**Karl Barth's Theology as a Resource for a Christian Theology of Religions** Sven Ensminger, 2014-08-28 This book uses Karl Barth's theology as a resource for Christian theology of religions For this purpose it examines Barth's theology under the doctrinal aspects of revelation revelation and religion theological anthropology and election addressing questions such as the possibility of and context for revelation Barth's understanding of religion the theological approach to the human being and soteriology Furthermore Barth's thought is put into conversation with other approaches in the field of theology of religions notably Karl Rahner's inclusivism and John Hick and the pluralist paradigm It is shown that Barth's theological system as a whole can serve as a resource for the Christian approach to and interaction with those of other faiths or no faith at all This is achieved through maintaining a balance between the commitment to the own faith and the openness to the sovereignty of God impacting the whole of creation Central to Barth's approach is the challenge to the Christian community to see their presuppositions challenged in the most unexpected circumstances while looking beyond human categories to affirm the dignity bestowed upon all of humanity through the divine Yes in the person Jesus Christ Barth's theology with its starting point in the person of Jesus Christ is advocated as a framework for the members of the Christian community as they live alongside those with a different faith from their own

**God in Action. Theological Addresses ... English Translation by E.G. Homrighausen ... Karl J. Ernst, Etc** Karl Barth, Karl Julius ERNST, Elmer George HOMRIGHAUSEN, 1936

**Theological Hermeneutics and 1 Thessalonians** Angus Paddison, 2005-05-05 This book proposes a theological reading of 1 Thessalonians making an important response to the increasing demand to relate biblical scholarship more closely to theological concerns Paddison's interpretation adheres very closely to the text and is divided into three parts Part I offers a theological critique of dominant historical critical readings of 1 Thessalonians Part II examines the history of interpretation of 1 Thessalonians focusing on the pre Modern exegesis of Thomas Aquinas and John Calvin Paddison explores what theological exegetes can learn from Thomas Aquinas *Lectura* and John Calvin's commentary on 1 Thessalonians Aided by the insights of these neglected pre Modern commentators Part III presents a theologically driven interpretation of the letter Theological exegesis is practised as a dialogue with Paul the canon and a plethora of theological voices to elucidate Paddison's central argument that the astonishing subject matter of 1 Thessalonians is God's all powerful hold over death

*Theology's Epistemological Dilemma* Kevin Diller, 2014-10-24 Karl Barth and Alvin Plantinga are not thought of as theological allies Barth is famous for his

opposition to philosophy's role in theology while Plantinga is famous for his emphasis on warranted belief Kevin Diller argues that they actually offer a unified response to the central epistemological dilemma in theology *The Wiley Blackwell Companion to Liturgical Theology* Porter C. Dalferth, 2016-07-01 Ingolf U. Dalferth develops a radical theology that unfolds the orienting strength of faith for human life from the event of God's presence to every present In a concise and clear manner Dalferth outlines the theological and philosophical approaches to hermeneutics in the modern era in order to promote a convincing and defensible theology for the twenty-first century critically carrying on Martin Heidegger and Rudolf Bultmann without forgetting Karl Barth The result of his reconstruction is a radical theology that neither glorifies premodern theology in an antimodern attitude nor seeks a mystical deepening of the secular but argues for a radical change in theological perspective of the possible In doing so theology unfolds limit concepts that restrict the claims of science and philosophy critically and develops ideas of orientation that illumine the ways in which human life is

understood and lived in radically new ways in faith From here Dalferth unfolds the reality of revelation and the Christian sense of an unconditional hope that fundamentally transcends all beliefs based on mundane realities and orients the world on something beyond its own temporal horizon its loving Creator      **Theology for a Scientific Age** Arthur Robert

Peacocke,1993 This second expanded edition of Arthur Peacocke s seminal work now includes the author s Gifford Lectures as well as a new part three in which he deals roundly with the central corpus of Christian belief for a scientific age Distinctively theological commitments are being rethought in light of scientific apprehensions of nature Ted Peters Zygon

Nature and Time Dong In Baek,2024-12-30 Unveil the intricate tapestry of faith and reason in Nature and Time Integrative Dialogues in History and Theology This insightful work bridges the gap between traditional Christian thought and contemporary scientific understanding Delving deep into the evolving role of natural theology it explores how human reason and empirical observation intertwine with divine revelation From the hierarchical dance between natural and revealed theology to the pressing political and ecological challenges of our time this book offers a fresh lens through which to view the divine in the modern world Journey through philosophical perspectives on time understand divine action in new dimensions and grapple with the global struggle against oppression all while discovering the enduring relevance of natural theology By weaving together insights from ecology cosmology and neuroscience it fosters a dynamic dialogue that enriches both science and spirituality Whether a theologian seeking depth a scientist exploring beyond the empirical or a curious mind yearning for meaning this book invites the reader to a transformative exploration Engage with a framework that not only addresses the complexities of the world but also fosters a deeper understanding of the divine in every aspect of life      An Actological

Theology Malcolm Torry,2024-05-30 An actology introduced by the first book in this series Actology Action Change and Diversity in the Western Philosophical Tradition understands reality as action in changing patterns Actological Readings in Continental Philosophy reads a number of continental philosophers through this lens and An Actology of the Given explores the concepts of the gift givenness and giving in the light of reality understood as action in changing patterns Mark s Gospel An Actological Reading is what it says it is An Actological Metaphysic is a more systematic treatment of cosmology and of such concepts as truth knowledge causality time space life and society to see what happens when they are understood actologically that is with reality understood as action in changing patterns An Actological Theology similarly asks what Christian theology might look like if God the universe ourselves and everything else is understood as action in changing patterns      **The Theological Turn in Youth Ministry** Andrew Root,Kenda Creasy Dean,2011-09-12 The questions our

youth have are often the same ones that perplexed the great theologians Andrew Root and Kenda Creasy Dean invite you to envision youth ministries full of practical theologians Follow them into reflection on your own practice of theology and learn how to share that theology through rich conversation and purposeful experience      **Hermeneutical Community** C. S.

Barefoot,2024-12-23 Many Western initiatives exist for theological development in the majority world but how often do

practitioners from the West pause to examine the role they should play in that endeavor Missions history and church history have revealed inadequacies of imposing foreign theology on local churches yet the alternative of withdrawing from local theological development appears equally problematic If therefore the outsider s role is neither to impose theology nor withdraw from the task then what is his or her role Hermeneutical Community addresses this fundamental question and seeks to lay a sound missiological foundation for local theological development

**Concise Marrow of Theology** Johann Heinrich Heidegger, 2021-09-08 Casey Carmichael s translation and Ryan Glomsrud s historical introduction make a significant contribution to historical studies of Reformed Scholasticism It acquaints English readers with a significant though largely forgotten theologian and his efforts to secure a solid program for advancing in systematic theology Concise Marrow displays the elementary points of all the main topics of dogma forming a theological primer for beginners It is characterized by succinct definitions and ample biblical support apt for setting a good foundation and starting point for deeper theological reflection

**Common Sense Theology Addressing Ancient Errors in the Modern Church** James F. McColloch, **The Culture of Theology** John Webster, 2019-10-15 John Webster one of the world s leading systematic theologians published extensively on the nature and practice of Christian theology This work marked a turning point in Webster s theological development and is his most substantial statement on the task of theology It shows why theology matters and why its pursuit is a demanding but exhilarating venture Previously unavailable in book form this magisterial statement now edited and critically introduced for the first time presents Webster s legendary lectures to a wider readership It contains an extensive introductory essay by Ivor Davidson

**Towards Baptist Catholicity** Steven R. Harmon, 2006-08-01 Towards Baptist Catholicity Essays on Tradition and the Baptist Vision contends that the reconstruction of the Baptist vision in the wake of modernity s dissolution requires a retrieval of the ancient ecumenical tradition that forms Christian identity through liturgical rehearsal and ecclesial practice Themes explored include catholic identity as an emerging trend in Baptist theology tradition as a theological category in Baptist perspective the relationship between Baptist confessions of faith and the patristic tradition the importance of Trinitarian catholicity for Baptist faith and practice catholicity in biblical interpretation Karl Barth as a paradigm for a Baptist and evangelical retrieval of the patristic theological tradition worship as a principal bearer of tradition and the role of Baptist higher education in shaping the Christian vision This book submits that the proposed movement towards catholicity is neither a betrayal of cherished Baptist principles nor the introduction of alien elements into the Baptist tradition Rather the envisioned retrieval of catholicity in the liturgy theology and catechesis of Baptist churches is rooted in a recovery of the surprisingly catholic ecclesial outlook of the earliest Baptists an outlook that has become obscured by more recent modern reinterpretations of the Baptist vision and that provides Baptist precedent of a more intentional movement towards Baptist catholicity today

*The Possibilities of Theology* John Webster, 1994-01-01 These essays by leading British and North American theologians are a tribute to Eberhard J ngel one of the world s foremost

Christian thinkers and an interpretation and evaluation of his work Each essay analyses a central theme showing the importance and impact of Jungel's thought in constructive contemporary theology

**T. F. Torrance's Reconstruction of Natural Theology** Alexander J. D. Irving, 2019-07-15 T F Torrance's proposal for natural theology constitutes one of the most creative and provocative elements in his work By re-envisioning natural theology as the cognitive structure of theology determined by God's self-revelation in Jesus Christ and not as the task of philosophically reflecting on the nature or existence of God aside from religious presuppositions Torrance moves through and beyond Barth's resistance to natural theology This book establishes Torrance's unique reconstruction of natural theology within its proper intellectual context providing a fresh analysis of this important methodological innovation as it emerges from Torrance's realist epistemology As Irving demonstrates in Torrance's distinctive conception of science he operated with an approach to cognition that functions via a realist synthesis of experience and understanding and in Torrance's theological science this synthesis of experience and understanding is the synthesis of revealed theology and natural theology The author argues that this reconstruction of natural theology expresses a dramatic vision for human agency within theological cognition adding the necessity of the human knowing subject to the priority of the divine revealer Finally this book marries Torrance's accomplishments in reconstructing natural theology to his Christocentric theological method in which God is both revealed and known in the person of Jesus Christ fully God and fully human

**Karl Barth's Christological Ecclesiology** Kimlyn J. Bender, 2017-03-02 Many of Barth's theological themes such as revelation and election have received numerous scholarly examinations whilst Barth's doctrine of the church has been largely ignored Yet Barth entitled his massive systematic theological opus the Church Dogmatics and the church was a central element of his thought from first to last This book seeks to fill a lacuna in studies of Barth's theology presenting the first comprehensive examination of Karl Barth's doctrine of the church in over three decades Kimlyn Bender examines Barth's ecclesiological thought from his early theological treatises to his massive unfinished dogmatics in light of his interaction with both Roman Catholicism and Protestant Liberalism A special emphasis is placed upon Barth's mature ecclesiology in the Church Dogmatics

**Preaching Must Die!** Jacob D. Myers, 2017-10-18 The real question for homiletics in our increasingly postmodern post-Christian contexts is not how we are going to prevent preaching from dying but how we are going to help it die a good death Preaching was not made to live At most preaching is a witness a sign a crimson X marking a demolition site The church has developed sophisticated technologies in modernity to give preaching the semblance of life belying the truth preaching was born under a death sentence It was born to die Only when preaching embraces its own death is it able to live This book then is a bold homiletical manifesto against preaching in support of preaching and beyond preaching to the entire worship experience It troubles modern homiletical theologies in light of the trouble always already at work within preaching Hereby it supports a way of preaching and teaching preaching that moves counter to the wisdom of this world It aims to join in God's self-revealed

counterlogic of superabundance that saturates and thereby breaks open worldly systems of thought and practice The purpose of this book is to expose preaching to its own death to help it embrace its death so that it can discover what eternal and abundant life might look and feels like
