God In A Rolls Royce Father Divine:

God in a Rolls Royce John Hoshor,1936 *African American Religious Thought* Cornel West,Eddie S. Glaude,2003-01-01 Believing that African American religious studies has reached a crossroads Cornel West and Eddie Glaude seek in this landmark anthology to steer the discipline into the future Arguing that the complexity of beliefs choices and actions of African Americans need not be reduced to expressions of black religion West and Glaude call for more careful reflection on the complex relationships of African American religious studies to conceptions of class gender sexual orientation race empire and other values that continue to challenge our democratic ideals *Political and Americana Memorabilia* Heritage-Slater Americana,2005 *Living in the Future* Victoria W. Wolcott,2022-04-21 Living in the Future reveals the unexplored impact of utopian thought on the major figures of the Civil Rights Movement Utopian thinking is often dismissed as unrealistic overly idealized and flat out impractical in short wholly divorced from the urgent conditions of daily life This is perhaps especially true when the utopian ideal in question is reforming and repairing the United States bitter history of racial injustice But as Victoria W Wolcott provocatively argues utopianism is actually the foundation of a rich and visionary worldview one that specifically inspired the major figures of the Civil Rights Movement in ways that haven't yet been fully understood or appreciated Wolcott makes clear that the idealism and pragmatism of the Civil Rights Movement were grounded in nothing less than an intensely utopian yearning Key figures of the time from Martin Luther King Jr and Pauli Murray to Father Divine and Howard Thurman all shared a belief in a radical pacificism that was both specifically utopian and deeply engaged in changing the current conditions of the existing world Living in the Future recasts the various strains of mid twentieth century civil rights activism in a utopian light revealing the power of dreaming in a profound and concrete fashion one that can be emulated in other times that are desperate for change like today **"Or Does It Explode?"** Cheryl Greenberg,1997-03-27 The Great Depression was a time of hardship for many Americans but for the citizens of Harlem it was made worse by past and present discrimination Or Does It Explode examines Black Harlem from the 1920s through the Depression and New Deal to the outbreak of World War II It describes the changing economic and social lives of Harlemites and the complex responses of a resilient community to racism and poverty Greenberg demonstrates that far from remaining passive in the face of hard times Harlemites mobilized to better their opportunities and living conditions through numerous organizations and grass roots political activism Their successes led to changed employment practices and new government programs This progress was not always enough however and the resulting anger of the community twice exploded in riot in 1935 and 1943 The book traces the history of these protests both organized and spontaneous It places them within their political and economic contexts by exploring the diversity of Harlem's family and community life its experiences with work and relief and its interaction with the administrations of New York City and New Deal agencies Encyclopedia of African American Religions Larry G. Murphy,J. Gordon Melton,Gary L. Ward,2013-11-20 Preceded by

three introductory essays and a chronology of major events in black religious history from 1618 to 1991 this A Z encyclopedia includes three types of entries Biographical sketches of 773 African American religious leaders 341 entries on African American denominations and religious organizations including white churches with significant black memberships and educational institutions Topical articles on important aspects of African American religious life e g African American Christians during the Colonial Era Music in the African American Church Psychiatry and Racial Liberalism in Harlem, 1936-1968 Dennis A. Doyle, 2016 Reveals the history of the individuals who worked to make psychiatry more available to Harlem s black community in the early Civil Rights Era Toward the middle of the twentieth century African Americans in New York City began to receive increased access to mental health care in some facilities within the city s mental health system This study documents how and why this important change in public health and in public opinion on race occurred Drawing on records from New York s children s courts Harlem s public schools Columbia University and the Department of Hospitals Dennis Doyle tells here the story of the American psychiatrists and civil servants who helped codify in New York s mental health policies the view that blacks and whites are psychological equals The book examines in particular the events through which these racial liberals working in Harlem gained a foothold within New York s public institutions creating inclusive public policies and ostensibly race neutral standards of care Psychiatry and Racial Liberalism in Harlem 1936 1968 not only contributes to the growing body of historiography on race and medical institutions in the civil rights era but more importantly shows how inveterate racial prejudices within public policy can be overcome Dennis A Doyle is assistant professor of history at the Saint Louis College of Pharmacy *The debate on black civil rights in America* Kevern Verney, 2024-01-16 This book examines the historiography of the African American freedom struggle from the 1890s to the present It considers how and why the study of African American history developed from being a marginalized subject in American universities and colleges at the start of the twentieth century to become one of the most extensively researched fields in American history today There is analysis of the changing scholarly interpretations of African American leaders from Booker T Washington through to Barack Obama The impact and significance of the leading civil rights organizations are assessed as well as the white segregationists who opposed them and the civil rights policies of presidential administrations from Woodrow Wilson to Donald Trump The civil rights struggle is also discussed in the context of wider political social and economic changes in the United States and developments in popular culture The Other Black Church Joseph L. Tucker Edmonds, 2020-12-02 The Other Black Church Alternative Christian Movements and the Struggle for Black Freedom examines the movements led by Father Divine Charles Mason and Albert Cleage later known as Jaramogi Abebe Agyeman as alternative Christian movements in the middle of the twentieth century that radically re envisioned the limits and possibilities of Black citizenship These movements not only rethink the value and import of Christian texts and reimagined the role of the Black Christian prophetic tradition but they also outlined a new model of protest that challenged the language and logic of

Black essentialism economic development and the role of the state By placing these movements in conversation with the long history of Black theology and Black religious studies this book suggests that alternative Christian movements are essential for thinking about African American critiques of and responses to the failures of U S based democracy These prophets of Black theological thought and their attention to the limits of the state and traditional Black religious formations are most fully appreciated when studied in light of their conversations and interactions with other key Black prophetic and theological figures of the mid twentieth century Ultimately The Other Black Church will use those conversations and archives from these movements to highlight their protest of the racial state to explore the limits of the Black church and to argue for their continued significance for thinking about the variety and vibrancy of Black protest specifically Black religious protest during the twentieth century

Uncloudy Days Bil Carpenter, 2005-08 The first true gospel music encyclopedia Uncloudy Days explores the artists who profoundly influenced early rock n roll and soul music and provided inspiration for millions of the faithful BOOK JACKET

Africana Anthony Appiah, Henry Louis Gates (Jr.), 2005 Ninety years after W E B Du Bois first articulated the need for the equivalent of a black Encyclopedia Britannica Kwame Anthony Appiah and Henry Louis Gates Jr realized his vision by publishing Africana The Encyclopedia of the African and African American Experience in 1999 This new greatly expanded edition of the original work broadens the foundation provided by Africana Including more than one million new words Africana has been completely updated and revised New entries on African kingdoms have been added bibliographies now accompany most articles and the encyclopedia s coverage of the African diaspora in Latin America and the Caribbean has been expanded transforming the set into the most authoritative research and scholarly reference set on the African experience ever created More than 4 000 articles cover prominent individuals events trends places political movements art forms business and trade religion ethnic groups organizations and countries on both sides of the Atlantic African American history and culture in the present day United States receive a strong emphasis but African American history and culture throughout the rest of the Americas and their origins in African itself have an equally strong presence The articles that make up Africana cover subjects ranging from affirmative action to zydeco and span over four million years from the earliest known hominids to Sean Diddy Combs With entries ranging from the African ethnic groups to members of the Congressional Black Caucus Africana Second Edition conveys the history and scope of cultural expression of people of African descent with unprecedented depth

False Messiah R. Mack Pumphrey, 2007-04 Pumphrey discusses how Christians can distinguish false prophets from true prophets in a timely fashion According to the author more than 1 000 false Christs appeared in the 20th century Christian

Strangers in the Land Eric J Sundquist, 2009-06-30 The importance of blacks for Jews and Jews for blacks in conceiving of themselves as Americans when both remained outsiders to the privileges of full citizenship is a matter of voluminous but perplexing record A monumental work of literary criticism and cultural history Strangers in the Land draws upon politics sociology law religion and popular culture to illuminate a vital

highly conflicted interethnic partnership over the course of a century *The Enchantments of Mammon* Eugene McCarraher, 2019-11-12 An extraordinary work of intellectual history as well as a scholarly tour de force a bracing polemic and a work of Christian prophecy McCarraher challenges more than 200 years of post Enlightenment assumptions about the way we live and work The Observer At least since Max Weber capitalism has been understood as part of the disenchantment of the world stripping material objects and social relations of their mystery and magic In this magisterial work Eugene McCarraher challenges this conventional view Capitalism he argues is full of sacrament whether one is prepared to acknowledge it or not First flowering in the fields and factories of England and brought to America by Puritans and evangelicals whose doctrine made ample room for industry and profit capitalism has become so thoroughly enmeshed in the fabric of our society that our faith in the market has become sacrosanct Informed by cultural history and theology as well as management theory *The Enchantments of Mammon* looks to nineteenth century Romantics whose vision of labor combined reason creativity and mutual aid for salvation In this impassioned challenge to some of our most firmly held assumptions McCarraher argues that capitalism has hijacked our intrinsic longing for divinity and urges us to break its hold on our souls A majestic achievement It is a work of great moral and spiritual intelligence and one that invites contemplation about things we can't afford not to care about deeply Commonweal More brilliant more capacious and more entertaining page by page than his most ardent fans dared hope The magnitude of his accomplishment an account of American capitalism as a religion will stun even skeptical readers Christian Century Congressional Record United States. Congress, 1938 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in *The Debates and Proceedings in the Congress of the United States* 1789 1824 the *Register of Debates in Congress* 1824 1837 and the *Congressional Globe* 1833 1873 **Black Liberation/red Scare** Gerald Horne, 1994-07 *Black Liberation Red Scare* is a study of an African American Communist leader Ben Davis Jr 1904-64 Though it examines the numerous grassroots campaigns that he was involved in it is first and foremost a study of the man and secondarily a study of the Communist party from the 1930s to the 1960s By examining the public life of an important party leader Gerald Horne uniquely approaches the story of how and why the party rose and fell Ben Davis Jr was the son of a prominent Atlanta publisher and businessman who was also the top African American leader of the Republican party until the onset of the Great Depression Davis was trained for the black elite at Morehouse Amherst and Harvard Law School After graduating from Harvard he joined the Communist party where he remained as one of its most visible leaders for thirty years In 1943 after being endorsed by his predecessor Adam Clayton Powell Jr he was elected to the New York City Council from Harlem and subsequently reelected by a larger margin in 1945 Davis received support from such community figures as NAACP leader Roy Wilkins boxer Joe Louis and musician Duke Ellington While on the council Davis fought for rent control and progressive taxation and struggled against

transit fare hikes and police brutality With the onset of the Red Scare and the Cold War Davis like the Communist party itself was marginalized The Cold War made it difficult for the U S to compete with Moscow for the hearts and minds of African Americans while they were subjected to third class citizenship at home Yet in return for civil rights concessions African American organizations such as the NAACP were forced to distance themselves from figures such as Ben Davis In 1949 he was ousted unceremoniously and perhaps illegally from the City Council He was put on trial jailed in 1951 and not released until 1956 when the civil rights movement was gathering momentum His friendship with the King family based upon family ties in Atlanta was the ostensible cause for the FBI surveillance of Dr Martin Luther King Jr and COINTELPRO the counterintelligence program of the FBI which was aimed initially at the CP USA made sure to keep a close eye on Davis as well But when the civil rights movement reached full strength in the 1960s Davis s controversial appearances at college campuses helped to set the stage for a new era of activism at universities Davis died in 1964 According to Horne the time has now come when he along with his good friend Paul Robeson and W E B DuBois should be regarded as a premier leader of African Americans and the U S Left during the twentieth century BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved *The New Black Gods* Edward E. Curtis IV, Danielle Brune Sigler, 2009-04-23 Taking the influential work of Arthur Huff Fauset as a starting point to break down the false dichotomy that exists between mainstream and marginal a new generation of scholars offers fresh ideas for understanding the religious expressions of African Americans in the United States Fauset s 1944 classic *Black Gods of the Metropolis* launched original methods and theories for thinking about African American religions as modern cosmopolitan and democratic The essays in this collection show the diversity of African American religion in the wake of the Great Migration and consider the full field of African American religion from Pentecostalism to Black Judaism Black Islam and Father Divine s Peace Mission Movement As a whole they create a dynamic humanistic and thoroughly interdisciplinary understanding of African American religious history and life This book is essential reading for anyone who studies the African American experience **Mystics and Messiahs** Philip Jenkins, 2000 In this full length account of cults and anti cult scares in American history Jenkins gives accurate historical perspective and shows how many of today s mainstream religions were originally regarded as cults

Opportunity Charles Spurgeon Johnson, 1935 *Great Awakenings* Frank Hoffmann, Marshall Fishwick, Beulah B Ramirez, 2013-11-12 As religious fervor grows Dr Fishwick a recipient of the Ray and Pat Browne Award for Lifetime Achievement from The American Culture Association takes a sweeping look at religion in the United States the country with the highest church attendance in the Western world Popular religion can take many shapes and forms It can wax and wane but it cannot be eliminated or ignored That is what prompted him to write *Great Awakenings* Popular Religion and Popular Culture He ponders how religion affects American life and popular culture and why religion has become a major force in contemporary politics How has the Electronic Revolution furthered the religious right What does popular religion tell us

about popular culture And about our faith He identifies and explores five great religious revivals or Great Awakenings the Atlantic Seaboard Awakening the Urban Awakening the Modernist Awakening the Celebrity Preacher Awakening the Electronic Awakening Fishwick explores the current events preceding and during each awakening its leaders followers and critics Great Awakenings gives a new understanding of the American religious past and leaves us with an anticipation for the next great awakening
