship this study asks whether the universal salvation that he proposes can honor human freedom promise vindication for those who suffer and do justice to biblical revelation. As well as providing an in-depth exposition of Moltmann's ideas *The Annihilation of Hell* also explores how a covenantal universalism might revitalize our web of beliefs in a way that is attuned to the authorizing of Scripture and the spirituality of existence. If divine and human freedom are to be reconciled as Moltmann believes the confrontation between Hell and Hope will entail rethinking issues that are not only at the center of theology but at the heart of life itself.

**Death, the End of History, and Beyond** Greg Carey, 2023-01-31 What happens at the end of our lives and of the course of history? Will God bring about a just and peaceful world? What lies beyond this realm and what can we know of the beings who dwell there? In *Death the End of History and Beyond* Greg Carey offers resources for understanding multiple even conflicting ways that the Bible imagines these ultimate realities. Carey opens the Scriptures with a breadth of insight that acknowledges its diversity of viewpoints about what lies beyond the veil centering hope in God's action to bring good out of evil in our lived realities in our personal journeys through death and in visions of resurrection and justice restored. An appendix on preaching also invites clergy to help their communities imagine when and how eschatology can inform our lives today.

**The Resurrection of History** David Bruce, 2014-09-08 Did Jesus really rise from the dead? And does it really matter? In *The Resurrection of History* David Bruce explores what historians theologians and New Testament scholars have said about the resurrection of Jesus from a historical point of view. Bruce argues that scholars don't have to dismiss the scriptural witness that he is risen as metaphor or wishful thinking. Bruce examines the development of the art of history writing and explores the theological possibilities now open to scholars in the twenty-first century. Using contemporary examples Bruce helps his readers come to grips with the interrelationship of history and theology and think like theologically informed historians. Respectful of varying points of view Bruce defends the traditional orthodox view of the resurrection and challenges his readers to consider the implications for Christian faith and witness if in fact the resurrection of Jesus was historical.
